Inasmuch as prices were received directly from the manufacturers, authority is requested to dispense with publicly advertising for prices and award contracts, without public advertisement, to the two companies who submitted the lowest prices. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amounts of contracts will be as follows:

Mueller Company, $3,170, less 2 per cent discount, 15th proximo, net, 30 days later; Hays Manufacturing Company, $1,665, less 2 per cent, tenth proximo, or net, 45 days from date of shipment.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

HOSPITAL DEPARTMENT.

BOSTON, March 11, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Roxbury Mattress Corporation, 121 Lamartine street, Jamaica Plain, Mass., for remaking mattresses, pillows, and chair cushions, Boston City Hospital, for the period beginning April 1, 1955, and ending March 31, 1956, at the unit prices set forth below:

Regular hair mattresses, tufted, 36 inches x 78 inches x 4½ inches, boxed, $8.50 per mattress.

Cot hair mattresses, tufted, 2 feet 6 inches x 6 feet 2 inches, $8 per mattress.

Chair cushions (hair), $2.15 per cushion.

Feather pillows, 18 inches x 29 inches, $1 per pillow.

The total contract price is not to exceed the sum of $6,000.

This firm has performed the same type of service in a very satisfactory and efficient manner for the past three years, and the unit prices for the ensuing year are the same as those stated in the contract which is to expire on March 31, 1955.

The trustees are of the opinion that nothing would be gained by publicly advertising for bids for this work, and, furthermore, it is the opinion of the trustees that the interests of the city would best be served by awarding the new contract, without advertising, to Roxbury Mattress Corporation at the unit prices aforementioned.

Respectfully yours,

BOARD OF TRUSTEES OF THE HOSPITAL DEPARTMENT,
RICHARD J. CONDON,
President.

LIBRARY DEPARTMENT.

BOSTON, March 29, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that your Honor approve the award of a contract, without public advertising, to the Recordak Corporation, 444 Madison avenue, New York, for the purchase of films and spools for the period April 1, 1955, through March 31, 1956.

The films and spools are needed in connection with the new photographic book charging equipment which has been in use in the Central Library building and in several branch libraries during the past five years. Since the equipment is rented from the Recordak Corporation on a contractual basis it is necessary to purchase the films and spools from that company. The cost of these items for the period of the contract will not be in excess of $2,000. The trustees have therefore

"Voted, That there be awarded, without public advertising, to the Recordak Corporation, 444 Madison avenue, New York City, a contract for the purchase of films and spools for the period April 1, 1955, through March 31, 1956, at prices per unit as follows: Roll of 200-foot fine grain Recordak panchromatic safety film, $6.40; 16 mm. 100-foot receiving spool, 30 cents."

Inasmuch as the total cost for the films and spools will exceed one thousand dollars ($1,000), there is requested permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,
by JOHN CONNOLLY,
Assistant to the Director, and Chief Executive Officer.

—

BOSTON, March 29, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that your Honor approve the award of a contract, without public advertising, to the Recordak Corporation, 444 Madison avenue, New York, for the rental of

photographic book charging equipment for the period April 1, 1955, through March 31, 1956.

This equipment is needed in connection with the new book charging system which has been in effect in the Central Library building and in several branch libraries during the past five years. Experience indicates that the use of photographic book charging devices is a more efficient and more economical method than the old hand-charging method. These items of equipment are patented and may be rented only from the Recordak Corporation. The cost of the rental of the equipment for the period of the contract will be approximately $5,000. The trustees have therefore

"*Voted*, That there be awarded, without public advertising, to the Recordak Corporation, 444 Madison avenue, New York City, a contract for the rental of book charging equipment for the period April 1, 1955, through March 31, 1956, at rates per month as follows: Recordak junior microfilm, Model JC or JCX, $17.50; Recordak reader, Model PH, $8.50; Recordak reader, Model PFR or P10-31R, $7.50; Recordak reader, Model PD or P10, $5; Recordak voltage regulator, $5."

Inasmuch as the total cost for the rental of this equipment will exceed one thousand dollars ($1,000), there is requested permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,
by JOHN CONNOLLY,
Assistant to the Director, and Chief Executive Officer.

—

BOSTON, March 31, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that you approve the signing of a service agreement, without public advertising, with the General Alarm Corporation, 89 Broad street, Boston, for the period April 1, 1955, through March 31, 1956, for furnishing inspection service for the combination watchman-recording and fire alarm system in the Central Library building. In 1951 the equipment for the system was installed by the General Alarm Corporation and the servicing of this equipment can be obtained only from the General Alarm Corporation. The trustees have therefore

"*Voted*, That there be entered into with the General Alarm Corporation, 89 Broad street, Boston, a service agreement for the period April 1, 1955, through March 31, 1956, for furnishing of inspection service for the combination watchman-recording and fire alarm system in the Central Library building, the total fee for such service not to exceed one thousand one hundred ninety-nine dollars ($1,199)."

Inasmuch as the total cost for this service will exceed one thousand dollars ($1,000), your permission to enter into this agreement without publicly advertising for bids is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,
by JOHN CONNOLLY,
Assistant to the Director, and Chief Executive Officer.

BOSTON, March 31, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that you approve the signing of an agreement with the New England Deposit Library for the storage of books and other library materials for the period April 1, 1955, through March 31, 1956.

The New England Deposit Library building is located at 135 Western avenue, Allston. The institution was created by action of the General Court of the Commonwealth of Massachusetts under the terms of chapter 240 of the Statutes of 1941. The act names the Boston Public Library as a "Participating Institution" together with the Massachusetts State Library, the Boston Athenaeum, Boston College, Boston University, Simmons College, the Massachusetts Historical Society, and other libraries, for the purpose of providing storage space for books and other library materials for which there is only occasional use and for which storage space is not available in intensively used library buildings. The "Participating Institutions" share cooperatively in the low-cost housing arrangements provided by the New England Deposit Library in accordance with a schedule of rates standard for all "Participating Institutions."

The trustees of the Public Library have voted "that there be entered into with the New England Deposit Library, 135 Western avenue, Allston, an agreement for the rental during the period April 1, 1955, through March 31, 1956, of storage space therein for books and other library materials belonging to the Boston Public Library, in accordance with the rates for storage space formally adopted by the governing board of said New England Deposit Library." In voting to enter into this agreement, the trustees have set a limit of $9,145.50 on the amount to be expended for storage space for the period of the agreement.

Your approval of the agreement is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,
by JOHN CONNOLLY,
Assistant to the Director, and Chief Executive Officer.

—

BOSTON, March 31, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that you approve the signing of a service agreement, without public advertising, with the International Business Machines Corporation, for the period April 1, 1955, through March 31, 1956, for the preparation of classified reports from punched record cards furnished by the library in connection with the expenditures for books and other library material. During the period of the agreement the cost of the service will be approximately $2,100.

No useful purpose, it is believed, would be served by obtaining competitive bids. Not only would a disruption of the record-keeping system of the Library's Book Purchasing Department result from the transfer of the work to another concern, but an investigation of the rates charged by other companies rendering similar services indicates that no saving would result from such transfer. The trustees have therefore

"*Voted*, That there be entered into with the International Business Machines Corporation, 590 Madison avenue, New York, a service agreement for the period April 1, 1955, through March 31, 1956, for the preparation of classified reports from punched record cards in connection with the expenditures for books and other library material, the total fee thus charged to be subject to terms, agreements, and conditions set forth in said agreement."

Inasmuch as the total cost for this service will exceed one thousand dollars ($1,000), your permission to enter into this agreement without publicly advertising for bids is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,
by JOHN CONNOLLY,
Assistant to the Director, and Chief Executive Officer.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Rossano Construction Company, Inc., for modernization of toilet facilities at the Abraham Lincoln School, from March 31, 1955, to May 13, 1955. This extension was requested due to a manufacturer's delay in the shipment of tile floor and fixtures.

FIRE DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with J. D'Amico, Inc., 49 Ellison avenue, Dorchester, for installing conduit underground in Topliff street, Dorchester, from January 20, 1955, to April 30, 1955. This extension was requested because the materials for permanent pavement could not be obtained.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with C. Russo, Inc., for sewerage works in Leighton road, Dodge road, Kristin court, and Eastmont road, Hyde Park, from April 7, 1955, to May 7, 1955. This extension was requested because the contractor encountered an excessive amount of rock.

—

Approval has been given for the extension of the time of completion of the contract with C. Jiustino, Incorporated, 36 Upland avenue, Dorchester, for furnishing steel pipes and laying steel and cast-iron water pipes across Long Island Bridge from Moon Island to Long Island, Boston Harbor, from March 31, 1955, to May 31, 1955. This extension was requested because the steel pipe delivery was late and because of the inclement weather at the present time.

—

Approval has been given for the extension of the time of completion of the contract with John J. Botti, 1050 Adams street, Dorchester, for bituminous concrete sidewalks in Bellevue street and Neponset avenue, from December 31, 1954, to July 1, 1955. This extension was requested because this contract was not approved until December 31, 1954, and the contractor was unable to start work during the winter months.

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Thursday, March 31, 1955.

Special meeting of the City Council, held in the Council Chamber, City Hall, at 2 P.M., Senior Member White in the chair. Absent, Councillor Hurley.

The meeting was opened with the salute to the Flag.

The meeting was held pursuant to the following call:

Boston City Council,
March 29, 1955.

To the Members of the City Council.
Gentlemen:

You are hereby requested to assemble in the City Council Chamber, City Hall, on Thursday, March 31, 1955, at two o'clock P.M., for the purpose of taking action on the appropriation and tax orders for the year 1955.

Respectfully,
WILLIAM F. HURLEY,
President.

Placed on file.

REPORT OF COMMITTEE ON APPROPRIATIONS AND FINANCE.

Coun. HAILER, for the Committee on Appropriations and Finance, submitted the following:

In submitting the city budget for the fiscal year 1955 for the Committee on Appropriations and Finance, I, as chairman of the committee, would like to extend my appreciation to the members of the committee and to the other members of the City Council who participated in the hearings, as well as the Administrative Services Department, the Boston Municipal Research Bureau, and the Finance Commission, together with the department heads who so ably cooperated and provided a great deal of information and assistance to the committee. Their work enabled the Committee on Appropriations to expedite and present a sound series of cuts toward making greater economy and efficiency in city government.

We will not in this report attempt to enumerate all cuts, but some, of necessity, require an additional word of explanation.

1. The reductions made in General Relief and Old Age Assistance in the Welfare Department are the result of a reappraisal of the case load in each of these items by the Public Welfare Department.

2. While the committee is in complete sympathy with the idea and value of an Art Festival, it does not believe that it would be consistent with its policy of requiring detailed information before approving any expenditures if it did not require the persons responsible to submit a detailed budget for its approval. This matter has been discussed with the Director of Public Celebrations, who agreed to recommend that this item, properly supported in detail, be included in the supplementary budget.

RECOMMENDATIONS OF THE COMMITTEE ON APPROPRIATIONS AND FINANCE.

1. To continue to expedite modernization of the City Printing Plant, with the view towards continual savings, eventually doing all offset printing work at a substantial saving to the city.

2. That the Administrative Services Department make a study of the jury system in operation in Suffolk County and the manner in which jury lists are established and printed. This would effect savings in time and the expense of printing different forms.

3. That a survey be made by the Administrative Services Department relative to all elevator servicing contracts in both city and county buildings, as we feel competitive bidding on such contracts will reduce costs of servicing these elevators.

4. That a study be made relative to legislation towards changing the fiscal year to July 1, so that savings might be realized by not having to borrow money in anticipation of tax revenue. This would allow the city to operate more efficiently; e.g., it would prevent such expenditures as the contract let by the Public Library for an expensive brass rail before the money was appropriated.

With regard to the cuts made in the budget, it should be made clear that each cut was made only after careful deliberation and conference with the department heads concerned and with the Budget Division of the Administrative Services Department. It is not expected that supplementary appropriations will be needed for these specific items.

For the Committee,

FREDERICK C. HAILER, JR.,
Chairman.

The Committee on Appropriations and Finance, to which was referred February 7, 1955, the appropriation and tax orders for the year 1955 submitted by the Mayor, having considered the same, recommends passage of the same with the exception of the following reductions:

Coun. McCORMACK, as a member of the Committee on Appropriations and Finance, requested the unanimous consent of the other members of said committee to amend the report by inserting after clause 4 of the report the following clause 5: "5. That those persons charged with the expenditure of county funds be encouraged wherever and whenever possible to avail themselves of the services of the Purchasing Division of the Administrative Services Department"; and to further amend said report by inserting before the word "it" in the last sentence the words: "with the exception of the Art Festival."

There being no objections by the other members of the Committee on Appropriations and Finance, the report was so amended.

The report of the committee was accepted.

Upon request of Councillor Piemonte the proposed reductions in the budget as recommended by the committee were taken up item by item.

Snow Removal: The recommendation to reduce the appropriation for Snow Removal, Special Appropriations, by $50,000 was passed.

Public Celebrations: The recommendation to reduce the appropriation for Public Celebrations by $15,000 was passed.

Coun. PIEMONTE and FOLEY requested that they be recorded as voting "No" on the reduction of the appropriation for Public Celebrations.

The question then came on the passage of the budget as submitted by the Mayor and as amended. The budget as aubmitted by the Mayor and as amended was passed, yeas 6, nays 0:

Yeas—Councillors Ahearn, Hailer, McCormack, McLaughlin, Piemonte, White—6.

Nays—0.

Voting present: Councillor Foley.

COMMENDATIONS TO COMMITTEE ON APPROPRIATIONS AND FINANCE AND OTHERS.

The following was received:

"The President of the City Council has requested, through his office, that the Acting President convey to the Committee on Appropriations and Finance his most sincere thanks for the outstanding work they have done on this year's budget, and also to thank all those who have assisted the committee and the entire Council in accomplishing the speedy passage of this budget.

"The Director of Administrative Services, the Budget Section of that division, the heads of the various city departments, and the Council attaches also are to be commended for their efforts regarding the hearings on the budget.

"It is a testimonial to the Mayor of Boston and his department heads for the very tight budget which he has submitted to the Council, and the Committee on Appropriations and Finance and the entire Council are to be congratulated in having accomplished over $300,000 in reductions in the budget, consequently saving this amount for the taxpayers of Boston."

Placed on file.

The purpose for which the meeting was called having been accomplished, Chairman WHITE declared the meeting adjourned at 5.33 P.M.

Monday, April 4, 1955.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., Senior Member WHITE in the chair. Absent, Councillors Hurley and Kerrigan.

The Reverend John P. Kelley of St. Thomas More Roman Catholic Church, Braintree, was escorted to the rostrum.

INVOCATION BY REV. JOHN P. KELLEY.

Let us pray. O Almighty and Eternal God, from Whom all authority is derived, bless us, Thy servants who are gathered together in Thy name to transact our business of promoting public welfare. Send forth Thy spirit to come into us and to be with us, to teach us what we are to do and whither we ought to tend, and to show us what we must accomplish so that we may please Thee in all things.

Bless these, the members of the City Council, who have been chosen to rule over us, that they may regard their office as a public trust, and that

they may work always to streagthen the belief in the common man, in the efficiency and honesty of a great democratic government.

Do Thou inspire them always to place the public welfare above their own personal gain, to do good lor others rather than do well for themselves.

Bless us who are ruled that we may be good and loyal Americans. Fill us with Thy spirit of judgment whieh makes us regard prosperity as a blessing coming forth from Thee and not something that can well be an obstacle to Thee.

Bless us with Thy Spirit of humility that is reflected upon us in prayer in dependence upon Thee. Fill us with charity, charity lor all men, friend and foe, that we may offer help in their hour of need. Grant us honor aad respect for all authority.

Lastly, in the issues of government, we turn to Thee in humble prayer that all things may work together for Thy greater glory, our owa sanctification, and to the good of all those around us.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

EXTENSION OF RENT CONTROL.

On motion of Councillor Ahearn the rules were suspended on the order of business to allow him to offer the following order:

Ordered, That chapter 225 of the Acts of 1955 entitled "An Aet Relative to Rent Control" be, and hereby is, accepted by the City of Boston; and be it further

Ordered, That it be, and herehy is, declared that a substantial shortage of rental housing accommodations exists in Boston and that the control of rents in Boston is necessary in the public interest; and be it further

Ordered, That the provisions of chapter 434 of the Acts of 1953, as amended by chapter 496 of the Acts of 1954, be, and hereby are, continued in effect until Decemher 31, 1955.

The order was passed.

CONGRATULATIONS TO TONY DeMARCO.

On motion of Councillor Piemonte the rules were suspended on the order of business to allow the introduction of the following resolution:

Coun. PIEMONTE, HURLEY, and WHITE offered the following:

Whereas, On Friday evening, April 1, 1955, in Boston, Tony DeMareo won the welterweight championship of the world by defeating Johnny Saxton; and

Whereas, This well-earned victory reflects great credit on his parents, his family, his neighbors and friends, his trainer, the well-loved Sammy Fuller, his managers, his priestly advisors of the Christopher Columbus Catholic Center and St. Stephen's Church, the Italian people of Boston, and on the entire City of Boston and particularly on the North End Section ol Boston; and

Whereas, The life story of this young man, as currently being unfolded in most of the Boston newspapers, is an inspiration to all young people in our city; and

Whereas, Tony DeMareo has conducted himself on his meteoric rise to the top in the boxing field in a manner truly befitting a champion; be it therefore

Resolved, That the Boston City Council in meeting assembled extends its most sincere congratulations to Tony DeMareo on his victory and expresses the thanks of the people of Boston for the fine example he has given to the youngsters of our city; and be it further

Resolved, That a copy of this resolution be prepared by the City Clerk for presentation to the new champion and that he be invited to a future meeting of the Council for its presentation.

The resolution was adopted.

CONGRATULATIONS TO TONY DeMARCO.

On motion of Councillor McCormack the rules were suspended on the order of business to allow the introduction of the following resolution:

Coun. McCORMACK and all the members of the Council offered the following:

Whereas, Tony DeMareo, the new welterweight champion of the world is a native son of the City of Boston; and

Whereas, The City of Boston has not had a world champion in the field of sports in a great many years; aad

Whereas, As the son of immigraat parents and a youth in whose honor and principles we can have the utmost laith; be it therelore

Resolved, That the Boston City Council in meeting assembled, extend its sincerest congratulations to Tony DeMareo, the world's newest champion, and convey our best wishes to him in all of his future endeavors to retain his newly-won crown.

The resolution was adopted.

Coun. WHITE in the chair.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weighers of Goods for the term ending April 30, 1956: Francis W. Sprague, 33 Knoll street, Roslindale; Carl H. Olson, 19 Knoll street, Roslindale; George E. White, 12 Pittsburgh street, South Boston.

Referred to the Committee on Confirmations.

FREE USE OF DOWNTOWN SUBWAYS BETWEEN CERTAIN STATIONS.

The following was received:

City of Boston,
Office of the Mayor, April 4, 1955.

To the City Council.

Gentlemen:

I transmit herewith communication from the general manager of the Metropolitan Transit Authority relative to your order of March 14, 1955, concerning the free use of downtown subways by shoppers.

Respectfully,
J. B. HYNES, Mayor.

—

Metropolitan Transit Authority,
March 30, 1955.

Mr. Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

The trustees have directed me to reply to the suggestion in the order of March 14. Both from a practical operating standpoint and the requirements of the existing public ownership law, it would not be possible to make such arrangements.

Very truly yours,
EDWARD DANA,
General Manager.

SURVEY OF STREET MARKINGS IN DORCHESTER AREA.

The following was received:

City of Boston,
Office of the Mayor, April 4, 1955.

To the City Council.

Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your resolution of March 28, 1955, concerning the number of signs in need of replaced markings.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Public Works Department,
April 1, 1955.

Harold B. Flemming,
Chiel Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of March 28:

"Whereas, The streets of the Dorchester district are complex in pattern to those not familiar with the area; and

"Whereas, The locating of streets is difficult to visitors and the drivers of commercial vehicles who make deliveries to Dorchester homes and business places; and

"Whereas, The Dorchester Board of Trade has brought to the attention of the Boston City Council that many of Dorchester's street signs are missing; therefore be it

"Ordered, That the Department of Public Works, through his Honor the Mayor, be requested to survey the street markings of the Dorchester area and determine how many of them should be replaced; and be it lurther

"Resolved, That the number ol signs in need of replaced markings be reported to the Mayor and City Council."

For the past several years we have conducted a concentrated drive to place proper street signs, at all intersections in the city, as we appreciate the importance of having streets properly identified. I feel that we have made reasonably good progress although unquestionably there are still remaining in the city many missing or obliterated street signs that should be replaced. Our appropriation for this work was in the amount of $8,500 last year, but was increased to $15,000 during the current

year, and I expect, therefore, to increase the tempo of the street sign replacement program accordingly.

You may be assured, therefore, that we will make a careful survey of all missing signs in the Dorchester area and will replace them as soon as possible.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

LIGHTING ON ROSELAND STREET, DORCHESTER.

The following was received:

City of Boston,
Office of the Mayor, April 4, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of March 28, 1955, concerning the installation of electric lights on Roseland street, Dorchester.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Public Works Department,
April 1, 1955.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of March 28:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to promptly arrange for the installation of electric lights on Roseland street, Dorchester, to replace the present gas lamps and to generally improve the lighting facilities in that area."

At the present time, there are approximately 3,350 gas lights still located in the streets of this city, as compared with 6,431 lights that were located on the streets as of January 1, 1950. We have, therefore, made substantial progress in replacing the outmoded and inadequate gas lights with modern electric street lights. As stated, however, there are in excess of 3,300 to be replaced at the present time.

In order to expedite the work of replacing these gas lamps, we have adopted a policy of replacing them on a district basis rather than on a basis of individual streets. Unquestionably, practically every street that is lighted by gas lamps may be considered to be inadequately lighted and, therefore, in general, no individual street should be granted preference over any other. Under the circumstances, I do not feel that we should give consideration to any particular street, because, as stated, in substance, the program will proceed more expeditiously and more satisfactorily if areas or districts are considered rather than individual streets.

You may be assured, however, that we will give consideration to including in the program the area of Dorchester in which Roseland street is located.

During the current year, we hope to replace as many gas lamps as possible, consistent with the ability of the Boston Edison Company to provide the required street lighting facilities.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

LAND FOR PARKING UNDER FITZGERALD EXPRESSWAY.

The following was received:

City of Boston,
Office of the Mayor, April 4, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of March 28, 1955, concerning the transferring of land under the Fitzgerald Expressway for parking purposes.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Public Works Department,
April 4, 1955.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of March 28:

"Ordered, That his Honor the Mayor consult with the Governor of the Commonwealth and the State Commissioner of Public Works in an effort to secure a transfer of the land under the Fitzgerald Expressway for the purpose of installing meters, and to include this site in the city's parking program."

Arrangements have already been made by the State Department of Public Works to transfer to the City of Boston, for parking purposes, the area located under the John F. Fitzgerald Expressway, between Traverse street and North street. This area is to be operated under the jurisdiction of the Real Property Department, and the necessary construction work and installation of parking meters is already in progress. It probably will be placed in operation within the next five or six weeks. In addition, Commissioner Volpe has agreed with the undersigned to provide three additional sites for the parking of motor vehicles under and adjacent to the expressway structures, in the area located between North street and Commercial street.

It is my further understanding that additional areas, where available, will be provided for the parking of motor vehicles adjacent to but not under the structure, between Commercial street and Kneeland street. In general, the area located under the structure, between North street and Broad street, will be used for motor vehicular travel, and will supplement the present surface street system. In other words, the surface area underneath the highway, between North street and Broad street, will be utilized as a surface street, and not as a parking facility, as all traffic authorities are of the opinion that its use as a surface highway is more neeessary than its use for the parking of motor vehicles.

Between Oliver street and Kneeland street, the expressway will be enstrueted as an underground highway, with a number of ramps that will prevent the use of the surfaee area as a through highway or as a parking faeility, although all available areas in this section between Oliver street and Kneeland street will, under previous arrangements made with Commissioner Volpe, be utilized by the City of Boston for parking purposes.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

EXTENSION OF RENT CONTROL AND APPROPRIATION FOR RENT CONTROL BOARD.

The following was received:

City of Boston,
Office of the Mayor, April 4, 1955.

To the City Council.
Gentlemen:

Under the provisions of chapter 225 of the Acts of 1955, rent controls may be extended to the end of the present year with the approval of the City Council and the Mayor. It is provided in the statute that no vote accepting the act shall be valid unless it includes a declaration that a substantial shortage of housing accommodations presently exists. In my opinion, based on a communication herewith submitted, such a substantial shortage does exist in the City of Boston. Therefore, I respectfully recommend that the accompanying order for the extension of rent controls in the City of Boston until December 31, 1955, be given approval by your Honorable Body,

I also submit herewith an appropriation order for the amount of $93,145, which is the amount necessary to meet the expenditures of the Rent Control Board until the end of this year. Forty per cent of the amount appropriated will be returned to the city by the Commonwealth of Massachusetts. I forward herewith communication from the Administrative Serviees Department relative to the proposed appropriation for the Rent Control Board. I respectfully reeommend adoption of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor

—

Boston Rent Board,
April 4, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Reference is made to chapter 225 of the Acts of 1955 of the General Court of Massachusetts, an advance copy of which I enclose for your information.

In relation thereto the records of this office indicate that there still is a substantial shortage of rental housing in the City of Boston and that continued control of rents is neecssary in the public interest.

Very respectfully yours,
DUNCAN T. FOLEY,
Boston Rent Director.

—

City of Boston,
Administrative Services Department,
April 4, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I have reviewed the estimates submitted by the Boston Rent Board setting forth supplementary appropriations deemed necessary for the nine-month period outstanding from April 1, 1955, to December 31, 1955. These estimates, which total $101,193, if allowed, would provide a total appropriation for the eurrent year of $137,193 (the City Council already provided an interim appropriation of $36,000).

In 1954, the actual expenditures of the Board totaled $136,813.62. Currently the Board is operating with three less personnel than in 1954. The savings resulting from allowing these vacancies to remain unfilled will approximate $7,400. In addition, reductions of approximately $700 would appear feasible in items other than personal services.

I suggest, therefore, that a supplementary appropriation of $93,145 will be needed to provide for the operating expenses of the Rent Board for the balance of the year. I am attaching a table indicating the estimates of the Board and the allocation by items of the amount submitted.

Respectfully,
CHARLES J. FOX, Director.

BOSTON RENT BOARD.

(2) That chapter 225 of the Acts of 1955, entitled "An Act Relative to Rent Control," be, and the same hereby is, accepted; and

(3) That the provisions of ehapter 434 of the Acts of 1953, as amended by chapter 496 of the Acts of 1954, be, and hereby are, continued in effect in the City of Boston until Deeember 31, 1955.

—

Ordered, That the sum of ninety-three thousand, one hundred and forty-five dollars ($93,145) be, and hereby is, appropriated for the purpose hereinafter specified, said sum to be raised by taxation on the polls and estates in the City of Boston, and that all orders hereinafter or heretofore passed by the City Counеil relating to appropriations, taxes, and the interest thereon, apply to the appropriations and taxes herein provided for.

Boston Rent Board..... $93,145

On motion of Couneillor Ahearn it was voted that no further action is necessary on the foregoing order for acceptance of chapter 225 of the Acts of 1955 relative to extension of rent eontrol in this city.

On further motion of Councillor Ahearn the foregoing order for appropriation of $93,145 for the Boston Rent Board was referred to the Executive Committee.

APPROPRIATION FOR OFF-STREET PARKING AREA AT UPHAMS CORNER.

The following was received:

City of Boston,
Office of the Mayor, March 30, 1955.

To the City Council.
Gentlemen:

I forward herewith communication from the Chairman of the Real Property Board requesting an appropriation for the purpose of constructing an off-street parking area at Uphams Corner. If given approval by your Honorable Body, this new parking space for the accommodation of 81 automobiles will be very beneficial in that section of our city where there is great congestion at the present time. Undoubtedly, it will be of direct benefit to the merchants in that area.

I respectfully request that the sum of money requested, $70,000, be provided from the proceeds of parking meter fees. I recommend the adoption of the accompanying order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Real Property Department,
March 28, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Real Property Board held on December 30, 1954, on motion duly made and seconded, it was unanimously

"Voted, That the Chairman be, and he hereby is, directed to write to his Honor the Mayor, requesting that he present an order to the City Council asking for the transfer of $70,000 from the 'Parking Meter Fees' fund to the Real Property Department for acquisition, construction and maintenance of the proposed Uphams Corner off-street parking site."

Uphams Corner.

Location: Belden and Wendover streets (as per plot plan attached hereto).

Area: square feet	24,450
Number of cars	81
Cost of land: (approximate)	$41,750
Cost of improvements (approximate)	23,390
Meters	4,860
Total	$70,000

This location is part of the site recommended by the engineers of the City Planning Board and was approved by the Real Property Board.

Respectfully submitted,
HERMAN CANN,
Commissioner of Real Property.
Chairman, Real Property Board.

Ordered, That under the provisions of section 22B of chapter 40 of the General Laws as established by chapter 776 of the Acts of 1949 the sum of seventy thousand dollars be, and hereby is, appropriated from the special account "Parking Meter Fees" to be expended by the Real Property Board for acquiring off-street parking areas and facilities and constructing or reconstructing and resurfacing such areas and facilities in the Uphams Corner district.

Referred to the Committee on Appropriations and Finance.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Placed on file.

DESIGNATION OF CHAIRMAN.

Notice was received from the Mayor of designation of David Lasker, 7 Portina road, Brighton, as Chairman of the Board of Election Commissioners.

Placed on file.

HOLY THURSDAY AND GOOD FRIDAY.

Coun. McLAUGHLIN and HURLEY offered the following:

Ordered, That his Honor the Mayor consider the advisability of having a skeleton force of city employees in all departments where it will not interfere with the proper operation and safety of the City of Boston on Good Friday, April 8, 1955.

Passed under suspension of the rules.

Later in the session Councillor Ahearn moved reconsideration of the foregoing vote. The motion was carried. On further motion of Councillor Ahearn the order was amended by inserting after the word "on" the words "Holy Thursday" and inserting before the words "Good Friday," the words "April 7."

The order as amended was passed.

PAYMENT OF SUM OF MONEY TO FRANCIS D. GARVEY.

Coun. FOLEY offered the following:

Resolved, That the Boston City Council favors the consideration by the Legislature of a petition now held under Joint Rule 7B of Francis D. Garvey for reimbursement to him for certain injuries, provided that any such legislation enacted includes a referendum to the Mayor and the City Council.

The resolution was adopted under suspension of the rules.

HEARING ON PROPOSED RELOCATION OF POULTRY SLAUGHTERHOUSE IN SOUTH BOSTON.

Coun. FOLEY, McCORMACK, and KERRIGAN offered the following:

Whereas, It appears that there is now pending before the Board of Health a petition to relocate a poultry slaughterhouse, now situated in the South End, in the South Boston district; and

Whereas, Such an operation would constitute a nuisance and a menace to the health of the people of South Boston; be it therefore

Resolved, That the Boston City Council hereby records its opposition to the allowance of the said relocation, and be it further

Resolved, That the Boston City Council requests that the Health Commissioner hold an advertised hearing on this matter in the South Boston district before any final action is taken in accordance with the policy followed in similar matters in other sections of the city.

The resolution was adopted under suspension of the rules.

TELEVISION PROGRAMS TO ADVERTISE ADVANTAGES OF BOSTON.

Coun. PIEMONTE offered the following:

Resolved, That his Honor the Mayor consider the advisability of instituting planned television programs designed to familiarize the public with the City of Boston, its government, its advantages, its services, etc., including, without limiting it to the same, its superior library system, educational system, fire protection, police protection, Boston's achievements in the electronics field with the skilled experts in that line so prominent in this area, and its many outstanding and world renowned hospitals, clinics, colleges, and universities.

Coun. McLAUGHLIN in the chair.

Coun. PIEMONTE in the chair.

Coun. WHITE in the chair.

The foregoing resolution was adopted under suspension of the rules.

PENSIONS OF CERTAIN EMPLOYEES OF FIRE AND POLICE DEPARTMENTS.

Coun. AHEARN offered the following:

Whereas, The remaining pensioned Boston firemen and policemen under the noncontributory pension system are still receiving little more than the proportionate amount of the salary paid when living costs were much lower years ago; and

Whereas, The cost of living in all its phases (food, clothing, shelter, hospitalization, etc.) has soared in recent years; and

Whereas, The principle of raising retired employees' pensions to an amount which is fair in relation to the corresponding percentage increases in the pay of active personnel is a sound and worthy one; and

Whereas, The city has a moral obligation to provide adequately for workers who have spent a good part of their lives in its service; now therefore be it

Resolved, That his Honor the Mayor is hereby requested to direct the Retirement Board to re-examine and reevaluate the present pensions of the Fire and Police Departments for those remaining employees pensioned under the noncontributory system with a view to correcting the obvious inequities existing.

The resolution was adopted under suspension of the rules.

SALE OF CERTAIN PARK LAND TO HEBREW HOME FOR AGED.

Coun. McCORMACK offered the following:

Ordered, That chapter 36 of the Acts of 1955, entitled "An Act Authorizing the City of Boston to Sell Certain Park Land Therein to the Hebrew Home for Aged," be, and hereby is, accepted.

Referred to the Committee on Public Lands.

CONGRATULATIONS TO SURVIVORS OF PHILIPPINE "DEATH MARCH."

Coun. McCORMACK offered the following:

Whereas, In 1942 a handful of American and Filipino soldiers withstood for three nightmarish months the onslaught of over 200,000 Japanese soldiers; and

Whereas, When these surviving heroes could no longer withstand the terrible ordeal and on April 9, 1942, they capitulated; and

Whereas, The courage and sacrifices made by these heroic men in battle and during the subsequent "Death March" will forever be remembered as a classic epic in man's constant struggle against tyranny; now therefore be it

Resolved, That the Boston City Council congratulate those survivors of this epic struggle, their families, and all Filipino-Americans who have so greatly enriched the heritage of our city, state and nation; and be it further

Resolved, That the Boston City Council extend the warm hand of the city in welcome to Alejandro A. Galang, Acting Consul General of the Republic of the Philippines.

The resolution was adopted under suspension of the rules.

CELEBRATION OF BATAAN DAY.

Coun. McCORMACK offered the following:

Resolved, That his Honor the Mayor consult with the Director of Public Celebrations for the purpose of having that department expend such funds as are necessary to make it possible for the annual celebration of Bataan Day to receive the public recognition that is its due.

The resolution was adopted under suspension of the rules.

PUBLIC HEARING ON RENTALS AT OLD COLONY HOUSING PROJECT.

Coun. McCORMACK, KERRIGAN, and FOLEY offered the following:

Ordered, That the Committee on Public Housing of the Boston City Council hold a public advertised hearing to consider the following questions:

1. Why has it become necessary to increase the rentals at the Old Colony Housing Project at this time?
2. What board, agency, or official established the formula which established the amount of the various increases?
3. What formula was used to compute the amount of the increases?
4. Whether the Old Colony Project was at one time offered the Boston Housing Authority for nothing or for a nominal sum?
5. If such offer was made, when was it made and why did the Boston Housing Authority not acquire it at that time?

Be it further ordered: That the chairman and members of the board of the Boston Housing Authority be requested to attend the said public hearing.

Passed under suspension of the rules.

DEATH OF PAUL A. McCARTHY.

Coun. WHITE and HURLEY offered the following:

Resolved, That the Boston City Council notes with deep regret the untimely passing of former State Representative Paul A. McCarthy of our neighboring city of Somerville. One of the most gifted orators and debaters in the long history of the Great and General Court, former representative McCarthy was in the forefront of the battle against atheistic communism, and his voice was always

raised in behalf of the poor, the sick, and the needy. It is the earnest prayer of the Boston City Council that Almighty God will have mercy on his soul, and that He will strengthen and sustain Mrs. McCarthy and her family in this hour of bereavement.

The resolution was adopted by a unanimous rising vote.

CONFERENCE RE SOLICITATION OF NEW INDUSTRIES FOR BOSTON.

Coun. HAILER offered the following:

Ordered, That the Boston City Council go on record as favoring a conference of the Mayor of Boston, the director of the newly-formed Allied Labor Unions of Metropolitan Boston, the Boston Chamber of Commerce, and the director of the Massachusetts Department of Commerce, as well as other interested business, civic, and labor leaders of the City of Boston for the purpose of setting the policy to be followed with regard to promoting the interests of the City of Boston in soliciting new industry for Boston. The director of the Port of Boston should also be included in such a conference. This "Bring Business to Boston Committee" would then work in conjunction with the different agencies taking part.

Passed under suspension of the rules.

TRAFFIC PLAN FOR JAMAICA-ARBORWAY AREA.

Coun. HAILER offered the following:

Whereas, It has been announced by Mr. Greenough that the Metropolitan District Commission intends to improve the Jamaica-Arborway; and

Whereas, Legislation is now on file to improve the traffic conditions on that thoroughfare; therefore be it

Resolved, That the Boston City Council, herein assembled, request the Traffic Commissioner and the Public Works Commissioner to offer a traffic plan which would best suit the citizens of Boston insofar as the Jamaica-Arborway is concerned.

The resolution was adopted under suspension of the rules.

INCREASE OF FEDERAL MINIMUM WAGE.

Coun. McCORMACK offered the following:

Whereas, The President of the United States has proposed, and Congress is now considering, legislation to increase the federal minimum wage above the present inadequate figure of 75 cents an hour; and

Whereas, A fair and reasonable minimum wage would raise the living standards of underpaid workers, increase the national income, stimulate business activity, minimize unfair industrial competition based upon sweatshop wages, and help to solve the problem of runaway shops; and

Whereas, The City of Boston has suffered economic distress because of the inadequacy of the present minimum wage, and is threatened with further difficulties unless action is taken quickly; and

Whereas, The President's proposal of a 90-cent minimum falls far short of meeting the needs of underpaid workers or of the population as a whole; therefore be it

Resolved, That the Boston City Council call upon the Congress of the United States to enact a federal minimum wage of $1.25 an hour, and urge our Senators and Representatives to support such legislation, in the interests both of our own community and of the nation.

Coun. McLAUGHLIN moved to amend the foregoing order by adding the following words:

"Be it further resolved that copies of this resolution be forwarded to each United States Senator and Congressman from the State of Massachusetts."

The motion was carried.

The resolution as amended was adopted under suspension of the rules.

APPRECIATION OF SEMINARS HELD AT BOSTON COLLEGE.

Coun. PIEMONTE offered the following:

Whereas, On Tuesday afternoon, April 5, 1955, the sixth of the series of seminars on the problems of Boston sponsored by the College of Business Administration of Boston College will take place in Gasson Hall at University Heights; and

Whereas, This will bring to a close a series of seminars which have brought enlightenment and better understanding of business problems; and

Whereas, Said seminars have been undertaken by Boston College at great sacrifice and without compensation to that institution; now, therefore, he it

Resolved, That the Boston City Council, in meeting assembled, extends its most sincere appreciation to Very Rev. Joseph R. N. Maxwell, S. J., President of Boston College, Rev. W. Seavey Joyce, S. J., Dean of the College of Business Administration, and the staff of Boston College; and be it further

Resolved, That copies of this resolution be prepared by the City Clerk and forwarded to the President of Boston College and the Dean of the College of Business Administration, respectively.

The resolution was adopted under suspension of the rules.

STATUS OF WEST END PROJECT.

Mr. Kane Simonian of the Urban Redevelopment Division of the Boston Housing Authority submitted the following monthly report:

STATUS OF THE WEST END PROJECT.

I. Redevelopment plan—completed.

PROCEEDINGS OF SCHOOL COMMITTEE.

February 14, 1955

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:40 P. M., the Chairman presiding.

Present: Mr. Carr, Miss Fitzgerald, Messrs. Lee, Musco, and Ward.

RESOLUTIONS

Mr. Musco presented the following:

The death of James H. Kenney on January 13, 1955 brought to an untimely close a career of commendable service to the Public School System of Boston.

Mr. Kenney was born on March 2, 1893 in Malden, Massachusetts, where he spent his boyhood days. Upon completion of his course at Malden High School, he entered Boston College as a member of the Class of 1916. Later he received his M.A. degree from the same institution, and in 1949 he received a Doctor's degree from Staley College.

As a teacher, Mr. Kenney enjoyed a background rich in educational experience. He first taught in Nashua, New Hampshire, and later in Evansville, Indiana. He served as Head of the Latin Department in the Central High School in Manchester, New Hampshire, and, subsequently, as Supervisor of Latin in the Junior and Senior High School at Mount Vernon, New York.

In May 1932, Mr. Kenney entered the Boston Public School System. He taught Latin for several years at the Washington Irving School and later at the Boston Latin School. In 1947 he was appointed Master at the Girls' Latin School, a position which he held until his recent death.

Mr. Kenney's scholarly attitude, his indefatigable zeal, and his sterling character won for him the respect of his co-workers and the admiration of his classes. Well-versed in "the art of gentleness", he always evidenced a sincere and sympathetic interest in the welfare of each one of his students. The influence for good that he has been in their lives has molded him "a monument more lasting than bronze". The deep void that his passing has left in the academic life of Girls' Latin School can be filled only by the memories of his genial manner and kindly ways. He was such a vital part of Girls' Latin School that he will always be remembered there where hearts, saddened by his death, in unison say:

"None knew thee but to love thee,
Nor named thee but to praise."

Those of us who knew Mr. Kenney will never forget him.

The foregoing resolution was adopted by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Messrs. Lee, Musco, and Ward—5

PROPOSED BOND ISSUE FOR NEW SCHOOLS

It was agreed, on request of Mr. Musco, that the following article printed in The Boston Post of Feb. 14, 1955, be printed in full in the record of the meeting:

—

SCHOOL BUILDING LAG HALTS LOAN BY HYNES

By JAMES G. COLBERT

A slowdown in the program for the construction of new schools in Boston will cause Mayor Hynes to turn down the school committee's recommendation that another $5,000,000 bond issue, the third in three years, be floated for the school department.

The Mayor feels he can hardly justify sanctioning a third loan order, when work has not yet been started on even one of the four schools for which funds were authorized 19 months ago.

A $5,000,000 bond issue to finance the erection of new school facilities was approved by Mayor Hynes and the City Council on July 7, 1953. A second bond issue of the same amount was authorized last spring.

All that school authorities have to show up to now in that $10,000,000 program is final plans for two schools and tentative plans for a third.

So far the school committee has been able to obtain assurances that only one school planned under the 1953 loan will be completed and ready for use next September. That is the Curtis Guild School in the Orient Heights section of East Boston.

The school board has not received even tentative plans for a second school to be built in Orient Heights with funds from the 1953 bond issue.

It has been promised that the Thomas Dwight School in the Mission Hill section of Roxbury will be available for occupancy in September, 1956. A partial allocation of funds for that school was made on Dec. 29, 1952.

Unless the present timetable is speeded up, only one school will be built in the 26 months following the authorization of the first $5,000,000 bond issue.

School Board Not Responsible

There is a general disposition to place the responsibility for this incredibly slow progress at the door of the present school committee. That is what is happening in the districts where the new schools are needed and are impatiently awaited. In all fairness, however, the brickbats being hurled at the school board should be directed elsewhere.

The fact of the matter is that under the confusing and cumbersome system followed in Boston the school committee has practically no control over the erection of new schools.

They probably are more disturbed than anyone else by the unsatisfactory progress that has been accomplished, but they are powerless to do anything about it.

The school committee members don't select the architects and have no control over them. There is nothing they can do, if an unreasonable delay occurs before an architect submits plans, for which he is paid anywhere from $80,000 to $100,000.

No Real Jurisdiction

They have no real jurisdiction over the school building commission, although they appointed one of the three members of that commission.

Someone obviously is responsible for the fact that the children for whom the schools were intended will have grown up and moved on to other schools before the proposed new classrooms are ready for them.

A part of the blame rests with the former School Committee, three of whose members were defeated in 1953. Although the first $5,000,000 bond issue was approved on July 7, 1953, no funds were allocated from it until Jan. 11, 1954. That was after the present school board took office.

That, however, is only part of the story, for pathetically little has been accomplished in the past 13 months.

The school buildings commission has been extremely slow in getting the program under way.

Architects are allowed four months to prepare plans for a small school and six months for a large school.

From Chairman Joseph F. O'Connell, Jr., of the school buildings commission, came the surprising estimate that it takes between 21 and 24 months to construct a school because of all the red tape, complications and overlapping authority, including the necessity of submitting plans to the State's School Buildings Assistance Commission in order to get a 20 per cent contribution from the Commonwealth.

—

Mr. Ward: Madam Chairman, there is just one statement I would like to make. We have no official notice that the Mayor has turned down this $5,000,000 bond issue if the forerunner is the newspaper article. If he intends to do it, then I would like to have him think of the Boston Technical High School, which is one of the most important things in

our program. Boston Technical High is one of our school buildings that is old, dilapidated, poorly located, and obsolete.

The $10,000,000, if I am correct, has been expended primarily for elementary schools, and there has been no high school even given thought to. Then I hope the Mayor will, before he officially turns it down, consider the fact that Boston Technical High School is the one high school which we want to house in a new building.

Mr. Lee: Madam Chairman, I thoroughly support Mr. Ward's position in that respect. I want to ask the Superintendent a question: If the Mayor fails to accede to a request for a further bond issue, does that stop us or stop you from sending down the so-called letter of accommodations in regard to new buildings to the Board of Commissioners of School Buildings?

Superintendent: That is true, Mr. Lee.

Mr. Lee: That is, the Superintendent cannot send down a letter authorizing and outlining the need of a new Boston Technical High School for people at the Department of School Buildings to start working on and setting in motion the architects and all that is needed—we cannot do that until the money is actually appropriated?

Superintendent: That is true.

Mr. Lee: So that we would just be worse off in another year without this appropriation. We would have to postpone the very start of further buildings for a whole year because we cannot even think about them. Is that right?

Superintendent: That is true.

Mr. Lee: That is under the law, or we cannot ask the School Buildings Department to think about them until the money is already authorized?

Superintendent: That is true.

Mr. Lee: So it would be a very serious delay and setback to future building plans in Boston?

Superintendent: I certainly hope that he gives us the $5,000,000 bond issue for 1955.

Mr. Museo: Madam Chairman, in my report to you on New School Buildings which I submitted today at the conference regarding the national level, the state level and the city level, that should also be in the hands of the Mayor and I am sure that after he reads it and studies it, his only answer is going to be Yes.

Chairman: Can that be done? Can a copy of that be sent to the Mayor?

Secretary: Yes.

Mr. Ward: I am going to see the Mayor, and I hope to ask him to visit Boston Technical High School. That is all I would ask him to do—visit that high school.

Chairman: We could ask him to visit officially with us.

Mr. Ward: I wish he would visit that high school with us.

Chairman. Would you so communicate with the Mayor, Miss Reynolds?

Mr. Ward: Then he can judge accordingly whether or not it is a necessary and a needed building.

Chairman: We could ask him to come along with the School Committee on a tour of inspection of the Boston Technical High School.

Mr. Ward: And just take a look at it.

Chairman: At his earliest convenience.

Mr. Ward: And I think the Mayor will change his mind.

In connection with the foregoing order, the Chairman made the following statement:

A School Committee always finds itself faced with unpleasant decisions and the present Committee is no exception to this.

The situation of the Girls' Latin School presents a case that requires an immediate solution so that the interests of citizens and students of Boston might be served.

Time and circumstances force changes in any organization. After months of effort the Members of the Committee have found it no longer possible to retain the Girls' Latin School on its present site. However the Girls' Latin School is unique, not only scholastically, but also nationally. The continuation of this school is a must in the field of education.

At the present time the ownership and control of the building in which the Girls' Latin School is now housed is under the State Department of Education. Because of expansion at the State Teachers' College, more and more rooms have been taken for college purposes from the Girls' Latin School. The Girls' Latin School stands for scholastic excellence and wherever it is located it will have the same student body, the same fine faculty and the same traditions.

Circumstances beyond the control of this School Committee give us no immediate alternative but to re-locate Girls' Latin School for a temporary period. If the Alumni Association, the students, teachers and Headmaster will cooperate with us, we can try to impress the Mayor and the City Council, the Governor and the Legislature with the need for funds to build a new Girls' Latin School in the Fenway area. Here is our only hope.

Even if we had in hand the funds and the site on the Fenway for a new building, we would need time in which to build it. As things stand we either have to move the Girls' Latin School or suspend its life. The Committee finds this re-location an unpleasant but necessary step to preserve the life of a school which brings honor to our City's educational system.

Part of the training at Girls' Latin School is maturity of spirit, character and self-discipline. It is intelligent to accept the inevitable while working to bring about changes for even greater good.

The School Committee urges all who are concerned with Girls' Latin School to demonstrate the qualities of character which the school teaches. We feel that they will.

—

It was agreed that the following report by the sub-committee of the School Committee, pertaining to a meeting with the Planning Board in connection with school sites in the Fenway, be printed in full in the minutes of this meeting:

Mr. Michael J. Ward and Mr. Louis F. Musco, as a sub-committee of the School Committee, met with the members of the Planning Board at 1:30 P. M. today, February 21, 1955.

Mr. Ward and Mr. Musco explained in detail the dire need for sites for both the Girls' Latin School and the Boston Technical High School to be located in the Fenway area on land presently owned by the Parks and Recreation Department of the City of Boston.

The members of the Planning Board were most considerate and understanding of the serious problems confronting the Boston School Committee in regard to the proposed construction of these two new schools.

At the conclusion of the meeting the members of the Planning Board agreed to take this problem under advisement and give careful study to all the facts presented by the sub-committee of the School Committee.

TRIBUTE TO PRESIDENT OF THE ASSOCIATION OF AMERICAN COLLEGES

Mr. Carr presented the following:

The School Committee of the City of Boston is proud to extend its congratulations to Very Reverend Joseph R. N. Maxwell, S. J., President of Boston College, upon his election as president of the Association of American Colleges.

As an outstanding educator and administrator, with many laurels won and humbly received, it is the wish of the School Committee of the City of Boston that his term of office will evolve a code which will help to meet the standards of educational progress and intellectual integrity.

May the Divine Master direct, assist, and bless him in the difficult problems which he must now face.

NATIONAL CONGRESS OF PARENTS AND TEACHERS

Miss Fitzgerald: On Feb. 17, 1955, the National Congress of Parents and Teachers celebrated the 58th anniversary of its founding.

In 1897 a few members were present when the organization was founded. In the United States today there are 9,000,000 members. Massachusetts is proud to claim 117,000 members in 754 units. No city or town in the Bay State is without a Parent-Teacher Association. Quietly, patiently, and zealously these members have assisted in developing a fine sense of public welfare. Here is democracy in action.

All steps of progress in the educational world are constantly unfolding either in retrogression or advancement. There is no standing still. Every age has problems which must be solved. Under the capable leadership of Mrs. Mattair and many kindred Parent-Teacher groups whose various presidents and members have assisted us in educational activities, the Boston Public Schools have advanced to finer things. Their mature state has humanized the relationship between the communities and the school teachers who serve therein.

The School Committee of the City of Boston is proud to salute the Parent-Teacher Associations of America.

FIRE DEPARTMENT ORDERS.

General Order No. 18.

COMPANY-IN-SERVICE INSPECTIONS.

The program of company-in-service inspections for the year 1955 shall start on Thursday morning, April 14.

In order to maintain a complete record of the number of inspections made and the names of all persons who are using fuel oil or fuel oil burners without a permit, in violation of the current regulations, certain additional information must be supplied on Form 9C. Members filling out Form 9C will carry out the following instructions:

The names of the owner and occupant shall be printed on the form. The name of one occupant only is all that is necessary unless there are occupants who are using fuel oil without a permit, in which case their names will be printed under "Remarks" on the back page. The first name or initial of such occupants shall be included when it is possible to obtain it.

After the statement, "Purpose for which used," the inspector shall state whether it is a one-, two-, three-, four- or more family dwelling, using such terms as, "one-family dwelling," "three-family dwelling," etc.

After the question, "Is permit posted," place the word "yes," if the occupant has a permit in his or her possession, whether or not the permit is attached to a wall partition, or other surface.

Inspectors shall not overlook the condition of smoke pipes. If they are corroded, rusted or in an unsafe condition for any other cause, this fact should be called to the attention of the owner or occupant and a Form 12 should be forwarded to Headquarters when the company returns to quarters. When a Form 12 is to be forwarded, this fact should be noted on the Form 9C, under "Remarks."

The attention of members is called to the responsibility of an inspector when violations of laws or ordinances are discovered. Such violations may constitute a serious threat to the safety of the occupants and an abatement notice must be served. The inspector discovering the violation shall make out the abatement notice. The delegation of the authority vested in the chief of department under the provisions of chapter 148 includes every member of the department and it should not be necessary for an officer to fill out the abatement notice. If an inspector needs advice or assistance in making out the abatement notice, the company officer will give such advice or assistance but the notice will be signed by the member making the inspection, and at the time of discovery.

If an incinerator is built into or is part of a building, insert the words, "Part of building," after the word, "Location." A permit is not required for this type of incinerator but a permit is required for the use of incinerators which are used to burn rubbish in back yards or similar areas.

After the words, "Order or abatement notice issued," the name of the person to whom the order or notice was issued shall be inserted. When such order or notice is issued, the Form C shall not be forwarded until a reinspection has been made. A statement whether or not conditions were corrected shall be inserted on the Form 9C.

If a company responds to an alarm while performing in-service inspections, the following data shall be inserted under "Remarks": Box (or still), time, location, type of fire, and the approximate time that the company returned to the inspection area.

Hereafter, when a box alarm is struck while companies are out inspecting (9.30 to 11.30 A.M. and 1.30 to 3.30 P.M.) the Fire Alarm Office shall announce the location of the box unless the box was struck for a still alarm, the location of which will be announced in accordance with current practices.

District chiefs shall visit the quarters of companies in their respective districts which are scheduled to perform in-service inspection at least fifteen minutes prior to their leaving quarters, and give any necessary instructions pertaining to inspection. They shall also check the appearance of the officers and men and see that their clothing is neat and clean and they are attired in accordance with General Order No. 37, 1954. They shall also visit the area of inspection, at least once during the inspection period, and make certain that everything is going as it should and they shall also give advice if it is needed.

Members performing in-service inspection shall be on the alert for occupants of dwellings who are using fuel oil or fuel oil burners without a permit and when such conditions are discovered they shall inform said occupants of the provisions of Rule 3 of the current fuel oil regulations and of the following law: Section 1013 of chapter 148—Any person who knowingly violates any rule or regulation made by the Board of Fire Prevention Regulations shall, except as otherwise provided, be punished by a fine of not less than twenty-five (25) nor more than one hundred (100) dollars.

Inspectors shall also inform the occupants of dwellings where space heaters, portable heaters and range burners are being used of the dangers attending the use of fuel oil in connection with such heaters. Among the dangers are: Using substandard, leaking or otherwise defective range burners, space heaters, portable kerosene or other types of oil burning equipment which have not been approved by a qualified oil burner mechanic. Changing the adjustment or installation of any type of oil burner after it has been installed or adjusted by a competent oil burner mechanic. Permitting children to tamper or play with valves or other appurtenance of burners. Setting up or using space heaters or portable burners in bedrooms or in any location where they may be overturned, or may cut off the escape of any of the occupants if they should take fire. Placing space heaters or portable burners in proximity to curtains, draperies, furniture, bedding or other combustible materials. Using an unprotected glass receptacle in connection with a range burner. Placing cans and other containers of fuel oil in hallways, bathrooms, parlors, bedrooms or other rooms where they can contribute to the spread of fire or where they can cut off escape in the event of fire. Placing containers of fuel oil under front stairways where they would be readily available for pyromaniacs. Using leaking or dripping containers to carry oil from the cellar to apartments above. Leaving space heaters and portable burners in operation with unattended children. Leaving heaters or burners of any type in operation without a circulation of air, particularly while the occupants are sleeping. All containers of fuel oil will eventually pit or corrode and leak and they should be examined at regular intervals to guard against the possibility of oil leaking onto cellar or other floors. The caps of bottles or cans which fit into receptacles and regulate the flow of oil should be replaced when they show signs of excessive flow of oil. A fresh supply of fuel oil should not be permitted to flow into a burner before the burner has had a chance to cool down. Any oil burner that floods consistently should be checked by a competent fuel oil burner mechanic before it sets a fire. No attempt should be made to remedy defects in burners or oil lines without the tools designed for the purpose. Approved burner lighters only should be used and they should be kept in a proper receptacle. No oil should be kept in open containers at or near oil burners. Accumulations of carbon indicate a defective burner. Range burners which burn with a yellow flame for long periods indicate the need for cleaning and adjusting. All fuel oil burners should be cleaned and necessary adjustments made at least once a year, by a competent mechanic.

Inspectors should call to the attention of the parents of babies and small children the dangers of leaving them unattended, particularly at night. Matches should not be left within reach of small children Inspectors should stress the need of parents ascertaining whether their baby sitters are reliable and qualified and if they know what to do in the event of fire. They should also make certain that baby sitters know the telephone number of the fire and police departments, and every means of egress from the building.

Householders should be warned of the dangers of smoking in bed, dozing in overstuffed chairs, sofas and similar furniture and the danger of carbon monoxide given off by smouldering mattresses and cushions.

Householders should also be warned of the dangers of overloading electric circuits and using pennies or other substitutes for fuses and of the dangers of the insidious, unseen electric fire which may ramify throughout an entire building before it becomes evident.

The practice of leaving the notice of anticipated inspection at homes which are scheduled for inspection the following week shall be continued. In addition, the small printed form which calls attention to certain fuel oil regulations shall also be left with all occupants who are using fuel oil without the required permit. Copies of these forms are available at Headquarters.

Company officers shall stay with the apparatus in order to direct the inspection program and to advise members, when necessary. If a member needs assistance in making an inspection, the officer shall detail another member to stand by the apparatus and he shall accompany the member needing assistance. The responsibility for the efficiency of in-service inspections rests with company officers and they shall make certain that all company members are apprized of their responsibilities in the matter.

Members performing in-service inspections shall not loiter on or about the apparatus or sit on doorsteps in a lounging attitude. They must realize that they are in full view of the public and any unfavorable impressions can reflect on the entire department.

Members shall be on the alert for automobiles parked at hydrants so as to interfere with operations and they shall not hesitate to apply a sticker, as required. When a sticker is applied to an automobile, the time, location, and registration number of the automobile shall be forwarded to Headquarters on a Form 5.

Companies that do not perform scheduled in-service inspections shall continue the program of inspecting properties on Sundays and holidays in accordance with S. O. 56, July 22, 1954.

Additional copies of this order are being distributed to the department so that members performing in-service inspections may carry a copy with them and refer to it as a guide.

By order of Fire Commissioner FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

BOSTON TRAFFIC COMMISSION.

PROPOSALS FOR FURNISHING AND INSTALLING UNDERGROUND CONDUIT AND CONCRETE BASES FOR TRAFFIC SIGNAL POSTS IN THE INTERSECTION OF LONGWOOD AVENUE AND RIVERWAY IN THE CITY OF BOSTON.

The Boston Traffic Commission, office 112 Southampton street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing underground conduit and concrete bases for traffic signal posts in the intersection of Longwood avenue and Riverway in the City of Boston. A bond will be required for doing the work of a surety company approved by the Commission in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at 112 Southampton street. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing Underground Conduit and Concrete Bases for Traffic Signal Posts in the Intersection of Longwood Avenue and Riverway in the City of Boston," and left at 112 Southampton street, before 12 M. on Thursday, April 21, 1955, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the lump sum price appears to the Commission to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Traffic Commission. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

Bituminous Concrete Pavement and Sewerage Works in Merriam Street, Ward 11, from Brookside Avenue to Stony Brook, With an Arm Southwesterly to Minton Street;

—and—

Such Additional Locations, If Any, in Wards 8, 11, 18, 19, and 20, As May Be Designated by the Commissioner of Public Works.

The Commissioner of Public Works of the City of Boston, Room 506 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Canterbury street, Wards 18 and 19, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 506 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Canterbury Street, Wards 18 and 19, etc.," and left at Room 506 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, APRIL 21, 1955, with a certified check for THIRTY-SEVEN HUNDRED (3,700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 506, City Hall Annex. *There will be a charge of two dollars ($2), NOT REFUNDABLE, for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 47 SATURDAY, APRIL 23, 1955. NO. 17

THIRTY-SIX FIRMS TO SHARE IN CONTRACTS TO SUPPLY DRUGS TO CITY DEPARTMENTS—SIX TO FURNISH GOODS ON ORDERS ONLY—LARGEST CONTRACT AMOUNTED TO $24,137.70.

Thirty contractors and six firms have received orders for furnishing drugs to the various city departments for the year 1955, according to announcement of the Purchasing Department, after approval by Mayor John B. Hynes. The largest award was to Agnes M. Goode, doing business as the Good Drug Company, who received a contract for furnishing $24,137.70 worth.

The letter requesting approval and the full list of awards read as follows:

CITY OF BOSTON,
PURCHASING DIVISION,
BOSTON, March 30, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Bids on proposals for furnishing drugs to the various city departments, from April 1, 1955, to March 31, 1956, inclusive, were publicly opened and read in this office on February 17, 1955. Attached is tabulation of prices received.

LEADING CITIZENS AND BUSINESSMEN RALLYING BEHIND MAYOR HYNES TO PURCHASE FAMOUS "WASHINGTON" PAINTING TO MAKE IT PERMANENT POSSESSION OF CITY.

Business and civic leaders are rapidly rallying behind Mayor John B. Hynes in his effort to raise the $7,500 needed to purchase the rare "Washington at Dorchester Heights" painting as an art treasure for the City of Boston.

The picture which was done by Emmanuel Leutze, noted the world over for his famous conception of "Washington Crossing the Delaware," is now on exhibition at the Tremont Street Branch of the Boston Five Cents Savings Bank.

Twenty-five leaders who have agreed already to serve on the "Washington at Dorchester Heights" Committee and to each raise $100 toward paying for the painting are: L. F. Whittemore, Walter E. Borden, A. W. Kimball, Daniel Bloomfield, Thomas Temple Pond, Ralph Lowell, Richard I. Goodrich, Adrian O'Keeffe, Michael T. Kelleher, Nelson W. Aldrich, Sherman L. Whipple, W. Nelson Bump, Joseph W. Lund, Attorney Daniel J. Lyne, George Hansen, F. Frank Voren-

FOUR MEMBERS OF BOSTON FIRE DEPARTMENT HAVE BEEN CITED FOR HEROISM IN 1954 BY DEPARTMENT'S BOARD OF MERIT—RISKED LIVES TO SAVE OTHERS DURING BATTLES TO SAVE PROPERTY AND LIVES—BRAVED FLAMES AND SMOKE TO RESCUE TRAPPED VICTIMS.

Four members of the Boston Fire Department have been cited for awards for heroic efforts during the year 1954 by the Board of Merit of the department. Those so cited were Lieut. Andrew J. Canning of Engine Company 46 and Ladderman John C. Murphy of Ladder Company 14, in one citation; Ladderman Harry E. Bryant of Ladder Company 22; and Ladderman Joseph F. Hoar of Ladder Company 4. The names of the first two cited have been placed on the "Roll of Merit"; Ladderman Bryant has been awarded the "Walter Scott Medal"; and Ladderman Joseph F. Hoar has been awarded the "Patrick J. Kennedy Medal." The Board of Merit consists of the Chief of Department, assistant chiefs, and the deputy chiefs.

The citations were made known in General Order No. 20, issued on Monday, April 18, which read as follows:

FIRE DEPARTMENT.

General Order No. 20.

I. BOARD OF MERIT.

The Board of Merit of the Boston Fire Department, consisting of the Chief of Department, assistant chiefs of department, and deputy chiefs, has considered all meritorious acts referred to it for the year 1954. After careful consideration and study, the Board submitted the following recommendations, which are hereby approved by the Fire Commissioner:

Case of Lieut. ANDREW J. CANNING of Engine Company 46 (formerly assigned to Engine Company 34) and Ladderman JOHN C. MURPHY of Ladder Company 14.

The department responded to an alarm from Box 5121 at 6.55 P.M., followed by a second alarm at 7.02 P.M., on January 23, 1954. The fire was in a five-story apartment house at 1139–41 Commonwealth avenue, Allston.

Upon arrival of members of the department, it was found that two elderly women were trapped on the fifth floor. They apparently were about to jump from a window. Lieutenant Canning and Ladderman Murphy raised a 50-foot ladder, with assistance, to the window. The butt of the ladder was resting on an icy sidewalk, and it rose almost perpendicularly to the fifth-floor window, barely reaching said window. It was not possible to dog the ladder. Fire and smoke were issuing through the fourth-floor window directly underneath the apartment where the women were trapped. Disregarding its precarious position, Lieutenant Canning and Ladderman Murphy ascended the ladder to the fifth floor, reached the women, and assisted them over the ladder to the street. Shortly after the removal of the women, fire extended through the ceiling and windows into the fifth-floor apartment, consuming the entire contents.

Lieutenant Canning and Ladderman Murphy effected this rescue under very difficult conditions and exposed themselves to great personal risk in rescuing the women, who otherwise might have died in the fire. They were highly commended by the Fire Commissioner in General Order No. 8, series of 1954.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

FOUR MEMBERS OF BOSTON FIRE DEPARTMENT HONORED FOR HEROIC DEEDS.

(*Continued from page 497.*)

Because of their prompt action and great personal risk involved, the Board of Merit recommends that the names of Lieut. Andrew J. Canning and Ladderman John C. Murphy be placed on the "Roll of Merit."

Case of Ladderman HARRY E. BRYANT of Ladder Company 22.

On the night of November 18, 1954, a still alarm was received at 10.51 o'clock, followed by an alarm from Box 4173 at 10.52, and a second alarm at 10.56. Upon arrival of the department, it was found that fire had involved a three-story dwelling house at 8 Short Street court, Charlestown.

The members were informed that a young boy was trapped on the second floor. Capt. Walter W. Corwin of Engine Company 32 made a heroic attempt to reach the boy, but was cut off by fire in the stair well, receiving burns to his face and ears.

Meanwhile, Ladderman Harry E Bryant of Ladder Company 22 had gone over a ladder in the front of the building to a second-floor window, from which heavy black smoke was pouring, as the fire had originated in a portable oil heater. He entered the window and, without the benefit of a mask, after three attempts, made his way through the floor, which was filled with heat, smoke, and gases, and found the unconscious boy in a rear room. In spite of the very difficult conditions present, he managed to carry the boy from the room, down the stair well, to the street. Ladderman Bryant collapsed at this point from sheer exhaustion.

This prompt and courageous action on the part of Ladderman Bryant undoubtedly saved the life of the young boy.

He was highly commended by the Fire Commissioner in General Order No. 77, of the 1954 series.

Because of his prompt, courageous, and determined action, and the extreme personal risk involved, the Board of Merit recommends that Ladderman Harry E. Bryant be awarded the "Walter Scott Medal."

Case of Ladderman JOSEPH F. HOAR of Ladder Company 4.

An alarm was received from Box 2235 at 5.44 o'clock on the evening of Monday, December 27, 1954, for a fire in a three-family dwelling house at 3 Gay street, Roxbury.

Upon arrival of Ladder Company 4, they were informed that a man still remained in the house, being trapped in the kitchen that was located in the rear of the first floor.

Ladderman Hoar immediately entered the front door and encountered a hallway about twenty feet long, filled with smoke and heat. Paint on the entrance door and the wallpaper on both sides were blistered from the severe heat. Ladderman Hoar dropped to the floor, and with determined effort crawled along the hallway to the rear part of the house and entered the kitchen. Fire had entered the kitchen, and due to the intense heat and smoke he could not locate the victim, and called to him to cry out in order to indicate his presence. The man was conscious to the extent that he moaned, and Ladderman Hoar crawled over to the extreme right corner of the room and found the man. He dragged him across the floor to the hallway, where he was assisted by other members in removing him to the street. The victim, an elderly man of 75 years, was taken to the Boston City Hospital in a police ambulance.

This rescue was accomplished without a mask, and Ladderman Hoar suffered first-degree burns of the right wrist and second-degree burns to both knees. He was later treated at the Boston City Hospital for these injuries. He was highly commended by the Fire Commissioner in General Order No. 2, series of 1955, for his courageous action.

Because of his prompt action, and the extreme personal risk to which he exposed himself in effecting this rescue, the Board of Merit recommends that Ladderman Joseph F. Hoar be awarded the "Patrick J. Kennedy Medal."

By order of Fire Commissioner FRANCIS X. COTTER.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

ONE HUNDRED PER CENT INCREASE IN COMPETITIVE AIRLINE SERVICE BETWEEN BOSTON AND MIAMI BY 1960 PREDICTED AT MEETING, AFTER EXHIBIT FILED BY MAYOR HYNES WITH AIR BOARD IN WASHINGTON.

Competitive airline service will produce almost a 100 per cent increase in air travel between Boston and Miami by 1960, it is predicted in an 85-page exhibit filed jointly by the city and the Greater Boston Chamber of Commerce with the Civil Aeronautics Board in Washington, D. C.

Mayor John B. Hynes and Chamber President Donald J. Hurley made this prediction and others public at a meeting held in the Mayor's office, on Thursday, April 21.

The Boston exhibit was prepared in the city's law department under the direction of William L. Baxter, Corporation Counsel, with the assistance of Francis T. Fox, of Worcester, aviation consultant. The exhibit seeks to prove the need for competitive airline service between Boston and the Middle Atlantic and South Atlantic states, now served exclusively by Eastern Airlines.

In a special message accompanying the city's exhibit, Mayor Hynes urged the Civil Aeronautics Board to give consideration to Northeast Airlines' application in the proceeding as something "important to the economy of Boston."

In the exhibit's chapter on community of interest factors, it is shown that 78.7 per cent of all visitors to New England originate in the Middle Atlantic and South Atlantic regions.

More than 100 civic interveners are expected to file exhibits in the New York-Florida route proceeding. The next step in the hearing case is for interveners to exchange rebuttal exhibits. The case then goes to public hearing before a specially-appointed CAB examiner.

A large number of airlines are competing for certification to serve the route, including Colonial Airlines, Braniff Airways, Capitol Airlines, Delta Airlines, North American Airlines, Peninsular Air Transport, Resort Airlines, Riddle Airlines, Pan-American World Airways, and others.

WALL CONSTRUCTION IN WESTGLOW STREET.

The Public Improvement Commission has ordered that a public improvement be made, consisting of the taking of easements for highway purposes, including the right to construct a wall at the easterly end of Westglow street, Dorchester district, bounded and described as follows:

An easement for highway purposes, including the right to construct a retaining wall on the easterly end of Westglow street, is hereby taken.

Said easement is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to the Roman Catholic Archbishop of Boston (St. Ann's Church), bounded:

Westerly by three measurements, by land supposed to belong to Irene E. Benson, nineteen feet; again westerly by the easterly line of Westglow street, forty and 10-100 feet; again westerly by land supposed to belong to Edward P. Dwyer *et al.*, ten and 90-100 feet; northerly by other land supposed to belong to said Roman Catholic Archbishop of Boston, eight feet; easterly by other land supposed to belong to said Roman Catholic Archbishop of Boston, seventy feet; and southerly by other land supposed to belong to said Roman Catholic Archbishop of Boston, eight feet; containing five hundred sixty square feet, more or less.

Trees or structures standing upon or affixed to the aforedescribed land shall be removed therefrom within thirty days, following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Voted, That this commission determines that the undermentioned person sustains damages in his estate by the taking of an easement for highway purposes, including the construction of a wall, at the easterly end of Westglow street, Dorchester district, under the order of the commission of April 13, 1955, in the amount hereinafter set against it; and awards said amount therefor.

The Roman Catholic Archbishop of Boston, 560 square feet, $1.

LAYING OUT OF FARGO STREET, SOUTH BOSTON.

The Public Improvement Commission has ordered that a public improvement be made, consisting of the laying out (without construction) of Fargo street, South Boston district, as a public highway, from E street to Summer street, bounded and described as follows:

A highway named Fargo street is hereby laid out as a public highway, from E street to Summer street (without construction).

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by E street, eighty-one and 11-100 feet; northerly by the northerly line of Fargo street as hereby laid out, four hundred five and 92-100 feet; northeasterly by Summer street, eighty-nine and 17-100 feet; and southerly by the southerly line of said Fargo street as hereby laid out, five hundred twenty-six and 46-100 feet.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this commission determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out (without construction) of Fargo street, South Boston district, as a highway, from E street to Summer street, under the order of this commission of April 13, 1955, and awards no damages therefor.

WOOING FRINGE LOT PARKING PATRONS NOT EASY.

Enticing motoring commuters into fringe parking lots can be a difficult courtship. Recent experience in Washington, Baltimore, Cleveland, and St. Louis indicates that success cannot be achieved unless there is provided an attractive parking-transit fee, frequent bus service between the lot and central business district, and easy approaches to the lot. St. Louis offers a 5 to 7½ minute bus service, no parking fee, and a special 35-cent round-trip fare. Patronage of the 600-car lot is increasing, but a profitable operation has not yet been achieved. However, a survey of 500 of the lot's patrons showed 72 per cent rate the service as "excellent." Three out of four said they arrived closer to their downtown destinations than when they drove in. Private lots in downtown Cleveland are now getting short-term parkers—which produces more revenue for the operator than all-day parkers. In Baltimore the consensus is that fringe parking now "does not work".

Another necessity for cities planning fringe parking lots is the provision of convenient shelters to protect patrons from inclement weather. — *American Municipal Association Report.*

IMPORTANCE OF FOOD-BORNE DISEASE.

The relationship of food to disease continues to be an important public health program. The United States Public Health Service reported 327 outbreaks of food-borne disease in the United States in 1948, which resulted in 9,962 cases and 17 deaths. As only one out of ten cases of food-borne disease is ever reported, the resulting situation is far more important than available statistics would indicate.

The United States Public Health Service reports that there occurred in the United States in 1948, 30 cases and 6 deaths resulting from botulism; 74 cases and 1 death resulting from chemical food poisoning; 120 cases of dysentery; 8,832 cases and 7 deaths resulting from food infection and gastroenteritis; 270 cases of scarlet fever.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor, supplies, and commodities. Communications from heads of departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.
Purchasing Division.

BOSTON, April 12, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a requisition, No. 6724, from the Boston City Hospital for 100 cases gauze sponges, 3 inches x 3 inches, 12-ply, and 50 cases gauze sponges, 2 inches x 2 inches, 12-ply, to be delivered, as requested, from April 15, 1955, to September 30, 1955.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, directly to the manufacturer, Johnson & Johnson. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be $3,471, less 2 per cent discount, time of payment.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—

BOSTON, April 12, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt from the Parks and Recreation Department for parts for existing playground equipment.

M. E. O'Brien & Sons, Inc., have submitted an informal written quotation. This company is the New England agent for J. E. Burke Equipment Company of Fond du Lac, Wisconsin, who manufactures the equipment requested by the Parks and Recreation Department. It is therefore requested that permission be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to M. E. O'Brien & Sons, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be $2,420.90, plus freight charge of $102.08 or $2,522.98, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—

BOSTON, April 12, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a requisition, No. 6808, from the Boston City Hospital for 97 boxes Urokon sodium, 70 per cent, to be used in the X-Ray Department. Mallinckrodt Chemical Works, the manufacturer of this solution, has submitted an informal written quotation.

Inasmuch as the solution will be purchased direct from the manufacturer, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Mallinckrodt Chemical Works. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be $3,197.80, net cash.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

AUDITING DEPARTMENT.

BOSTON, April 13, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

I respectfully request your approval of the award of a contract, without advertising, with Remington Rand, Inc., for the maintenance and service of tabulating machine equipment of this department for the period commencing April 1, 1955, and ending March 31, 1956. The cost of this service for the year will be $5,971.88. Inasmuch as Remington Rand, Inc., is the manufacturer of this equipment it will be to the best advantage of the City of Boston to contract with them for the maintenance and service.

Respectfully,

JOSEPH P. LALLY,
City Auditor.

TREASURY DEPARTMENT.
Collecting Division.

BOSTON, April 12, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispense with the usual form of advertising and to award a contract for maintenance of two sorters, one interpreter, two tabulating machines, and four punch machines to Remington Rand, Inc., 857 Commonwealth avenue, Boston, at a cost of $2,691.95.

There is no competition in the awarding of this contract as Remington Rand, Inc., is the only company with available facilities to properly service their own machines.

Respectfully yours,

JAMES E. GILDEA,
Collector-Treasurer.

REAL PROPERTY DEPARTMENT.

BOSTON, April 12, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department extended invitations to several reputable general contractors to submit bids for alterations in Registry Department, tenth floor, City Hall Annex.

Bids were received from three general contractors, with the following result:

Paul J. Rogan Company, 24 Beaufort street, Jamaica Plain, $4,882; F. C. Dolan & Sons Company, 18 Aldworth street, Jamaica Plain, $4,950; S. J. Hingston, 326 Medford street, Charlestown, $4,976.

As time is an important factor in the above situation, and in my opinion nothing could be gained by publicly advertising as the low bidder's estimate is a very fair one, I respectfully request that permission be granted to award a contract to the Paul J. Rogan Company, of 24 Beaufort street, Jamaica Plain, Boston, in the sum of four thousand eight hundred and eighty-two (4,882) dollars.

Respectfully,

GEORGE P. DONOVAN,
Assistant Commissioner.

Additional cost as per this order: 40 linear feet at $2.34, $93.60.

AMENDMENT TO ORIGINAL AWARD OF DAMAGES.

The Public Improvement Commission has voted as follows:

That the amount of $50 be, and the same hereby is, awarded to Stanley W. and Marie C. Card for all damages sustained under the order of the Board of Street Commissioners and Mayor of July 17, 1953, for the laying out and construction of Deforest street, Hyde Park.

That the amount of $320 be, and the same hereby is, awarded to Robert J. Flynn for all damages sustained under the order of the Board of Street Commissioners and Mayor of March 25, 1953, March 30, 1953, December 18, 1953, for the laying out and construction of Hemlock road and Billings street, and the widening, relocation, and revision of grade of Hemlock road, West Roxbury.

That the amount of $175 be, and the same hereby is, awarded to Frances Damato for all damages sustained under the order of the Board of Street Commissioners and Mayor of March 25, 1953, for the laying out and construction of Ansonia road, West Roxbury.

That the amount of $65 be, and the same hereby is, awarded to Daniel V. and Margaret L. Lovett for all damages sustained under the order of the Board of Street Commissioners and Mayor of July 23, 1953, for the laying out and construction of Halsey road, Hyde Park.

That the amount of $75 be, and the same hereby is, awarded to Salvatore Mennoie for all damages sustained under the order of the Board of Street Commissioners and Mayor of April 29, 1953, for the laying out and construction of Solaris road, Hyde Park.

EXTENSION OF CONTRACTS.

Civil Defense.

Approval has been given for an extension of time in the electrical contract awarded to the Emerson Electric Company to February 25, 1955. This extension of time is necessary, due to other electrical work done for the city and because of the inclement weather of the winter season.

Public Works Department.

Approval has been given for the extension of the time of completion of the contract with the General Ship & Engine Works, Inc., 336 Border street, East Boston, approved January 27, 1955, for making emergency repairs to the central tower structure of the Charlestown Bridge drawspan, from February 4, 1955, to March 18, 1955. This extension was requested because after the work had commenced conditions found were such that the work was delayed pending further engineering studies concerning the bridge tower structure.

—

Approval has been given for the extension of the time of completion of the contract with C. A. Foley, 88 Broad street, Boston, approved March 14, 1955, for repairing the end lift jacks of the Northern Avenue Bridge, from April 12, 1955, to May 2, 1955. This extension was requested because the contractor had to have foundry and machine shop work done before starting the work of repairs.

—

Approval has been given for an extension of time for the completion of the contract with Joseph Amara & Son, 706 Hyde Park avenue, Roslindale, for artificial stone sidewalks in Mother Julia road, Ward 17 (southerly side); Dorchester avenue to approximately 225 feet westerly, from April 1, 1955, to April 16, 1955. This extension was requested because the contract was not approved until March 31, 1955, therefore the contractor had insufficient time to complete the contract before the original specified date of completion.

ADDITIONS TO CONTRACT.

Department of School Buildings.

H. Piken & Co. have been ordered to make the following addition to the contract for the Mather School:

Furnish labor and materials to paint all the stone mullions of windows in the assembly hall and window of two rear stairways according to department standards for painting, for the sum of $225, and the amount of $225 will be added therefor, making the account as follows: contract price, $11,200; total additions, $225; amount of contract, $11,425.

CONTRACTS AMENDED.

The Mayor has approved the following request:

Hospital Department.

Boston, March 13, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

On September 9, 1954, your Honor approved a contract with R. Tweed & Son, 249 Hyde Park avenue, Boston, for setting glass in various buildings at Long Island Hospital, due to the hurricane of September, 1954, in the amount of $1,700.

The work to be done under this contract had been completed when the second hurricane caused additional damage.

We respectfully request the above contract be amended by adding the sum of $574.54 for work done in repairing damage caused by the second hurricane, making the total amount of the contract $2,274.54.

Respectfully yours,

Richard J. Condon,
President.

RECONSTRUCTION OF BRADSTON STREET.

The Public Improvement Commission has ordered that a public improvement be made, consisting of the widening and reconstruction of Bradston street, Roxbury district, at the easterly corner of Southampton street, bounded and described as follows:

The highway named Bradston street is hereby widened and ordered reconstructed at the easterly corner of Southampton street.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Boston Consolidated Gas Company, bounded:

Southwesterly by the northeasterly line of Southampton street, twenty-nine and 33-100 feet; northwesterly by the southeasterly line of Bradston street as it existed prior to this order, twenty-nine and 33-100 feet; and southeasterly by the southeasterly line of Bradston street as widened under this order, thirty-eight and 89-100 feet on a curve of twenty feet radius; containing one hundred ninety-seven square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforedescribed land, shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Bradston street as hereby widened is bounded:

Southwesterly by the northeasterly line of Southampton street, twenty-nine and 33-100 feet; northwesterly by the southeasterly line of Bradston street as it existed prior to this order, twenty-nine and 33-100 feet; and southeasterly by the southeasterly line of Bradston street as hereby widened, thirty-eight and 89-100 feet on a curve of twenty feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this commission determines that the undermentioned persons sustain damages in their estate by the making of the public improvement, consisting of the widening of Bradston street, Roxbury district, as a highway, at the southeasterly corner of Bradston street, at Southampton street, under the order of this commission of April 13, 1955, in the amount hereinafter set against it; and awards said amount therefor.

Boston Consolidated Gas Company, 197 square feet, $1.

FORD FOUNDATION SCHOLARSHIPS

The Superintendent submitted the following Report of the Local Nominating Committee on the selection of High School teachers under the Fund for the Advancement of Education, Committee on High School Teacher Fellowships, 655 Madison Avenue, New York 21, New York:

The Local Nominating Committee selected the following High School teachers for the consideration of the National Committee on High School Teacher Fellowships:

1. Emmet T. Morrill, 2. John K. Keelon, 3. Mary A. Connolly, 4. Dudley J. Walsh, 5. John S. Bowes, 6. Patrick F. O'Connor.

With permission of the School Committee, the applications of these candidates will be forwarded to the National Committee on High School Teacher Fellowships, 655 Madison Avenue, New York 21, New York.

Local Nominating Committee:

Mary K. Fitzgerald, Chairman, Boston School Committee.

John C. Kiley, Jr., Boston Municipal Research Bureau.

Harry F. Keefe, Boston Citizens Council.

Francis E. Sullivan, Boston Bar Association.

Muriel S. Barnes, Greater Boston Chamber of Commerce.

Francis J. O'Connor, High School Teacher.

Philip J. Bond, Assistant Superintendent.

—

Mr. Lee: On this matter of Ford Foundation scholarships, my thoughts run somewhat similar to Mr. Ward's. I think at any time where a body with great wealth undertakes to sponsor various educational programs, you always like to ask the question: Who is going to make the decisions as to how those allocations shall be apportioned?

Chairman: Well, Mr. Lee, I think that Mr. Bond can best answer that. Do you know how those selections are made or who selects the projects sponsored by the Ford Foundation, Mr. Bond?

Mr. Bond: That is up to the individual teacher.

Chairman: No, Mr. Bond. Mr. Lee, I believe, is asking about the approval of the individual projects. As outlined by the Superintendent, the local committee selects the teachers whom they recommend for scholarships.

Mr. Bond: That is right, and that recommendation goes to the Central Committee for further study.

Chairman: And do you know the personnel of that Central Committee?

Mr. Bond: I don't know the personnel.

Mr. Lee: Well, the point I was making is that when a group with great wealth makes that wealth available to certain teachers or for certain educational purposes, it must almost of necessity apportion that wealth in accord with the ideas of those who operate that fund.

Chairman: Mr. Lee, would you like me to read you the names of the people on the National Committee on High School Teacher Fellowships? That is part of the Fund for the Advancement of Education, Committee on High School Teacher Fellowships, of the Ford Foundation; located at 655 Madison Avenue, New York 21, New York, and some of the people serving on that Committee nationally are people whom this Committee knows well or the Superintendent knows well:

Mr. Harold B. Gores, Chairman; Superintendent of Schools, Newton, Massachusetts;

Mr. Omer Carmichael, Superintendent of Schools, Louisville, Kentucky;

Mr. Herbert C. Clish, Superintendent of Schools, San Francisco, California;

Mr. William H. Cornog, President, Central High School, Philadelphia, Pennsylvania;

Miss Marcia Edwards, Associate Dean, College of Education. University of Minnesota;

Mrs. Hortense H. Levisohn, Principal, William Howard Taft High School, New York, New York;

Mr. Lloyd Michael, Superintendent, Evanston Township High School, Evanston, Illinois;

Mr. William L. Pressly, President, The Westminster Schools, Atlanta, Georgia;

Mr. Gerhardt E. Rast, Superintendent of Schools, Westport, Connecticut;

Mr. Virgil M. Rogers, Dean of the School of Education, Syracuse University, New York.

Those are the people serving on the National Committee on High School Teacher fellowships of the Ford Foundation, and they are the people who will pass upon the projects offered by our teachers who are seeking subsidy by the Ford Foundation.

Mr. Lee: Well, Madam Chairman, in this case I do not expect to oppose these scholarships for these six people; but I do want to point out in passing that we introduce a somewhat new principle into American life when we see a very wealthy foundation come on the educational scene and distribute monies, and distribute them, as it must, according to its best judgment in the last analysis.

If such a body is a body of great wisdom, the decisions and the distribution will be wise; if it's a body of less wisdom, they will not be particularly wise.

I am inclined to think the several school committees of the country have had greater wisdom than any one single agency which, because of its great wealth, can influence education in those school systems.

I have not been impressed by many projects of the Ford Foundation such as some long study about what controls public opinion or what controls thinking—a profound metaphysical subject which they are apparently going to approach with a test tube and measuring stick, which seems to be extremely superficial.

Would you be able to sketch for us what projects or some samples of the projects these teachers have chosen?

Chairman: You mean the projects discussed this afternoon?

Mr. Lee: I mean the projects these teachers have in mind.

Chairman: There are several English teachers. One of them, for example, proposed that he visit other school systems and discover whether they have better methods of teaching or use better methods of teaching English than we do. He would like to go over some of the literature and English language courses offered in our public schools and go over the entire curriculum with reference to the teaching of English to find out whether there might be some improvements made in it.

He would like to discover, for example—and this by means of a trip to England—why the English public is a much greater reading public than the American public seems to be. He wants to find out if that is so; and, if so, why

It is so. He seems to have the opinion that, for example, book sales in England double and triple book sales in the United States of America. That is one of the projects, as I recall it.

Another teacher asked for the opportunity to study at Harvard University on the subjects of psychology and history. She happens to be a high school teacher who has found it practically impossible to take the kind of courses necessary to broaden her knowledge in both history and psychology and still be on our teaching force, and these same courses with this same subject matter would not be offered during the summer months when it would be possible for her to attend school. Those were two of the people who come to my mind.

Another wanted to become an attache to a local state senator or state representative for the purpose of studying the operation of local government. I think that project was a most original one. I never heard anything of its type proposed before. This teacher felt that the whole subject of the operation of local government was neglected in our teaching of history, civics and government in our high schools, and he is proposing to become attached to some member of the State Senate or at the State House, perhaps several members of the State Senate, to do the kind of work which would bring him into the inner workings of local government so he would understand such workings better.

Those are three of the projects that come to my mind. Perhaps Mr. Bond has others that he could summarize.

Mr. Bond: Yes. One wanted to go into the French classrooms of New England, the Middle West, and the Far West to study methods of presenting French. He had formerly taught in France under a Fulbright scholarship, and he felt his inadequacy in letting the French scholars know how French was taught in different parts of this country.

Chairman: Also, Mr. Bond, I think he had this in mind. He had heard in his travels as a teacher that the City of Cleveland does one of the most outstanding jobs in the teaching of modern foreign languages of any city in the country, and he wanted to find out, if that were true, why was it true so that we might, let's say, do as well as Cleveland does.

Mr. Bond: Another man is a teacher of corrective reading in his own high school and would like to study further in that field and visit other centers where corrective reading is taught so as to gain further techniques in teaching.

Mr. Keelon is a commercial teacher and is very much interested in modern business machines. He wants to visit different commercial houses where these machines are used and learn their operation with the object of introducing several new machines into the Boston course of study.

I think that about completes it.

Chairman: That covers, I think, all of the projects that we heard about, Mr. Bond, or that we discussed today. Are there any further questions on the Ford Foundation scholarships? Then, if there are not, are the members ready to vote on that? Would you call the roll, Miss Reynolds?

Mr. Lee: What are we voting on? What is the motion?

Chairman: The motion is to approve the applications of the six teachers nominated by the local nominating committee for Ford Foundation scholarships.

Mr. Lee: And approve their leaving us?

Mr. Carr: Madam Chairman, in voting in the affirmative for this motion, does that presume that we will grant them a year's leave of absence if, in the eyes of the Ford Foundation, they are to be selected?

Chairman: I think that would be true, and Mr. Bond points out that each of the teachers nominated is entitled to a sabbatical leave and could present such a request.

Mr. Bond: With the exception of one.

Chairman: With the exception of one, they are entitled to a sabbatical leave without any fellowship.

On roll call, the applications of the six teachers approved by the Local Nominating Committee were approved for transmission to the National Committee on High School Teacher Fellowships by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Messrs. Lee, Musco, and Ward 5.

STATE AID FOR PUBLIC SCHOOLS

Mr. Musco: Madam Chairman, there is one other thing of vital importance, and that is the matter of that Statewide Committee for School Aid.

You asked me to bring back a report, and I submitted a seven page written report of progress of the Statewide Committee for School Aid. However, I would like to bring you up to date as there was a hearing held on last Wednesday, February 23rd.

House Bill 1567, a petition of Graham T. Winslow for legislation to increase state aid for public schools, was heard on February 23, 1955, in Room 480 at 10 A. M. before the Committee on Education.

House Chairman, John P. McMorrow, opened the hearing before an overflow crowd. Mr. McMorrow regretted that he was unable to obtain larger quarters for this hearing because every other large room was taken.

Mr. Samuel Atkinson opened the case for the State-Wide Committee for School Aid. In his remarks he reviewed briefly the general financial condition of education in Massachusetts and stressed the immediate need for relief upon the overburdened taxpayer. In Massachusetts today local property taxes pay 80% of the cost of education. This source of taxation is near the breaking point. With increased enrollments, teacher shortage, lagging school construction, statutory limitations on appropriating power, low salaries, and a desire to protect the money allotted for state aid to education, House Bill 1567 would double the present twenty-one million in state aid for public schools.

The new income to finance this twenty-one million dollars would come from two sources, namely, (1) elimination of the deduction in the state income tax of the Federal income tax payment; and (2) an increase of from 4% to 6% in the surtax on personal and corporation state income tax. (Manufacturing corporations would be exempt.)

The second speaker, Mr. Theodore Berard, Chairman of the Massachusetts Teachers Association, developed the history of General Laws, Chapter 70, which today allows twenty-one million dollars in state aid to public schools. For the past several years many bills for state aid to public education have been filed without much success. Today the true cost of public education in Massachusetts would be about 175 million dollars. Hence the base of taxation for public education must be widened to meet future needs.

The third speaker, Mr. Fred Pitkin, research director of the Massachusetts Teachers Association, stressed these facts: (1) In 1962 Massachusetts will need forty-two million dollars a year to aid its public schools because while pupil enrollments will increase 28%, the number of teachers needed will increase 24%. In 1954 the cost per pupil was about $274, but the low value of the dollar reduced this to about $219 per pupil. While the national increase in education was 48%, Massachusetts lagged far behind.

Chairman: This is on state aid?

Mr. Musco: That's right.

No. 2: That the United States Department of Education in its annual report for 1954 stated that the more money spent increases the quality of education on the grounds that high skills cost more.

Several members of the Legislature were recorded in favor of this legislation: Senator Mary L. Fonseca (D.) of Fall River, Senator George L. Evans (R.) of Wakefield, Rep. Carter Lee (R.) of Quincy, Rep. John P. McMorrow (D.) of Dorchester, Senator Mahar of Franklin and Hampshire, and John Coughlin of the Youth Service Board.

Chairman: That is Representative McMorrow?

Mr. Musco: Yes. You can tell by the names that this is the majority of the Committee on Education.

Graham T. Winslow, Chairman of the State-Wide Committee for School Aid, spoke about the origin, the members of the State-Wide group, and the purposes of H. 1567 and H. 1744.

The following groups of professional men and women had representatives speak in favor of this bill:

Massachusetts Congress of Parents and Teachers: Superintendent Gilson of Winchester; Stuart MacMillan, School Committee Organizations of Massachusetts; Professor Sprague of the Harvard School of Education, who proved that the Massachusetts Constitution upholds education as a state function; and Senator Fonseca of Bristol County, whose bill S. 232 has the same purpose as H. 1567.

Professor Simpson of the Harvard School of Education, who presented facts from the Chamberlain Report on Education (1915) as to the yardstick used to obtain money for state aid to education and the revaluation of the needs of education by a more powerful formula. As Massachusetts has led before in the educational field of America, the time for leadership is here again for her to lead. Massachusetts should be resolute and bold in State education.

Senator Evans, a member of the Committee on Education and a member of the powerful Fiscal Survey Committee, analyzed the cost of education in Massachusetts and suggested that a new formula should be used so that the cost of public education in Massachusetts today should be increased from twenty-one million to about thirty million dollars, an increase of about 43% to the Boston Public Schools.

The appearance of Chairman Mary K. Fitzgerald, Mr. Joseph Lee, and Mr. Louis F. Musco of the Boston School Committee before the Committee on Education strengthened the presentation of H. 1567.

The State-Wide Committee for School Aid, of which I personally am a member and also represent the Massachusetts Association of School Committees, wishes to express its appreciation to the Boston School Committee for its assistance in behalf of this bill. The audience reaction as shown by the questions asked about the various school committee members from Boston indicates that each speaker was a definite asset for H. 1567.

Senator Mary L. Fonseca expressed the belief that if the State-Wide Committee for School Aid would contact various members of the House and Senate, H. 1567 would become law.

It is also requested by the State-wide Committee for school aid that all persons, citizens, interested in this particular bill please contact their senators and representatives for a favorable reaction for further school aid.

Chairman: Mr. Musco, the Committee is grateful to you for serving on this committee as its representative and as a representative of the Massachusetts Association of School Committees.

Are there any questions of Mr. Musco concerning his report? Thank you very much for your presentation, Mr. Musco.

Mr. Musco: Madam Chairman, I only ask that these particular comments be placed in the public record so that every person interested in public schools who reads the paper can write to his representative and senator in relation to this particular bill which is in the interest of all the citizens of Boston—in fact, the whole Commonwealth.

Chairman: Thank you very much, Mr. Musco.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 11, 1955.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair and all the members present.

The Reverend Albert J. Shea of St. James Roman Catholic Church, Boston, was escorted to the rostrum.

INVOCATION BY REV. ALBERT J. SHEA.

O Mighty God, Whose triumph over death and sin is joyfully acclaimed, look down with favor upon the members of the City Council of Boston assembled here for the government of their fellow citizens. On this Easter Day Thy divine power has proved its supremacy over all things. We pray that Thy humble servants, the members of this Council, may have a full realization of their responsibilities in using that power to guide their fellow men in the civic government; that they may use that power wisely and zealously with the understanding that one day they must render an account of it to an omnipotent judge. Grant that this City of Boston may progress not only in material values but to that spiritual goal which transcends all others. With gratitude for the blessings of the past, we beseech Thee to guide, to correct, and to bless us. Amen.

The meeting was opened with the salute to the Flag.

RESIGNATION OF LOUIS E. GRACE.

The following was received:

City of Boston,
Office of the Mayor, April 11, 1955.

To the City Council.
Gentlemen:

You are hereby notified that I have accepted the resignation of Louis E. Grace, 97 Wellington Hill street, Mattapan, as constable authorized to serve civil process, as of April 7, 1955.

Respectfully,
J. B. HYNES, Mayor.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Constables with authority to serve civil process upon filing of bond for the term ending April 30, 1956: Edward F. Galvin, 11 Herman street, Roxbury; James M. Bushlow, 211 East Cottage street, Dorchester.

Referred to the Committee on Confirmations.

PROGRESS OF STUDY ON PROPOSED RENT INCREASES IN CHAPTER 372 HOUSING.

The following was received:

City of Boston,
Office of the Mayor, April 11, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the chairman of the Boston Housing Authority relative to your order of March 21, 1955, concerning possible increases in rentals in multiple-dwelling units constructed under chapter 372 of the Acts of 1946.

Respectfully,
J. B. HYNES, Mayor.

—

Boston Housing Authority,
April 6, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Subject: City Council Order of March 21, 1955, on Chapter 372 Rentals.

Dear Mayor Hynes:

In reply to your letter of March 24, 1955, on the above-referenced order, you are advised that this order was discussed at the Authority meeting of March 30, 1955.

The matter of the revision of rentals in the Chapter 372 multiple dwellings is still under study, and no changes will be made without consultation with the City Council Committee on Public Housing.

Very truly yours,
JAMES J. MAHAR, Chairman.

Placed on file.

TRAFFIC PLAN FOR JAMAICA-ARBORWAY AREA.

The following was received:

City of Boston,
Office of the Mayor, April 11, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your resolution of April 4, 1955, concerning a traffic plan for the Jamaica-Arborway section of Boston.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Public Works Department,
April 7, 1955.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of April 4:

"Whereas, It has been announced by Mr. Greenough that the Metropolitan District Commission intends to improve the Jamaica-Arborway; and

"Whereas, Legislation is now on file to improve the traffic conditions on that thoroughfare; therefore be it

"Resolved, That the Boston City Council, herein assembled, requests the Traffic Commissioner and the Public Works Commissioner to offer a traffic plan which would best suit the citizens of Boston insofar as the Jamaica-Arborway is concerned."

It is my intention to take up this matter with Commissioner Greenough, and request that arrangements be made for a conference on this matter with Commissioner Reilly and the undersigned at the time that preliminary plans are being prepared.

I am certain that we will be able to come to a satisfactory agreement with the M.D.C. concerning the development and construction of an improved artery to replace or supplement the Arborway.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CONTRACTS FOR COLLECTION AND REMOVAL OF REFUSE.

The following was received:

City of Boston,
Office of the Mayor, April 11, 1955.

To the City Council.
Gentlemen:

In accordance with the provisions of chapter 486, section 6, Statutes of 1909, it is required that contracts for collection of garbage and refuse in excess of one year be approved by the City Council.

I forward herewith communication from the Commissioner of Public Works recommending such approval in the case of contracts covering the East Boston district and the West Roxbury district of our city. These contracts are continued until March 31 of 1958.

Contracts in excess of one year are advantageous to the city, and it is the policy of this administration to stabilize collection procedure so that this type of contract will be for periods of two or three years. By such procedure the City of Boston can save substantial monies, as in the present case of the West Roxbury area, where the saving on long-term contract basis amounts to over $10,000 per year.

I respectfully request approval of your Honorable Body of the accompanying order.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Public Works Department,
April 7, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Under date of March 23, 1955, your Honor approved the awarding of two-month contracts — effective April 1 of the current year — for collecting and removing garbage and refuse in District 2, East Boston, and District 5A, West Roxbury, pending the approval of the City Council to the award of contracts in excess of one year to the contractors to whom the above-referenced short-term contracts were awarded. Your Honor also approved the awarding of 34-month contracts — effective June 1 of this year — in Districts 2 and 5A, with the understanding that the contracts for the latter-referenced periods would not be valid unless approved by the City Council, in accordance with the provisions of section 6 of the City Charter.

Following the procedure established by the Law Department two years ago, I submit herewith two executed copies of each contract document for the above-referenced districts for a 34-month period, from June 1, 1955, to March 31, 1958. The attached contract documents cover the districts listed below:

District 2, East Boston, Milano Brothers, Inc., closed trucks, from June 1, 1955, to March 31, 1958, $7,328 a month.

District 5A, West Roxbury, Frank J. Cavaliere, closed trucks, from June 1, 1955, to March 31, 1958, $10,350 a month.

The above-referenced contractors are exceptionally qualified, and the award of contracts for three-year periods instead of one-year periods will result in a saving of at least $10,200 annually to the city under the terms of the contract for the West Roxbury area. The contractor in the East Boston district bid the same per month for the one-year contract as for the three-year contract. Nevertheless, I feel that it is in the best interests of the city to award contracts over the three-year period in that district. Long-term contracts unquestionably are advantageous to the city, to the contractors, and also to the contractors' employees, and in the not too distant future all refuse collection contracts in the city, in my opinion, will be for two- or three-year periods.

At the present time current contracts are in effect in four districts for garbage and refuse collection work in excess of one-year periods; said contracts being awarded after obtaining the necessary approval of the City Council.

I respectfully recommend that the attached orders providing for the award of the above-referenced contracts be forwarded to the City Council for the approval of that Body.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

—

Ordered, That contracts made by the Commissioner of Public Works in the name and behalf of the City of Boston for the collection and removal of refuse be, and hereby are, approved under St. 1909, c. 486, s. 6, as follows:

1. Contract with Milano Brothers, Inc., for the collection and removal of refuse from District 2 (East Boston), so called, during the two-year ten-month period beginning June 1, 1955, and ending March 31, 1958.

2. Contract with Frank J. Cavaliere for the collection and removal of refuse from District 5A (West Roxbury), so called, during the two-year ten-month period beginning June 1, 1955, and ending March 31, 1958.

AMENDMENTS TO COUNTY CLASSIFICATION AND COMPENSATION PLAN.

The following was received:

City of Boston,
Law Department, April 11, 1955.

To the City Council.
Gentlemen:

On April 4, 1955, your Honorable Body passed an order requesting me to prepare an order "fixing the compensation grade of the Correction Officer at the Charles Street Jail as Grade 18 and the specialized Jail Officer as Grade 19." I construe this as a request to prepare an order fixing Grade 18 as the compensation grade of jail officer and Grade 19 as the compensation grade of jail officer and electrician, jail officer and mechanic, jail officer and assistant steward, jail officer and storekeeper, jail officer and receiver, jail officer and photographer, and jail officer and clerk.

I understand that there are 39 jail officers and, in addition, 9 jail officers with specialty. The change in compensation grade would result in a weekly salary increase of $5 for some, $6 for others, and $7 for others, depending upon each officer's length of service. The proposed change, even if it did not become effective until June 1, would thus involve an expenditure in the current year exceeding $7,000. Examination of that part of the hudget dealing with personal services at the jail discloses not only no sum available for salary increases but a deduction of $9,213 for anticipated salary savings. In the circumstances, so far as I am aware, there is no appropriation available for the changes in compensation grade proposed. Since an appropriation is unquestionably a necessary antecedent to a valid salary increase (*see* Adalian Brothers, Inc., *v.* Boston, 323 Mass. 629, 630-631, and cases cited, also Opinion of the Justices, 323 Mass. 764, 767, and cases cited, also St. 1909, ch. 486, sec. 16), I must accordingly decline to prepare the order requested.

Respectfully,
WILLIAM L. BAXTER,
Corporation Counsel.

Referred to the Executive Committee.

COMMUNICATION FROM PRESIDENT MAXWELL OF BOSTON COLLEGE.

A communication was received from President Joseph R. N. Maxwell, S.J., President of Boston College, thanking the City Council for its expression of appreciation for the work done at Boston College in sponsoring the series of seminars on the problems of Boston.

SALARIES OF FIRE FIGHTERS.

Coun. PIEMONTE offered the following:

Whereas, There is no fundamental distinction between a municipal employee and an employee in private industry. A city worker must provide his family with food, clothing, shelter, medical care, and other necessities of life precisely as any other worker must; and

Whereas, In most cases the city worker has a job which requires skill, duties and responsihilities similar to jobs in private industry. The fact that he is a "Public" employee does not dictate that he be treated differently from other workers as a second-class citizen; and

Whereas, Boston Fire Fighters Local 718 has been conducting a campaign for the past three (3) years to show why the Boston fire fighters should he granted a yearly wage of $4,500; and

Whereas, Boston fire fighters have fallen steadily behind in regard to wages as compared to the wages paid to professional fire fighters in all of the large cities in Canada and the United States; and

Whereas, All municipal employees surrender, either hy law or hy weight of public opinion, certain rights granted to employees in private industry, the most important of these being the right to strike; and

Whereas, If municipal workers' rights of economic force are taken away, they must at the very least, he provided with an honest and impartial hearing of their grievances; and

Whereas, Under the reorganization of the departments of the City of Boston there was created the Administrative Services Department which states their duties as in section four (4) as follows: "The Supervisor of Personnel shall — (b) make a continuing study of personnel problems, employment conditions and economic changes affecting the several departments of the city," and further states as follows: "(d) supervise the administration of all compensation plans established for employees of the city and recommend such changes in those plans as from time to time shall seem to him necessary or advisahle"; therefore, he it

Resolved, That the Boston City Council request the Supervisor of Personnel in conjunction with the Director of Administrative Services conduct at once, a survey and make a study of salaries of fire fighters in the several large cities of this country, and as a result of this study, recommend such changes that will bring the Boston fire fighters up to the standards where they belong and a copy of their recommendations he submitted to the Mayor, City Council, and Boston Fire Fighters Local 718 as soon as possible.

The resolution was adopted under suspension of the rules.

APPOINTMENT OF CITIZENS FISCAL SURVEY COMMITTEE.

Coun. McLAUGHLIN offered the following:

Ordered, That his Honor the Mayor appoint a Citizens Fiscal Survey Committee whose total memhership shall he an odd number of not less than nine, nor more than fifteen persons, representing, but not limited to, the following organizations: C. I. O., A. F. of L., Greater Boston Chamher of Commerce, Retail Trade Board, Boston Bar Association, Boston Real Estate Board, and the Port of Boston Commission, for the following purposes:

No. 1. To study, analyze and coordinate all presently existing proposals offered for the improvement of the general economic well-being of the City of Boston, with a view towards developing a definite official policy and program and to coordinate this policy and program with the policies and programs presently heing developed by the Boston Planning Board and with the policies and programs of such civic organizations as the Greater Boston Chamber of Commerce.

No. 2. To study the present organizational structure of the City of Boston to determine whether or not any services presently being provided by the City of Boston can be reduced, transferred to another governmental unit, or operated with nearby communities on a joint basis without impairing the proper operation of city government and without interfering with the health, safety, and the general welfare of the citizens of Boston.

No. 3. To study the present tax structure of the City of Boston with a view towards developing a proposed new tax structure, the object of which shall be to:

(a) Broaden the tax base of the City of Boston;
(b) Reduce the taxes on real property;
(c) Correct tax inequities; and be it further

Ordered, That said committee prepare a written report of its findings and recommendations for submission to his Honor the Mayor and the members of the Boston City Council not later than November 1, 1955, so that whatever legislation is needed to effectuate whatever program may be developed by this committee and accepted by his Honor the Mayor and the Boston City Council may be prepared for submission to the Great and General Court of the Commonwealth, for its consideration at its sitting commencing in January of 1956; and be it further

Ordered, That his Honor the Mayor consider the advisability of providing an appropriation of $25,000 in a supplementary budget to enable this committee to properly fulfill its purposes and avail itself of necessary expert and clerical assistance.

Coun. McCORMACK moved that the order be amended by inserting after the letters "A. F. of L." the letters "I. L. A." The motion was carried.

On motion of Councillor Ahearn the order as amended was referred to the Executive Committee.

CONGRATULATIONS TO TONY DeMARCO.

On behalf of the entire membership of the Council, President HURLEY presented him with copies of two resolutions passed by the Council on April 4, 1955, congratulating him on his achievements.

The champion made a brief speech thanking the members of the Council and promised to strive to continue to merit the confidence reposed in him.

SICK LEAVE FOR SCHOOL TEACHERS.

Coun. AHEARN offered the following:

Whereas, The teachers of the City of Boston are governed by different rules and regulations with respect to sick leave than other city employees; and

Whereas, It is considered fair and equitable to place school teachers on the same basis as all other employees with respect to allowances for sick leave, now therefore be it

Resolved, That his Honor the Mayor is hereby requested to investigate the matter of sick leave for Boston school teachers with a view to giving the teachers of the City of Boston the same rights as all other city employees with respect to sick leave.

The resolution was adopted under suspension of the rules.

PUBLISHERS OF COMIC BOOKS.

Coun. AHEARN offered the following:

Whereas, The printing, publication, sale, and distribution of certain comic books containing accounts of criminal deeds, of bloodshed, lust, or crime have a decidedly bad effect on our juvenile population, and such reading material should be prohibited; and

Whereas, Twenty-seven publishers of comic magazines have banded together and appointed their own censor, who promises to set up the "strongest code of ethics ever adopted by a mass-media industry"; and

Whereas, All publishers of undesirable comic books and similar publications should follow this excellent example and cooperate; now, therefore, be it

Resolved, That the Boston City Council in meeting assembled congratulates and commends the twenty-seven publishers who have voluntarily agreed to refrain from publishing undesirable and indecent comic books and to abide by a strict code of ethics; and be it further

Resolved, That the Boston City Council calls upon all the other publishers of comic magazines in the country to join with said twenty-seven publishers in following a proper code of ethics and thereby aiding in the campaign against juvenile delinquency through the abolition of indecent and improper comic books.

The resolution was adopted under suspension of the rules.

SPOTLIGHTS ON ARTERIAL HIGHWAY.

Coun. HURLEY and AHEARN offered the following:

Ordered, That the Commissioner of Public Works of the Commonwealth of Massachusetts be requested by his Honor the Mayor to have spotlights erected on the new arterial highway in the vicinity of the Sumner Tunnel to give additional protection to those police officers assigned to traffic duty there in the early evening and at night.

Passed under suspension of the rules.

Coun. FOLEY offered the following:

Ordered, That the representative of the Boston Housing Authority presently charged with development of the Urban Renewal Program for the city of Boston be requested to appear before the Executive Committee of the Boston City Council on Monday, April 25, 1955, to outline such progress as has been made toward an Urban Renewal Program for Boston.

Passed under suspension of the rules.

JITNEY FEEDER SERVICE TO FOREST HILLS AND/OR MATTAPAN STATIONS.

Coun. FOLEY offered the following:

Ordered, That the trustees of the Metropolitan Transit Authority be requested, through his Honor the Mayor, to consider the possibility of experimenting with a jitney feeder service to the Forest Hills and/or Mattapan Station in the West Roxbury and/or Hyde Park district on the following basis:

1. That limousines of seven- or eight-passenger capacity be used.
2. That in no case should there be a reduction in the present level of bus or trackless trolley service.
3. That the present feeder routes through these districts be not duplicated.
4. That the jitney service be operated on a flat fifteen-minute service basis.
5. That the additional fee, if any, be kept to an absolute minimum.
6. That a sufficient period be allowed to determine the efficiency of the plan.
7. That the experimental route or routes be laid out to service those parts of the district farthest from present feeder lines.
8. That the new service be given extensive advertising in the local newspaper in the district selected.

Passed under suspension of the rules.

OVER-ALL PLAN TO REDEVELOP CERTAIN PORTIONS OF BOSTON.

Coun. FOLEY offered the following:

Ordered, That the Boston City Planning Board consider the possibility and wisdom of an over-all plan to redevelop portions of Boston not usually attractive to private capital substantially with federal funds as follows:

1. Urban redevelopment of the West End area as presently proposed.
2. Urban renewal of an area bounded by Cambridge street, Scollay square, Mt. Vernon street, and Charles street.
3. Establishment of a site on the south side of Scollay square, to include a relocated City Hall, new State Office Building and other needed governmental structures, with parking facilities incidental thereto.
4. Use of the present City Hall site as an off-street parking facility.

The order was passed under suspension of the rules. Councillor McCormack moved reconsideration of the foregoing vote.

The motion was carried. On further motion of Councillor McCormack, the order was referred to the Executive Committee.

SECT. 3. This ordinance shall take effect on the Monday following its approval hy the Mayor.

The ordinance was passed under suspension of the rules.

MAINTENANCE OF WATERTOWN ARSENAL AT MAXIMUM CAPACITY.

Coun. McCORMACK offered the following:

Whereas, The economic health of the City of Boston depends not only on the prosperity of industry within the geographic confines of the City of Boston, but also on the success of private and public plants in the Greater Boston area; and

Whereas, The Watertown Arsenal is one agency in the Greater Boston area which employs many Bostonians, and greatly contributes to our economy; and

Whereas, The Watertown Arsenal has had in the past, and faces in the future, severe manpower cuts; therefore be it

Resolved, That the Boston City Council, in meeting assemhled, go on record as opposed to any further reduction of the skilled and unskilled working force at the Watertown Arsenal; and he it further

Resolved, That the Massachusetts delegation in Congress he encouraged to procure such federal contracts as are necessary to maintain this plant operating at maximum capacity so that our state of preparedness will not he jeopardized and our economic well-being will not be impaired.

The resolution was adopted under suspension of the rules.

MOTION FOR RECESS.

Coun. PIEMONTE moved that the Council take a recess for the purpose of going into Executive Session. The motion was lost.

Adjourned at 4.44 P.M., on motion of Councillor Ahearn, to meet on Monday, April 18, 1955, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

DIAGNOSTIC LABORATORY.

The work of the Boston Diagnostic Laboratory reflects the medical and lay interest in the causes and prevention of tuberculosis, Boston's highest bacterial cause of death and the fourth highest of all causes. With constant and continual immunization for diphtheria, typhoid fever, and whooping cough, and increased use of antibiotics in the treatment of venereal diseases, the annual total examinations for these latter diseases have not increased, while routine sputa examinations for tuberculosis have demanded a major part of the diagnostic services.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

(These examinations are for the service of the state, all cities and such towns as are classified under civil service. Persons qualifying in the examinations may have their names placed on the state list for the grade or grades for which they apply, as well as on the list for the city or town in which they have domicile. A separate application must be filed for each examination. A Manual for the Guidance of Applicants for Positions as Civil Engineers, Grades I and II, prepared by the Director of Civil Service, may be obtained from the Public Documents Division, Room 116, State House, Boston, at 10 cents a copy. It is desirable that applicants obtain a copy of this manual and study it carefully.

CIVIL ENGINEER, GRADE I, JUNIOR ENGINEERING AID, JUNE 4, 1955.

Last date for filing applications, Monday, May 16, 1955.

Salary: For the state service, the minimum salary is $2,880 a year, and the maximum salary is $3,600 a year. In cities and towns, the salaries vary.

Vacancies: From time to time.

Duties: Under immediate supervision, to assist on engineering work involving the least technical skill and responsibility, in the field, office or laboratory; and to perform related work as required.

Examples of Duties: Holding a rod; sharpening and driving stakes; cutting away brush to clear lines; occasionally running an instrument; making minor computations and calculations; plotting level notes; assisting on estimates; using a planimeter to calculate areas; making simple drawings and tracings; filing plans, profiles and survey books; inspecting minor details of construction as directed.

Entrance Requirements: Applicants must have at least one year of full-time paid experience in civil engineering or in general construction work. *Substitution:* High school or equivalent education may be substituted for the required experience on the basis of one year of education for three months of experience.

CIVIL ENGINEER, GRADE II, SENIOR ENGINEERING AID, JUNE 4, 1955.

Last date for filing applications, Monday, May 16, 1955.

Salary: For the state service, the minimum salary is $3,480 a year, and the maximum salary is $4,200 a year. In cities and towns, the salaries vary.

Vacancies: From time to time.

Duties: Under supervision, to assist on engineering work by performing assigned tasks in the field or office, involving some knowledge or training in civil engineering practice, but not of full professional rank or responsibility; and to perform related work as required.

Examples of Duties: Running a transit or level on preliminary and final surveys and in giving lines on construction work; having charge of a field party on small work; acting as an assistant to the resident engineer on construction work, in establishing lines and grades for the contractor and inspecting his work; making preliminary estimates for construction; taking field notes; drafting plans and sections from survey notes; keeping graphic records of length, kind of surface and other detail of highway routes.

Entrance Requirements: Applicants must have at least two years of full-time paid experience in civil engineering or in general construction work. *Substitutions:* (*a*) High school graduation or equivalent education may be substituted for one-half year of the required experience. (*b*) Engineering training in a recognized university or engineering school granting the bachelor's or equivalent degree may be substituted for the required experience on the basis of one successfully completed year of such education for one year of experience, provided that if more than one year is so offered, at least one year shall have been in civil engineering. (*c*) Civil engineering training in a recognized technical school not granting the bachelor's or equivalent degree may be substituted for the required experience on the basis of one successfully completed year of such education for one-half year of experience.

The following applies to each of the above examinations:

Subjects and Weights: Training and experience, 2; practical questions, including mathematics, 3; total, 5. Also, an optional test in drafting for those who desire to have their names certified on requisitions calling for this special qualification.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible. A mark of at least 70 per cent must be obtained in the optional drafting test in order to qualify in that subject.

CIVIL SERVICE MEDICAL EXAMINER, DIVISION OF CIVIL SERVICE, DEPARTMENT OF CIVIL SERVICE AND REGISTRATION, MAY 21, 1955.

Last date for filing applications, Monday, May 2, 1955.

Salary: The minimum salary is $5,820 a year for full-time employment; the maximum salary is $7,260 a year for full-time employment. (The present vacancy is for employment for approximately two-thirds' time.)

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: Under general direction, to make medical and physical examinations of applicants for civil service positions, and to record the results of such examinations on prescribed forms; to serve as a member of the Medical Board in reporting on cases referred by the director for review of medical and physical findings; and to perform related work as required.

The duties require that the Medical Examiner be available to conduct examinations at various examination centers throughout the Commonwealth at the hours designated by the Director of Civil Service and to attend the Medical Board meetings which are presently held about once a month.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements. Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Certification Requirement: Registration as a physician under the Massachusetts Board of Registration in Medicine.

CIVIL SERVICE EXAMINATION.
(STATE SERVICE.)

METROPOLITAN POLICE PATROLMAN, METROPOLITAN DISTRICT COMMISSION, JULY 15, 1955.

Last date for filing applications, Friday, June 24, 1955.

Salary: The minimum salary is $3,540 a year; the maximum salary is $4,260 a year.

Vacancies: From time to time.

Duties: The duties are those of a regular patrolman.

Entrance Requirements: Applicants shall be not less than twenty-two nor over thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Any veteran who will have attained the age of twenty-one within six months of the date of any scheduled examination for police service shall not be deemed ineligible for examination and appointment provided that he meets all other pertinent requirements of the Civil Service laws and regulations (chapter 287 of the Acts of 1947).

Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within five years after the date of honorable discharge. (Chapter 179, Acts of 1950.)

Applicants must be not less than 5 feet 8 inches in height and must meet minimum weight requirements according to the following table, in which height is given in inches in bare feet and weight in pounds without clothing:

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR GENERAL MODERNIZATION OF GIRLS' LATIN SCHOOL (FORMERLY DORCHESTER HIGH SCHOOL FOR GIRLS), TALBOT AVENUE, DORCHESTER, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for general modernization of Girls' Latin School (formerly Dorchester High School for Girls), Talbot avenue, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, May 17, 1955, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed and plainly marked with the description of the work to be done. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of $7,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals filed with the Awarding Authority shall be submitted in sealed envelopes, plainly marked with the title of the work; division of the work for which bid is submitted; subcontractor's name; and subcontractor's business address. All such bids shall be in the possession of the Awarding Authority and delivered or mailed to the general contractor no later than 12 o'clock noon, Tuesday, May 10, 1955.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount as specified in the following for the subbid item of work as listed below shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority:

Glazing	$300
Resilient Floors	200
Marble Tile and Terrazzo	200
Painting	800
Roofing and Sheet Metal	1,500
Plumbing	500
Heating and Ventilating	1,500
Electrical Work	1,000
Waterproofing, Caulking, Dampproofing	300

The bid deposit shall be in a separate envelope, plainly marked "Bid Deposit."

Specifications and plans may be obtained at the office of the Awarding Authority on or after Wednesday, April 27, 1955.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general contractor.

A deposit of a certified check in the sum of $50, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids on any item or items in accordance with the provisions of sections 44A to 44E, inclusive, of chapter 149 of the General Laws, as amended.

PROPOSALS FOR PAINTING CONCRETE SWIMMING POOLS AT ENSIGN JOHN J. DOHERTY, JR., PLAYGROUND, CHARLESTOWN, MASS.

The Commissioner of Parks and Recreation of the City of Boston, 33 Beacon street, invites proposals for painting concrete swimming pools at Ensign John J. Doherty, Jr., Playground, Charlestown, Mass. Forms of proposals must be obtained at the Engineer's office of the Parks and Recreation Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed and marked "Proposal for Painting Concrete Swimming Pools at Ensign John J. Doherty, Jr., Playground, Charlestown, Mass.," and left before 2 o'clock P.M. on Tuesday, May 3, 1955, at the office of the Parks and Recreation Department, with a certified check for $100, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the Engineer's office of the Parks and Recreation Department. The successful bidder will be required to provide for public liability and property damage insurance and for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulations will be required prior to the award of said contract. The Commissioner reserves the right to reject any or all proposals.

MAYOR HYNES FOR CONSUMERS OF NATURAL GAS IN BOSTON—SENDS WIRES TO BAY STATE CONGRESSIONAL DELEGATION, BOTH CONGRESSMEN AND SENATORS, ASKING THAT MAJOR PRODUCERS BE PREVENTED FROM JUMPING PRICES AT SOURCE TO DETRIMENT OF CONSUMERS—BILL NOW PENDING IN CONGRESS.

The following telegram was sent to Congressmen McCormack, Wigglesworth, and Curtis and Senators Kennedy and Saltonstall:

PENDING IN THE CONGRESS IS H.R. 4560, WHICH, IF ENACTED, WILL EXEMPT PRODUCERS OF NATURAL GAS FROM FEDERAL PRICE REGULATION. DESPITE FACT THAT PRODUCTION COSTS REPRESENT ONLY 10 PER CENT OF PRICE FOR NATURAL GAS PAID BY CONSUMER, NEVERTHELESS, 85 PER CENT OF GAS PRODUCED IS BY SMALL NUMBER OF LARGE PRODUCERS. AT PRESENT TIME THERE IS NOTHING TO PREVENT MAJOR PRODUCERS FROM INCREASING PRICE OF GAS AT THE SOURCE TO DETRIMENT OF CONSUMER. SINCE

BOSTON RED SOX TO SPONSOR, WITH PARKS AND RECREATION DEPARTMENT, A DIVISION OF DEPARTMENT BASEBALL LEAGUES KNOWN AS "RED SOX LEAGUES"—YOUNGSTERS UNDER SIXTEEN ELIGIBLE.

Mayor John B. Hynes has announced that the Boston Red Sox, in conjunction with the Boston Parks and Recreation Department, will sponsor a division of the Boston Park Baseball Leagues to be known as the "Red Sox Leagues." Every youngster in the city under sixteen years of age will be eligible for membership. Teams may be uniformed, but uniforms will not be a requirement.

At a conference with General Manager Joe Cronin of the Boston Red Sox, Commissioner of Parks and Recreation Frank R. Kelley, and Director of Recreation Pat Ryan, it was decided to organize at least one of these leagues in each district of the city. Each of these district leagues will be named after a player on the Red Sox roster.

Organizational meetings in the form of a "Baseball Jamboree" will be con-

BOSTON PROTECTED FROM CONTAMINATED POLIO VACCINE — ONLY 75 VIALS FROM CALIFORNIA CONCERN WHOSE PRODUCT HAS BEEN BANNED, DISTRIBUTED, AND MAYOR JOHN B. HYNES HAS BEEN NOTIFIED THAT HEALTH DEPARTMENT IS RECOVERING THOSE — INCIDENCE OF CASES HAS BEEN VERY LOW FOR SEVERAL YEARS—MAYOR HAS BEEN INFORMED BY HEALTH COMMISSIONER DR. JOHN H. CAULEY.

The following statement has been issued by Mayor John B. Hynes on local polio situation:

Following notification of the ban on polio vaccine produced by the Cutter Laboratory, Boston's Health Commissioner, Dr. John H. Cauley, took immediate steps to determine how much of the vaccine had been shipped into Boston and whether or not it had been distributed to physicians for use.

An immediate survey revealed that although some 220 vials had been received by drug distributors in Boston, all but 75 vials were still in their hands and had not been given to physicians. The 75 vials which were distributed to physicians are being traced and unused material recalled. At this time parents can be reassured that no Cutter polio vaccine will be used in Boston until further directives are received.

Boston has not had any sort of a polio outbreak for many years, the annual incidence of polio cases being extremely low, with few if any cases occurring before the middle of June. In 1949 there was but one case before June 15; none at all in 1950, 1951, and 1952. Two cases occurred before the middle of June in 1953, only one in 1954, and one so far this year. Since the expected seasonal rise in the number of polio cases occurs so late in Boston, the free vaccine to be distributed for use of the first and second grade children by the National Foundation for Infantile Paralysis has not been received. There is no definite assurance that it will be received within the next ten days, during which time the present problem as it pertains to the use of the vaccine will probably be solved by the National Institute of Health.

Every organization which has received any of the vaccine manufactured and distributed by the Cutter Laboratories has been most cooperative and has given a strict accounting of the vaccine which it has received. Several of the concerns which received the vaccine had distributed no vaccine to pharmacies, hospitals, or clinics for use. Very small amounts of the vaccine had been distributed, and the Boston Health Department is making every effort to contact all physicians who have administered the vaccine. More than 50 per cent of the vials which were originally shipped to this area are either on their way back to the Cutter Laboratories or are being shipped back today. Of the 300 vials in this area seventy-five were distributed outside the City of Boston. Every Boston physician who has received any of this Cutter vaccine is being contacted in order that a careful check may be made regarding the vaccine which they have either received or administered.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

CONTRACT AWARDED FOR TESTING, INSPECTING, DESIGNING AND CONTROLLING BITUMINOUS AND CEMENT CONCRETE MIXES USED BY CITY — PROVISION MADE BY PUBLIC WORKS DEPARTMENT FOR BEST OF STREET CONSTRUCTION AND RECONSTRUCTION — THOMPSON & LICHTNER COMPANY, INC., AWARDED CONTRACT.

The Public Works Department exercises special care in the selection of materials used in the construction and reconstruction of streets by controlling bituminous and cement concrete mixes so as to make sure the city gets all it contracts for. This is shown in the following letter, received by Mayor John B. Hynes, from George G. Hyland, Commissioner.

Public Works Department.

Boston, March 29, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

For the past several years contracts have been awarded to Thompson and Lichtner Company, Inc., for testing, inspecting, designing, and controlling bituminous and cement concrete mixes used by the department and by contractors working for the department on street construction and reconstruction work.

The work done by this firm of testing and consulting engineers has been very satisfactory, and it is my opinion that it would be in the best interests of the city to award a contract to said firm providing for the testing and inspection of the above-referenced types of highway materials used during the current year on our street construction and reconstruction program.

The amount of money spent for services of this nature represents only a small percentage of the cost of the materials used on our street work, and a contract of this type unquestionably is a good investment and may be considered as insurance. The testing and consulting engineer provides a control engineer at each asphalt plant to supervise operations and to control and design the asphaltic pavement mixes. The inspection service assures not only the quality of the material, but also the quantity. The latter-referenced item is very important, because we now pay street construction contractors for roadway materials furnished on a tonnage basis rather than on a square yard basis, which was the policy up to five years ago.

The change in policy from square yards to tonnage has been beneficial to the city and, in my opinion, is the fairest method of payment from a contractor's point of view. The firm of Thompson and Lichtner also makes field tests when necessary, and—in general—is in complete charge of the design and control of the asphaltic and cement concrete materials from the time that they are mixed at the plant to their delivery at the site of the particular highway project. The engineer has agreed to accept a new contract for the current year on the same terms, conditions, and unit prices that prevailed in the 1954 contract, which, incidentally, was awarded at the same unit prices and conditions that were in effect in the 1951 contract. A contract of this type should be awarded at a price at which we are certain that the quality of service rendered by the contractor will not be detrimentally affected

The 1954 contract provided for fair and reasonable payments that assured adequate and competent supervision and control of the pavement mixes, and it is my opinion that the proposed new contract should parallel in all respects the 1954 contract. This type of contract is one that does not lend itself to publicly advertising for proposals, because the service rendered and the integrity of the firm are of more importance than the price factor, although the cost is a consideration. In this particular case the price for which the above-referenced firm has agreed to perform the services required under the contract provisions is fair and reasonable, and it is my unqualified opinion that nothing would be gained by publicly advertising for proposals.

I respectfully request, therefore, that you authorize me to dispense with advertising and to award a contract to Thompson and Lichtner Company, Inc., for testing, inspecting, designing, and controlling bituminous and cement concrete mixes used by or under the direction of the department during the current year on street construction and reconstruction work, on the basis of agreed prices and with the understanding that the contract will not exceed the total amount of $35,000. The so-called agreed prices will be the same as those provided in the 1954 contract.

Respectfully yours,

George G. Hyland,
Commissioner of Public Works.

MAYOR HYNES SENDS TELEGRAM TO MASSACHUSETTS SENATORS AND CONGRESSMEN IN REGARD TO PRICE OF NATURAL GAS.

(Continued from page 533.)

1950 GAS AT THE WELL HEAD HAS INCREASED 20 PER CENT. NATURAL GAS NOW COSTS LOCAL GAS COMPANY 55.96 CENTS FOR ONE THOUSAND CUBIC FEET, AS AGAINST PREDICTED AND EXPECTED PRICE OF 40 CENTS.

BOSTON IS NOW BEING SERVED WITH MIXED GAS, SUPPLYING 187,610 CUSTOMERS. ANY FURTHER UPWARD RISE IN NATURAL GAS PRICE AT SOURCE WILL BE PASSED ALONG TO THESE CUSTOMERS. IT IS LIKELY THAT ANY FURTHER INCREASES WILL PRICE NATURAL GAS OUT OF THE HOME HEATING MARKET. COMPLETE FREEDOM FROM REGULATION COULD MEAN SUCCESSIVE INCREASES FOR NATURAL GAS, WITH RESULT THAT NATURAL GAS COULD EXCEED COST OF MANUFACTURED GAS. SUCH EVENTUALITY WOULD BE IN DIRECT VIOLATION OF UNDERSTANDING OF CONSUMING PUBLIC THAT NATURAL GAS WOULD BE LESS IN PRICE THAN MANUFACTURED GAS.

FEDERAL REGULATION OF BUSINESS GENERALLY IS NOT ADVISABLE. HOWEVER, WHENEVER A BUSINESS IS ENGAGED IN SUPPLYING A PUBLIC NECESSITY AND WHENEVER THAT BUSINESS MAY BECOME MONOPOLISTIC, IT IS ADVISABLE, IN MY OPINION, THAT CONSUMER BE PROTECTED BY FAIR AND REASONABLE REGULATIONS OR CONTROLS. I TRUST YOU WILL HAVE OPPORTUNITY TO GIVE H.R. 4560 YOUR CLOSE CONSIDERATION AND OPPOSE ITS PASSAGE.

John B. Hynes,
MAYOR OF BOSTON.

ducted in each district of the city. The jamboree program will consist of a panel of baseball experts, including Red Sox scouts, entertainment by local youngsters, registration of the teams, and the showing of the film "Baseball in Boston," a moving-picture story of the Red Sox in action. Mayor Hynes extends an open invitation to all parents and youngsters of this age group in an effort to emphasize this healthy youth program.

The following is the schedule of "Baseball Jamborees" for the coming week:

Dorchester district, Old Dorchester American Legion Post, Wednesday, April 27, 8 P.M.

Brighton district, Brighton Municipal Building, Thursday, April 28, 8 P.M.

Hyde Park-Mattapan district, Hyde Park Municipal Building, Thursday, April 28, 8 P.M.

Charlestown district, Charlestown Housing Auditorium, Friday, April 29, 8 P.M.

INSTRUCTIONS AS TO SUPPLEMENTARY BUDGET ISSUED TO DEPARTMENT HEADS.

City of Boston,
Administrative Services Department,
April 25, 1955.

To Department Heads.

A supplementary budget will be submitted to the City Council on May 16, 1955. The primary purpose of this appropriation measure will be to provide for departmental needs and requirements which have developed since the submission of the 1955 budget estimates. Requests for supplementary allowances must be limited to items associated with essential and important services which can not be performed within the budget appropriations already approved for the current year. Any question concerning the nature and type of items to be included in the supplementary budget should be referred to the budget analyst assigned to your department.

Item estimates are to be prepared in triplicate on Budget Form No. 12, copies of which may be secured at Room 50, City Hall. Each item request must be supported by a full explanation of the purpose and necessity of the appropriation desired. Two copies of the estimates must be returned to the Director of Administrative Services not later than May 6, 1955. They should be accompanied by a letter of transmittal, signed by the department or division head, summarizing by main appropriation groups the total of the supplementary request.

Very truly yours,

Charles J. Fox,
Director.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following transfers of appropriations:

Mayor's Office.

From 369, Supplies and Materials (Not Otherwise Classified), $240, to 569, Office Furniture and Equipment, $240.

Public Works Department.

Water Division.

From 397, Public Works Supplies and Materials, $1,205, to 711, Extension and Improvement of Water Mains, $1,205.

LAYING OUT OF DONWOOD TERRACE.

The Public Improvement Commission has ordered that a public improvement be made, consisting of the laying out (without construction) of Donwood terrace, Dorchester district, between Gladeside avenue and Ridgeview avenue, bounded and described as follows:

A highway named Donwood terrace is hereby laid out (without construction) between Gladeside avenue and Ridgeview avenue.

Said highway and the land, exclusive of trees, shrubs, or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by the southeasterly line of Gladeside avenue, fifty-six and 16-100 feet; northeasterly by the northeasterly line of Donwood terrace as hereby laid out by three measurements, eleven and 97-100 feet on a curve of eight feet radius, three hundred fifty-three and 61-100 feet, and thirteen and 10-100 feet on a curve of eight feet radius; southeasterly by the northwesterly line of Ridgeview avenue, fifty-six and 13-100 feet; and southwesterly by the southwesterly line of Donwood terrace as hereby laid out by three measurements, twelve and 4-100 feet on a curve of eight feet radius, three hundred fifty-three and 18-100 feet, and thirteen and 16-100 feet on a curve of eight feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this commission determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out (without construction) of Donwood terrace, Dorchester district, as a highway, between Gladeside avenue and Ridgeview avenue, under the order of the commission of April 20, 1955, and awards no damages therefor.

LAYING OF SEWER AND DRAIN PIPE.

The Public Improvement Commission has passed the following order:

Ordered, That approximately 450 linear feet of 10-inch pipe sewer, including 450 linear feet of 10-inch pipe surface drain, at an estimated cost of $5,175, be constructed in Manchester street, from a point 200 feet east of Cedar street to Idaho street, Dorchester district.

Ordered, That this commission estimates that the undermentioned parcels of land situated on the northerly side of Manchester street, as shown on a plan marked "City of Boston, Plan No. 1453-C, Sewerage Works, Manchester Street, Dorchester, April 13, 1955, James W. Haley, Chief Engineer, Survey Division, Public Works Department," and on file in the office of this department, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, in the amounts hereinafter respectively set against them:

BUILDING DEPARTMENT.

Upon April 20 the Mayor approved a contract as requested in the following letter:

BOSTON, April 18, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 28, 1955, the attention of the department was called to a serious condition on premises at 295 and 297 Broadway, Ward 3. The front wall at roof line is bulged and liable to fall into street and the rear wall is also bulged. This building has a pitched roof which further enhances the danger from the bulged walls.

Your Honor's permission to enter the premises to remove the building having been obtained, invitation bids were solicited from thirteen wrecking contractors who customarily do such work for the department. Five of the wreckers have submitted bids as follows:

American Building Wrecking Company, $2,400; New York Building Wrecking Company, $2,265; City Building Wrecking Company, $1,775; Central Building Wrecking Company, $1,745; Michael J. Reardon, $1,440.

Accordingly, since the public safety requires immediate action, I ask your Honor's permission to award the contract to Michael J. Reardon, the lowest bidder, at $1,440. The condition is so serious that the work must begin at once.

Very truly yours,

CHARLES A. CALLANAN,
Building Commissioner.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon April 22 the Mayor approved a contract as requested in the following letter:

BOSTON, April 18, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement in the *City Record* of March 19, 1955, the following list of bids was received and publicly opened and read aloud on March 30, 1955, for interior and exterior painting at the Brighton High School:

Doll Painting Company, $14,540; John W. Egan Company, $20,608; Frank W. Gazzola, $21,000; Kabot Painting Company, $22,413; D. M. McCartin Company, $22,865; Lester L. Bateman, $24,414; R & F Painting Company, $25,200; R. Tweed & Son, $28,227.

Replying to my inquiry concerning the work and contracts performed by the Doll Painting Company prior to the submission of bids, the Doll Company over a notarized signature recorded as their amount of work performed over a five-year period the following work on school buildings:

Osgood School, Medford, $265; Curtis School, Medford, $665; Fulton School, Medford, $1,935; Warren School, Newton, $280.

I do not consider the above experience sufficient to entrust to this company a

contract of the size of the work to be done at Brighton High School. Also there is a time element involved as work must be completed by August 31, 1955.

Therefore, subject to your Honor's approval, I am awarding a contract for interior and exterior painting at Brighton High School to John W. Egan Company, 21 Pleasant street, Newton Centre, in the amount of $20,608, as in my opinion this firm is the lowest responsible bidder of those who responded to our advertised invitation for proposals, and it is believed that this is in the best interests of the City of Boston.

Very truly yours,

James H. Mooney,
Superintendent of Construction.

Parks and Recreation Department.

Upon April 22 the Mayor approved a contract with Doerico Construction Company, Inc., for subsoiling and concrete liners at Mount Hope Cemetery, West Roxbury. Bids, opened Friday, April 15, were as follows:

Public Works Department.

Upon April 21 the Mayor approved a contract with Joseph Capone & Son for sewerage works in Farwell avenue, Hyde Park, and Savannah avenue, Dorchester, at an estimated cost of $6,199, including concrete pipe. The work to be done under this contract is to be completed within 30 days after approval by the Mayor. The following bids were received April 13:

Including Clay Pipe.—Joseph Capone & Son, $6,299; H. DiTullio & Sons, Inc., $6,312; D. Federico Company, $6,318.50; R. A. Buccella & Sons, Inc., $6,447; Roslindale Contracting Company, $6,597; Susi & DeSantis Company, Inc., $6,676.50.

Including Concrete Pipe.—Joseph Capone & Son, $6,199; H. DiTullio & Sons, Inc., $6,212; D. Federico Company, $6,268.50; R. A. Buccella & Sons, Inc., $6,427; Roslindale Contracting Company, $6,497; Susi & DeSantis Company, Inc., $6,626.50.

—

Upon April 21 the Mayor approved a contract with C. Russo, Inc., for sewerage works in Fairview avenue, Alvarado avenue, Alwin street, Stonehill road, and Cheryl Lane, Hyde Park, at an estimated cost of $12,547.20, including concrete pipe. The work to be done under this contract is to be completed within 60 days after approval by the Mayor. The following bids were received April 13:

Including Clay Pipe.—C. Russo, Inc., $12,732.20; R. A. Buccella & Sons, Inc., $13,576; Joseph Capone & Son, $13,672; Susi & DeSantis Company, Inc., $13,913.25; D. Federico Company, $14,909; N. Bevilacqua & Sons, $15,492.90; Roslindale Contracting Company, $16,124.70.

Including Concrete Pipe.—C. Russo, Inc., $12,547.20; R. A. Buccella & Sons, Inc., $13,539; Joseph Capone & Son, $13,579.50; Susi & DeSantis Company, Inc., $13,867; D. Federico Company, $14,872; N. Bevilacqua & Sons, $15,492.90; Roslindale Contracting Company, $16,032.20.

—

Upon April 21 the Mayor approved a contract with J. A. Susi & Sons, Inc., for bituminous concrete pavement in Alvarado avenue, Chesterfield street, Danny road, Manila avenue, Reynold road, and Vallaro road, Ward 18, at an estimated cost of $57,241.25. The work to be done under this contract is to be completed September 1, 1955. The following bids were received April 15:

J. A. Susi & Sons, Inc., $57,241.25; J. D'Amico, Inc., $57,938.25; S. J. Tomasello Corporation, $57,961.95; Carriere Construction Company, $58,345.80; Rufo Construction Company, $59,755.67; P. V. Barone Corporation, $61,937.20.

Real Property Department.

Upon April 22 the Mayor approved a contract with John P. Barolis and William J. Skudris, a partnership, they being the highest bidder, in the amount of $3,805 per month, for the leasing of the off-street parking facility on Pearl, Franklin, and Hartford streets, Boston, for a term of six months, beginning May 1, 1955, and ending October 31, 1955, as follows:

John P. Barolis and William J. Skudris, a partnership, $3,805 a month.

Court Street Parking Company, $3,100 a month.

Kendall Square Garage Company, Inc., $3,025 a month.

Boston Auto Parks, Inc., $2,710 a month.

William J. Sakawich and Joseph Pastor, a partnership, $2,526 a month.

School Committee.

The School Committee has approved proposals for the cleaning of glass in windows, ventilators and entrances of School Committee Administration Building and glass in windows and transoms of School Committee Supply Room and windows and entrances of School Committee Administration Building Annex. Bids, opened Tuesday, March 8, were received from the following concerns:

Bay View Window Cleaning Company, Boston Window and Floor Cleaning Company.

Awards were made to the lowest responsible bidders, as follows:

Bay View Window Cleaning Company, $540.

Boston Window and Floor Cleaning Company, $738.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with contractors, supply houses, etc., for furnishing labor, etc. Communications from heads of the departments interested were as follows:

Administrative Services Department.
Purchasing Division.

Boston, April 18, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The Welfare Department has submitted a requisition to this office for 560,000 I.B.M. checks and another requisition for 1,220,000 I.B.M. cards.

Inasmuch as these checks and cards must be purchased directly from International Business Machines Corporation, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to this company.

Approximate total amount of contract will be $3,547.70, net, f.o.b. Endicott, New York. Price includes cost of eleven new electroplates.

Respectfully yours,

John V. Moran,
Purchasing Agent.

—

Boston, April 18, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

This office is in receipt of a requisition from the Boston City Hospital for approximately 4,000 ounces of mothers' milk.

The Directory for Mothers' Milk, Inc., 221 Longwood avenue, Boston, is the only distributor for mothers' milk. In view of this fact, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to the Directory for Mothers' Milk, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract for the above quantity, at 30 cents per ounce, will be $1,200, net. Period of contract will be from May 1, 1955, to December 31, 1955.

Respectfully yours,

John V. Moran,
Purchasing Agent.

—

Boston, April 20, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

This office is in receipt of a requisition from the Printing Section for 250,000 No. 9 white Mono outlook envelopes as per specifications. Immediate delivery of these envelopes is a necessity.

Since time does not permit us to publicly advertise for prices, informal requests for prices were solicited from three local manufacturers. Bids were received from two of the manufacturers.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to William J. Travers doing business as Travers Envelope Company, the lower of the two bidders. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be $1,462.50, less 2 per cent discount for payment within ten days.

Respectfully yours,

John V. Moran,
Purchasing Agent.

Library Department.

Boston, April 21, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The trustees of the Public Library respectfully request the approval of your Honor for the award of a contract, without public advertising, to the Library Service Division of Bro-Dart Industries, 59 East Alpine street, Newark, New Jersey, for the purchase of Plasti-Kleer book jacket covers for the period April 1, 1955, through March 31, 1956.

Since the Plasti-Kleer book jacket covers are patented items and can be obtained only from the Library Service Division of Bro-Dart Industries, no

useful purpose would be served in advertising for bids. The cost of these covers for the period of the contract will not be in excess of $5,908. The trustees have therefore

"*Voted*, That there be awarded without public advertising to the Library Service Division of Bro-Dart Industries, 59 East Alpine street, Newark, New Jersey, a contract for the purchase of Plasti-Kleer book jacket covers for the period April 1, 1955, through March 31, 1956, at prices per unit as follows: 6 inches to 9¼ inches, 7¼ cents; 9½ inches to 12 inches, 12¼ cents."

Inasmuch as the total cost for the covers will exceed $1,000, there is respectfully requested permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,
MILTON E. LORD,
Director.

PARKS AND RECREATION DEPARTMENT.
BOSTON, April 22, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In order to carry out our garden program at the Cummings Estate in Woburn for 1955, it is necessary that we arrange for the transportation of children from all sections of the city to take part in this program. For the past few years the cost of transporting children—by bus for those living in some sections of the city and by railroad for those living in the North End section—has been paid by the Park Department from the income of the Randidge Trust Fund.

All arrangements for transportation are made through the Boston School Department under the supervision of Henry G. Wendler, supervisor of gardening for the schools and for the entire garden program at the Cummings Estate. In previous years the buses were hired from the Metropolitan Transit Authority on service order from the Park Department and were paid directly through the City Auditor's office by the Park Department. Railroad fares were paid by the School Department under their own order numbers, and at the end of the season the School Department, through the Business Manager, bills the Randidge Trust Fund Income for the amount of the railroad transportation.

We have received a request from the School Department for the same arrangement for this year. The rate for buses in 1955 will be $33.25 per bus per day, the same as in 1954. The railroad charges will be at the current fare rates in effect during the summer and fall seasons. The cost last year for all transportation required for this program was approximately $1,800. It appears that the cost will be the same this year.

We therefore request your approval to provide transportation by bus and railroad for school children who will take part in the garden program at the Cummings Estate during 1955, for a sum not to exceed $1,800, to be charged to the Randidge Trust Fund Income.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Joseph A. Jacobs for demolition of the George Putnam School from April 15, 1955, to May 13, 1955. This extension was requested because, due to extra heavy walls on the lower floors, work will take longer than expected.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Rufo Construction Company, 1 Allen road, Brighton, for repairing the pavement of the Sumner Tunnel, from April 20, 1955, to May 21, 1955. This extension was requested because the contractor was delayed while awaiting delivery of extra new paving blocks required for the work.

AMENDMENT TO ORIGINAL AWARD OF DAMAGES.

The Public Improvement Commission has voted as follows:

That the amount of $230 be, and the same hereby is, awarded to Edward and Helen V. Berg for all damages sustained under the order of the Board of Street Commissioners and Mayor of March 27, 1953, for the laying out and construction of Oakmere street, West Roxbury.

That the amount of $130 be, and the same hereby is, awarded to Stephen J. and Anna L. Connolly for all damages sustained under the order of the Board of Street Commissioners and Mayor of August 26, 1953, for the laying out and construction of Wedgewood road, West Roxbury.

That the amount of $120 be, and the same hereby is, awarded to Charles J. and Julia F. O'Mara for all damages sustained under the order of the Board of Street Commissioners and Mayor of July 23, 1953, for the laying out and construction of Granmore road, Hyde Park.

That the amount of $200 be, and the same hereby is, awarded to James A. and Edith B. Burns for all damages sustained under the order of the Board of Street Commissioners and Mayor of July 17, 1953, for the laying out and construction of DeForest street, Hyde Park.

That the amount of $600 be, and the same hereby is, awarded to John Corey for all damages sustained under the order of the Board of Street Commissioners and Mayor of April 27, 1953, for the widening, as a public highway, of Beech street, West Roxbury.

That the amount of $50 be, and the same hereby is, awarded to John T. and Dorothy A. Daly for all damages sustained under the order of the Board of Street Commissioners and Mayor of July 23, 1953, for the laying out and construction of Van Brunt street, Hyde Park.

HONOR AWARD CERTIFICATE

Mr. Carr presented the following:

One of the important national awards recently announced by the Trustees, Directors and Officers of Freedoms Foundation at Valley Forge was the selection of the Boston Public Schools by the distinguished National Awards Jury to receive The Honor Award Certificate for the brochure

"BOSTON PUBLIC SCHOOLS PRESENT THE EXCITING RECORD OF TAKING THE SCHOOLS TO THE PEOPLE."

This brochure, a pictorial review of the planning, activities and accomplishments of American Education Week, was selected as an outstanding achievement in helping to bring about a better understanding of the American Way of Life.

The personnel of the Boston School Department and members of the Boston School Committee are happy to join in sharing this high national honor. We are deeply grateful to the newspapers, radio and TV stations throughout the country for bringing this project to the attention of the nation-wide public. We are especially indebted to the hundreds of Boston stores, banks, commercial institutions, and transportation agencies who donated space for 1200 exhibits, displays and live demonstrations which were viewed by 2,000,000 persons.

Credit should be extended to the head master, faculty and students of the Cooperative Printing Department, Roxbury Memorial High School, who printed the booklet.

Particular mention should be made of the leadership shown by Dr. John P. Sullivan, Head of the Division of Statistics and Publicity, in masterminding this successful project. He was personally responsible for selling the idea to the School Committee and the Superintendent—for planning, organizing and bringing the program to a successful conclusion. Probably no other single project has brought greater glory and nation-wide acclaim to the Boston public schools.

In order that this high honor receive the widest notice in the school department, I respectfully request that this presentation be spread upon the public record, and that a suitable circular be broadcast among the school department personnel.

FIRE DEPARTMENT ORDERS.

General Order No. 23.

I. AMERICAN CANCER SOCIETY CAMPAIGN.

Pamphlets, pledge cards, and report envelopes in connection with the 1955 American Cancer Society Campaign for funds are being issued to the department today. The requirements of the society are explained in the pamphlets and the assistance of all employees is invited in aid of this worthy cause. The money obtained will be used to support research work, much of it in hospitals and clinics in the Commonwealth of Massachusetts, in order to furnish the medical profession with information necessary to combat this dread disease.

Company commanders and heads of branch divisions are requested to call the drive for funds to the attention of members of their respective commands and ask them to contribute to the society.

Members of the department who desire to contribute will fill out the pledge cards. Company commanders will accept donations from such members, and the stub of the card is to be given to each contributor as the receipt for his donation. Pledge cards and money are to be placed in the solicitor's report envelope, the front of the envelope is to be filled out as directed, and envelopes are to be forwarded to Principal Clerk Julia H. Khoury in the Headquarters Division on or before April 29, 1955. Delivery of money can be made on any weekday, excluding Saturday, and is to be made between the hours of 9 and 11 A.M.

II. CHANGE OF TIME.

Sunday, April 24, 1955, is the day required by law to make a change in clock time. In order to conform with the law, clocks in department stations will be set ahead one hour at 2 A.M. All tower clocks maintained by this department will be set ahead one hour at 6 A.M., or as soon thereafter as is practical, by the men regularly assigned to wind clocks.

III. FIRE ALARM BOX ESTABLISHED.

In the near future, the following fire alarm box will be installed:

13-2552, Washingtonian Hospital, 41 Morton street.

Company commanders will add the above box to assignment card for Box 2552.

Circuit number for this box will be announced when the box is installed.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 18, 1955.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair and all the members present.

The Reverend Bernard R. Boylan, S.J., of St. Mary's Roman Catholic Church, Boston, was escorted to the rostrum.

INVOCATION BY REV. BERNARD R. BOYLAN.

Begin, we beseech Thee, O God, all our actions with Thy holy grace and carry them on with Thy gracious assistance, that every prayer and work of ours may always begin from Thee and by Thee be happily ended, through Christ our Lord, Amen.

Incomprehensible Creator, true fountain of light and source of all knowledge, Who makest eloquent the tongues of those that want utterance, vouchsafe, we beseech Thee, to enlighten our understanding, direct our tongues, and pour on our lips the grace of Thy blessing.

Give us a diligent and obedient spirit, quickness of apprehension, capacity of retaining, and the powerful assistance of Thy holy grace. Grant that what we say and do in this chamber of government may be said and done for Thy greater honor and glory. Amen.

The meeting was opened with the salute to the Flag.

PENSIONS OF CERTAIN EMPLOYEES OF FIRE AND POLICE DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, April 18, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Boston Retirement Board in response to the order adopted by the City Council on April 4 concerning possible increases to firemen and policemen under the noncontributory pension system.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Boston Retirement Board,
April 18, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

The following is respectfully submitted in answer to the request of the City Council for a re-examination and revaluation of the noncontributory pensions now being paid to retired policemen and retired firemen.

On the pension roll of the Fire Department as of April 1, 1955, there are 586 pensioned firemen and 163 annuitants (widows of firemen). Based upon the payroll for the month of March, 1955, the total for the year 1955 will be $1,570,000. Except for one annuitant at $1,100, there are no firemen or annuitants receiving less than $1,200 per year. The average pension of the 749 persons is $2,100 per year.

On the Police Department pension roll as of April 1, 1955, there are 712 pensioned policemen and 78 annuitants. Except for three policemen and one annuitant at $1,100 per year there are no policemen or annuitants receiving less than $1,200 per year. Based upon the payroll for the month of March, 1955, the total for the year will amount to $1,590,944. The average pension of the 790 persons is $2,000 per year.

The pensions in both of these departments are established by the Legislature and, with certain conditions as to age and length of service, are at half pay of the salary at the time of retirement of the employee for regular retirement and two thirds of the salary at the time of the retirement of the employee for disability retirement.

Many of the retirements were made during the years when the salary of ordinary firemen and policemen ranged from $1,400 to $2,000 per year, resulting in pensions of $700 to $1,000 per year.

The rise in the last decade in the cost of living, worked a hardship on the survivors of those early retirements, but the situation has been met during the present administration.

There have been three increases in the pensions of those receiving less than $1,500 per year with the result that every former member of the Police and Fire Departments, retired with a noncontributory pension, after twenty-five years of service, receives at least $1,200 per year pension, after thirty-five years of service at least $1,500 per year.

Without presuming to enter into a discussion of the present pension situation, I venture to call attention to the fact that the payments by the city on account of noncontributory pensions have amounted, in round figures, from $2,600,000 in 1950 to $4,625,000 (estimated) in 1955, an increase of about 80 per cent.

Respectfully,
W. J. DOYLE, Chairman.

EXPANDED STAFF FOR CITY PLANNING DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, April 18, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the City Planning Board relative to your resolution of March 21, 1955, concerning expansion of the City Planning Department Staff to permit study of Metropolitan Transit Authority facilities in downtown Boston.

Respectfully,
J. B. HYNES, Mayor.

City Planning Board,
April 13, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In answer to your request for consideration and report on City Council Resolution of March 21 concerning expansion of the City Planning Department staff to permit study of M.T.A. facilities in downtown Boston, I am replying as follows:

The Board is of the opinion that to attempt to solve the problems of the M.T.A. without considering other commuter services, the railroads, etc., and the downtown traffic and parking dilemma is not realistic. A fault with extensive reports that have already been made concerning the M.T.A. and the Master Highway Program is that they were made independently and not integrated.

Realizing this fault of the past, several cities have made funds available for over-all transportation studies for their metropolitan regions. Samples of this, and the size of funds required, are as follows:

San Francisco: The Bay area communities and the State of California have now in operation a transportation study with a combined appropriation of $750,000.

New York: The New York Port Authority has appropriated $500,000 and is considering adding $250,000 more. In addition, the State of New Jersey is considering an appropriation of $800,000 for its part in the study.

Detroit: In Detroit there is a metropolitan area traffic study committee working on a two-year study under a $750,000 appropriation.

Philadelphia: Philadelphia has just started a full-fledged transportation study with an initial yearly budget of $100,000. It is expected that the study will cost at least $500,000.

Chicago: Chicago is considering a $1,000,000 study. Negotiations concerning appropriations of city, county, and state have not yet been completed.

Los Angeles: Los Angeles is completing a transit study which cost $250,000.

Several smaller cities have appropriated considerable amounts for transportation studies.

At the Boston College seminars several speakers highlighted the need for an integrated transportation study for this metropolitan area. It was also the consensus that such a study was fundamental in considering any alleviation in downtown congestion.

The City Planning Board will gladly use its resources in taking part in such a study, but it has no authority to plan metropolitan-wise. Though the Division of Planning of the Massachusetts Department of Commerce does have such a mandate, we believe that the initiation of an over-all transportation study should await the outcome of expected legislation this year for the establishment of a metropolitan planning agency. A full-fledged transportation study for this area would cost in the neighborhood of $500,000, and would mean the hiring of experts in the transportation field and the pooling of funds by all communities in the area.

The Board is of the opinion that until arrangements can be made for a properly organized transportation study an expansion of the Planning Board staff is not warranted for this purpose.

The matter certainly is of vital interest to the Board and the effort of the City Council to press for a solution is to be commended. The Board's immediate concern is that half-way measures will not suffice and that the use of City of Boston funds be predicated on a share basis with the state and other metropolitan communities.

Very truly yours,
THOMAS F. McDONOUGH, Chairman.

Referred to the Executive Committee.

DEATH OF RIGHT REVEREND ROBERT J. QUINLAN.

On motion of President HURLEY the rules were suspended on the order of business to allow the introduction of the following order by Councillors WHITE and HURLEY:

Whereas, The Right Reverend Richard J. Quinlan, pastor of St. John the Evangelist Church in Winthrop, has been called to his eternal reward by Almighty God; and

Whereas, Monsignor Quinlan by the example of his life in the service of God, the Roman Catholic Church, and consequently the people of this archdiocese since his ordination in June of 1920, has given courage and inspiration to countless tens of thousands of communicants; and

Whereas, During his priestly career he served for 15 years as head of the parochial school system and helped develop and expand that system into one of the most outstanding school systems in the entire country; and

Whereas, Monsignor Quinlan served as the first Roman Catholic chaplain of the Massachusetts House of Representatives, under Speaker of the House Thomas P. O'Neill, Jr., during the years 1949 through 1952, since its inception; and

Whereas, This distinguished and scholarly priest, a graduate of Boston College, a graduate student of the Catholic University in Washington, honored by the award of an honorary doctorate of laws by his alma mater, Boston College, in 1938 and similarly honored by Villanova College in 1939, was recognized by Our Holy Father, Pope Pius XII, and elevated to the rank of domestic prelate; and

Whereas, The beloved monsignor's talent and ability were further recognized by our Most Reverend Archbishop by appointing him as diocesan director of the Priests' Eucharistic League and as a member of the Diocesan Board of Consultors; and

Whereas, Monsignor Quinlan's passing will leave a huge void in our archdiocese, and his loss keenly and deeply felt by our beloved Archbishop, his fellow members of the clergy in the archdiocese, the laity of the archdiocese, and his parishioners of St. John the Evangelist; be it therefore

Resolved, That the Boston City Council, in meeting assembled, extends its heartfelt sympathy to all of the aforementioned, and prays that Almighty God will look down upon them in their sorrows and grief and send forth the graces and strength to fortify them in this sorrow, keeping in mind the reminder of Archbishop Cushing on the passing of another great and good man, from the Mass of Requiem, "For the faithful, O Lord, life is changed—not taken away," and further, "This is the comfort of our faith: that our loved ones by God's mercy enter into the possession of all goodness, all truth, all beauty in the light of glory." "It is likewise the comfort of our faith that they are not lost to us, that they are intercessors for us, that the separation of death by the mercy of God is not final," and the memory of them is an inspiration to us bravely to press on to the journey's end where they await us.

May God have mercy on his soul, and may his soul with all the souls of the faithful departed, through the mercy of God, rest in peace.

The resolution was adopted by a unanimous rising vote.

At the request of President HURLEY the Rev. Bernard R. Boylan offered prayers for the repose of the soul of the Right Reverend Richard J. Quinlan.

TRAFFIC CONDITIONS AT TALBOT AND WELLES AVENUES, DORCHESTER.

The following was received:

City of Boston,
Office of the Mayor, April 18, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 11, 1955, concerning traffic conditions at the intersection of Talbot avenue and Welles avenue, Dorchester.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
April 15, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to Councillor McCormack's order of April 11, 1955, that a survey be made of the traffic conditions at the intersection of Alban street, Talbot avenue, and Welles avenue, Dorchester, with a view to erecting traffic signals, I wish to report that this commission is aware of the traffic problem at this location and has given consideration to it by placing it on our list for locations to be signalized when funds are made available to us for that purpose.

Sincerely yours,
WM. ARTHUR REILLY, Commissioner.

Placed on file.

TRANSFER OF APPROPRIATION WITHIN CITY COUNCIL.

The following was received:

City of Boston,
Office of the Mayor, April 18, 1955.

To the City Council.
Gentlemen:

Under date of April 11, your Honorable Body established, within the City Messenger Department, the position of librarian-archivist. I am advised that this position will be filled by the promotion of a member of the present staff in the City Messenger office.

Before approving the order involved, it is necessary, in my opinion, to provide the additional funds involved in this promotion. I submit herewith a transfer order for this purpose and respectfully recommend its adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for City Council, 3, Supplies and Materials, $551.52, to the appropriation for City Council, 1, Personal Services, $551.52.

Referred to the Executive Committee.

ORDINANCES CONCERNING THE FEES FOR RENEWING CERTAIN GAS FITTERS' LICENSES.

The following was received:

City of Boston,
Office of the Mayor, April 18, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Building Commissioner in which he recommends that the fee be fixed for the renewal of licenses of master gas fitters and journeymen gas fitters for periods of six months or less.

I therefore submit herewith an ordinance which will accomplish the purpose recommended by the Building Commissioner and I recommend the adoption of this ordinance by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Building Department, April 12, 1955.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

Chapter 4 of the Acts of 1955 has made it possible for the Board of Examiners of Gas Fitters to fix a single date in each year for the expiration of gas fitters' licenses, and thereby put that matter on a much more efficient basis not only by permitting the annual renewal of such licenses in one mass operation but also by eliminating a daily check up to ascertain what gas fitters have become unlicensed.

The Board of Examiners of Gas Fitters has designated May 1 of each year as the annual renewal date. During the transition period, renewal licenses will be issued for periods of less than one year.

Existing law calls for a $2 fee for renewing a master gas fitter's license and a 50-cent fee for renewing a journeyman gas fitter's license. So that gas fitters whose licenses are renewed for six months or less may not be unduly penalized, I recommend passage of the accompanying ordinance fixing the fee for renewing a gas fitter's license for a period of six months or less at $1 for a master and 25 cents for a journeyman.

Respectfully,
CHARLES A. CALLANAN,
Building Commissioner.

—

City of Boston,

In the Year Nineteen Hundred and Fifty-Five.

An Ordinance Concerning the Fees for Renewing Certain Gas Fitters' Licenses.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Anything in section 121 of the Boston Building Code to the contrary notwithstanding, the fee for renewing under said section a gas fitter's license for a period of six months or less shall be, in the case of a master gas fitter, $1, and in the case of a journeyman gas fitter, 25 cents.

SECTION 2. This ordinance shall cease to be operative after April 13, 1956.

Referred to the Committee on Ordinances.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Ernest W. Clark, to be reimbursed as result of execution issued against him on account of his acts as employee of Fire Department.

Bernard F. Goldberg, for compensation for damage to car caused by an alleged defect in Columbus avenue.

John J. Hoar, to be reimbursed as result of execution issued against him on account of his acts as employee of Fire Department.

Frank A. Huddleston, to be reimbursed as result of execution issued against him on account of his acts as employee of Traffic Commission.

REPORT OF COMMITTEE ON CLAIMS.

Coun. McCORMACK, for the Committee on Claims, submitted the following:

Report on petition (referred April 11) of Joseph A. Devine, deputy master in the House of Correction, Penal Institutions Department, for retirement as a veteran—recommending passage of the accompanying order:

Whereas, Joseph A. Devine, employed in the service of the County of Suffolk as deputy master in the House of Correction, Penal Institutions Department, has made application to be retired under the provisions of section 57 of chapter 32 of the General Laws, as amended; and

Whereas, The said Joseph A. Devine has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; that he has been certified for retirement for disability by the duly authorized medical board; that he has been in the service of the county at least ten years; that he is incapacitated for active service; and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed one thousand dollars; it is hereby

Ordered, That under the provisions of section 57 of chapter 32 of the General Laws, as amended, Joseph A. Devine, employed in the service of the County of Suffolk as deputy master in the House of Correction, Penal Institutions Department, be, and hereby is, retired by the Mayor and City Council, acting as county commissioners, at an annual pension of $3,393, being 65 per cent of his highest regular rate of compensation.

The report was accepted, and the order was passed.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. McLAUGHLIN, for the Committee on Confirmations, submitted the following:

Report on appointments by the Mayor (referred April 11) of Edward F. Galvin and James M. Bushlow as constables with authority to serve civil process upon filing of bond for the term ending April 30, 1956 — recommending that appointments be confirmed.

The report was accepted, and the question came on confirmation. Committee, Councillors Foley and White. Whole number of ballots 9, yeas 9, and the appointments were confirmed.

RECESS.

President HURLEY declared a 10-minute recess at 2.34 P.M. The members reassembled in the Council Chamber and were called to order by President HURLEY at 2.43 P.M.

EXECUTIVE COMMITTEE REPORTS.

Coun. WHITE, for the Executive Committee, submitted the following:

1. Report on message of the Mayor and order (referred April 11) concerning certain proposed contracts for the collection and removal of refuse—recommending passage of the accompanying order:

Ordered, That in accordance with the provisions of section 6 of chapter 486 of the Acts of 1909, a public hearing be given by the City Council on Tuesday, May 3, 1955, at eleven o'clock A.M., on the contracts made by the Commissioner of Public Works, as follows:

1. Contract with Milano Bros., Inc., for the collection and removal of refuse from District 2 (East Boston), so called, during the two-year ten-month period beginning June 1, 1955, and ending March 31, 1958.

2. Contract with Frank J. Cavaliere for the collection and removal of refuse from District 5A (West Roxbury), so called, during the two-year ten-month period beginning June 1, 1955, and ending March 31, 1958; and be it further

Ordered, That the City Clerk be directed to give at least seven days' notice of said hearing in the "City Record" and in the daily newspapers.

The report was accepted, and the order was passed.

2. Report on message of Mayor and order (referred today) for transfer of $551.52 from City Council appropriation, Office Supplies, to City Council appropriation, Personal Services—recommending that same ought to pass.

The report was accepted, and the order was passed, yeas 9:

Yeas—Councillors Ahearn, Foley, Hailer, Hurley, Kerrigan, McCormack, McLaughlin, Piemonte, White.

FREE INOCULATIONS OF SALK ANTI-POLIO VACCINE.

Coun. WHITE and HURLEY offered the following:

Ordered, That his Honor the Mayor be commended for his desire and determination to obtain and give without charge the Salk anti-polio inoculations to the children of Boston and that his Honor be informed that the Boston City Council will be most happy to vote in favor of a loan order to cover the costs of such inoculations if in his determination the money is unobtainable elsewhere and such a loan order is necessary to obtain it.

Passed under suspension of the rules.

CONGRATULATIONS TO JAMES H. WALSH.

Coun. WHITE and HURLEY offered the following:

Whereas, James H. Walsh will retire on May 1, 1955, as managing director of the Greater Boston Chamber of Commerce, completing 34 years of service with that organization; and

Whereas, During his 34 years of association with the Chamber, Mr. Walsh has rendered outstanding service to Boston and its surrounding communities in an effort to help produce a balanced and better community; and

Whereas, He has well earned his coming retirement, be it therefore

Resolved, That the Boston City Council, in meeting assembled, extends its congratulations and thanks to Mr. Walsh for his years of service and wishes him health, long life, and God's blessings in his retirement.

The resolution was adopted under suspension of the rules.

GRATITUDE TO DOCTOR SALK AND HIS ASSOCIATES.

Coun. HURLEY and WHITE offered the following:

Whereas, Dr. Jonas Edward Salk with unusual single-mindedness, devotion, and determination, with the aid and assistance of his associates has successfully produced an anti-polio vaccine proven "incredibly safe" and "potentially almost 100 per cent effective"; and

Whereas, The discovery by Doctor Salk will ease the stress and worry of every mother and father in the country and throughout the world concerning this dread disease; and

Whereas, Dr. Thomas Francis, Jr., of the University of Michigan, in the long-awaited report, stated "there can be no doubt now that children can be inoculated successfully against polio", and further, "There can be no doubt that humanity can pull itself up from its own bootstraps and protect its children from the insidious invasions of ultramicroscopic disease"; be it therefore

Resolved, That the membership of the Boston City Council, in meeting assembled, desires to express to Doctor Salk and all of his associates in this great and important work, the profound gratitude of the people of the City of Boston and all the future generations as yet unborn that will benefit from their work; and be it further

Resolved, That a copy of this resolution be forwarded to Doctor Salk.

The resolution was adopted under suspension of the rules.

NAMING OF SQUARE IN HONOR OF ANTHONY C. AVENI.

Coun. FOLEY offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the square at the intersection of Appleton and Tremont streets, South End, Boston, in honor of Lieut. Anthony C. Aveni of the Air Corps, who died April 12, 1944, in the service of his country.

Passed under suspension of the rules.

STRENGTHENING OF CITY PLANNING BOARD.

Coun. FOLEY offered the following:

Whereas, The establishment of major policies for a large municipal government is a function increasingly technical, complex, and professionalized; and

Whereas, Such policies adopted must be sustained inevitably in a political frame of reference; and

Whereas, Boston's problems have an apparent surface simplicity but in fact a profound historical and economic complexity; and

Whereas, The proper and orderly sequence of events for the determination of policy is

(1) Apprehension of problems by duly constituted and responsible authority.

(2) Transmittal of problems and definition of areas of research to an adequately staffed and professionalized body within the municipal structure; and

(3) Research and discussion within the Planning Agency.

(4) Recommendation of specific policy to the duly constituted and responsible authority.

(5) Modification by the chief executive of the policies so recommended to fit existing political conditions.

(6) Enunciation of policy by the chief executive.

(7) Execution of such steps necessary to effectuate the policy; and

Whereas, The proper function of uncompensated citizens' committees is to examine into and support such policy as is determined within the usual mechanism of city government; now be it therefore

Resolved, (1) That the primary responsibility in formation of policy lies within the mechanism of city government and not without.

(2) Because of the complexities of problems facing a modern municipality of any size and especially Boston, these problems cannot be dealt with and policy formed on an amateur basis.

(3) The glaring weakness in the present policy formation mechanism in the City of Boston is the inadequate staffing of the Boston City Planning Board.

(4) Groups of well-meaning citizens of whatever distinction cannot, on a part-time amateur basis, hammer out the policies, ideas, plans, and suggestions which Boston must have or die.

(5) Boston's experience so far with such committees has been unsatisfactory.

(6) Such progress as has been made has been accomplished largely through the work of a handful of professionals; now be it further

Resolved, That in the fashioning of policies to restore Boston to her former greatness, the first step to be taken is to strengthen the Planning Department by the addition thereto on a permanent and not a consultative basis of professional planners of stature compensated generously; be it further

Resolved, That upon adequate research, the duly elected officials of the City of Boston must thereupon declare policy or abdicate their moral responsibility.

Referred to the Executive Committee.

NAMING OF SQUARE IN HONOR OF ROBERT J. TRICOMI.

Coun. PIEMONTE offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the square at the corner of Lexington and Prescott streets, in East Boston, in honor of Pvt. Robert J. Tricomi, who lost his life on June 21, 1953, in Korea, while in the service of his country.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON LICENSES.

Coun. HAILER, for the Committee on Licenses, submitted the following:

1. Report on application (referred March 21) for commercial use shellfish permit for Arthur C. Liska—recommending that permit be granted.

2. Report on applications (referred March 28) for commercial use shellfish permits for Salvatore L. D'Amico, Frederick A. Muise—recommending that permits be granted.

3. Report on application (referred April 4) for commercial use shellfish permit for Francis J. Riley—recommending that permit be granted.

4. Report on application (referred today) for commercial use shellfish permit for Warren C. French, Jr.—recommending that permit be granted.

The reports were accepted, and the permits were severally granted under the usual conditions.

POLICY OF BOSTON RE M.T.A. PROBLEMS.

Coun. FOLEY offered the following:

Ordered, That the matter of a Planning Board determination of city policy vis-a-vis the M.T.A. problem be returned to the Planning Board for further comment based on the following:

(1) The importance of the M.T.A. system to the economy and tax structure of Boston.

(2) Possibilities of further and more imaginative use of M.T.A. system to enhance the economy of Boston.

(3) Presumption that the boundaries of political Boston will remain the same into the foreseeable future.

(4) Particular attention to the problems of Boston vis-a-vis the M.T.A. as distinguished from the problems of Greater Boston and its M.T.A. problems.

Passed under suspension of the rules.

FEES FOR GASOLINE LICENSES.

Coun. HAILER offered the following:

Ordered, That his Honor the Mayor request the Corporation Counsel for a ruling on the provisions of chapter 148, section 13, of the General Laws; and of clause 11 of section 22 of chapter 41 of the Revised Ordinances of 1947 as amended by chapter 3 of the Second Series of Ordinances of 1947.

Passed under suspension of the rules.

REPORT ON OFF-STREET PARKING FACILITIES IN JAMAICA PLAIN.

Coun. HAILER offered the following:

Ordered, That his Honor the Mayor request the Commissioner of Real Property to forward a progress report of the establishment of off-street parking facilities in Jamaica Plain to the Boston City Council.

Passed under suspension of the rules.

DELAY IN CARRYING OUT PLAN FOR URBAN REDEVELOPMENT.

Coun. HAILER offered the following:

Whereas, Congress passed the Urban Redevelopment Act in 1949; and

Whereas, Only two projects in the whole country have been completed under this act; and

Whereas, The Urban Redevelopment Division of the Boston Housing Authority started planning on its New York Streets project in 1951; therefore be it

Resolved, That the Boston City Council memorialize the members of the Massachusetts Delegation in Congress to investigate the delay in carrying out our program with the Housing and Home Finance Agency in Washington.

Coun. AHEARN in the chair.

Coun. FOLEY in the chair.

The foregoing resolution was adopted under suspension of the rules.

Adjourned at 3.58 P.M., on motion of Councillor McCormack, to meet on Monday, April 25, 1955, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.
(Stenographic copy of such debate on file in office of City Clerk.)

DEPARTMENT OF SCHOOL BUILDINGS.

TO PAINTING CONTRACTORS.

INVITATION FOR PROPOSALS FOR INTERIOR PAINTING AT THE EDWARD EVERETT SCHOOL, PLEASANT STREET, DORCHESTER, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for interior painting at the Edward Everett School, Pleasant street, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Monday, May 9, 1955, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of $150, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

PUBLIC WORKS DEPARTMENT.

ASSEMBLE GATE VALVES FOR WATER DIVISION.

Proposals for Furnishing Labor to Assemble About 25 12-Inch Gate Valves and 100 8-Inch Gate Valves.

The Commissioner of Public Works of the City of Boston, Room 506 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing labor to assemble about 25 12-inch gate valves and 100 8-inch gate valves. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 506 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Furnishing Labor to Assemble About 25 12-Inch Gate Valves and 100 8-Inch Gate Valves," and left at Room 506 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of WEDNESDAY, MAY 11, 1955, with a certified check for FIVE HUNDRED (500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 506, City Hall Annex. *There will be a charge of two dollars ($2), NOT REFUNDABLE, for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR HYNES SEEKS $75,000 APPROPRIATION FROM CITY COUNCIL FOR INSTALLATION OF TRAFFIC SIGNAL LIGHTS—TEN LOCATIONS LISTED AS EMERGENCY AND 22 OTHERS TO BE SIGNALIZED AS SOON AS POSSIBLE—ASKS PROMPT ATTENTION—MORE SITES TO BE SELECTED AT LATER DATE.

The following communication was sent by the Mayor to the City Council:

GENTLEMEN:

I submit herewith an order for the appropriation of $75,000 from the special appropriation, Sales of City Property, for the installation of traffic signal lights at various locations in the City of Boston.

Attached hereto is a communication received by me last November from the Chairman of the Traffic Commission setting forth 10 locations which can be classified as emergency and 22 other locations which must be signalized as soon as possible.

The sum herewith requested will permit the Traffic Department to plan for

BOSTON'S PROBLEM OF REMOVAL AND DISPOSAL OF RUBBISH AND GARBAGE PRESENTED TO LEGISLATURE'S ATTENTION — MAYOR JOHN B. HYNES OUTLINES DIFFICULTIES OF SERIOUS SITUATION AS PRESENTED IN LETTER FROM PUBLIC WORKS COMMISSIONER GEORGE G. HYLAND AND ASKS LEGISLATURE STUDY NEED OF INCINERATORS AS SOLUTION OF DIFFICULTIES CONFRONTING OFFICIALS AND CITIZENS.

Following is a letter sent by the Mayor to the Boston Representatives and Senators at the State House, Boston:

Because the local problem in Boston of removing and disposing of rubbish and garbage has been given legislative attention, I desire to present to you the situation in Boston as it appears from the standpoint of city officials.

Attached is a communication from the Commissioner of Public Works. I hope you will read this communication closely, so that the ove-rall picture of Boston's problem with regard to rubbish and garbage may be clear to you.

You will note in the report that the refuse disposal problem in Boston has been the subject of concern for forty-five years. During all this period of time it has been realized that only by the construction of incinerators can we adequately meet the problem. I sincerely hope that any deliberations of the Legislature, and any action of the Legislature, will be predicated on the information contained in the report which I herewith send you.

Respectfully,

JOHN B. HYNES, *Mayor.*

The letter from Commissioner George Hyland reads as follows:

CITY OF BOSTON, PUBLIC WORKS DEPARTMENT,
509 City Hall Annex, Boston 8, Mass.,
April 26, 1955.

HON. JOHN B. HYNES, *Mayor of Boston.*

DEAR MR. MAYOR:

The increasing tendency of legislators to introduce bills prohibiting the erection of incinerators in certain sections of the city will eventually prevent the City or the Metropolitan District Commission from building incinerators for the disposal of Boston's garbage and rubbish. The location and operation of land dumps is also becoming the subject of restrictive legislation and, if carried to extremes, may require the city to dump all its refuse, at prohibitive cost, at one or more of the islands located in Boston Harbor.

In order to determine the effect of such eventualities upon the cost of refuse disposal, an objective and unbiased study of the problem was recently made by Associate Engineer John F. Flaherty of this office. He is an expert on this subject, and he knows more about it than any other individual in the city — bar none. His findings and conclusions, therefore, should receive careful consideration by everyone interested in this subject, and particularly by the members of the State Senate and the House of Representatives, who are now considering legislation concerning this problem.

This report to your Honor may be considered as a condensation of the lengthier and more detailed report submitted to me by Mr. Flaherty.

MAYOR SEEKS APPROPRIATION FOR INSTALLATION OF TRAFFIC SIGNALS.

(*Continued from page 577.*)

the installation of lights at all of the emergency locations set forth, and for some of the other locations. As more funds become available it will be possible to signalize all locations in the city which need lights.

In view of the fact that there is much normal delay in the installation of lights, I suggest that your Honorable Body give the attached order as prompt action as possible.

Respectfully,
JOHN B. HYNES,
Mayor.

—

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws, the sum of seventy-five thousand dollars be, and the same hereby is, appropriated from the special account, Sales of City Property, to be expended under the direction of the Boston Traffic Commission, for the installation of traffic signal lights at various locations in the City of Boston.

LETTER FROM COMMISSIONER.

November 18, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I am enclosing a list of locations where traffic signal lights are badly needed. There are many more locations than are contained in this list, but because of heavy volumes of traffic, or heavy accident incidents, or special hazards, these locations are the most important at the present time.

The following might also be placed in the class of being emergencies:

1. Longwood avenue and Riverway.
2. High street and Oliver street.
3. Angell street, Blue Hill avenue, Harvard street, and Talbot avenue.
4. Commonwealth avenue and Lake street.
5. Forest Hills street, Montebello road, and Washington street.
6. Everett street and Western avenue (St. Anthony's Church).
7. Brookline avenue, Fenway, Pilgrim road, and Riverway.
8. Kenmore square (addition to existing signals).
9. Fairmount street, Gallivan Boulevard, and Morton street.
10. Albert street, Centre street, and Lamartine street (Bromley Park Housing Project).

I feel compelled to report these locations and those on the enclosed list in the interests of public safety and in the hope that municipal resources will permit the making of an appropriation for these signal lights at the earliest possible moment.

The sum of $60,000 would be required for the list of nine emergency locations, and the sum of $100,000 would be needed to accomplish those on the supplementary list.

I have not included many locations where an installation of signal lights would be justified but have endeavored to determine, to the best of my ability, those which are most in need of immediate relief.

Respectfully yours,
WM. ARTHUR REILLY,
Commissioner.

CITY FLAG TO FLY FROM ICE CAP IN GREELAND AIR BASE.

The City of Boston flag will soon fly on an ice cap 185 miles from the nearest point of civilization, the Thule Air Base in Greenland.

Corporal William F. Supplee, U.S.A., a Boston boy, and eight other men, are the first humans to attempt to survive a full winter on an ice cap. He has requested Mayor John B. Hynes to send him a City of Boston flag to fly alongside the flags of Michigan, Wisconsin, Iowa, California, North Carolina, and Illinois.

Corporal Supplee, in his letter to the Mayor, states: "Our only contact with the outside world is by courier planes that fly over once a week to drop mail and supplies. At present we are having fairly nice weather—outside it is only 28 below.

"I wish I could tell you what we are here for, but I'm sure you can appreciate the security involved."

At the direction of the Mayor, a member of his staff, J. Ralph Granara, will send three City of Boston official flags to Corporal Supplee, with the request that Corporal Supplee bring one of the flags home to Boston with him on his return for preservation as a memento of having flown over this unique experiment in a remote part of the world.

BE KIND TO ANIMALS DECLARATION.

Sunday, May 1, has been designated as Humane Sunday, and May 2 to May 7, inclusive, Be Kind to Animals Week.

The week of tribute to our animal friends is one which I, as Mayor of the City of Boston, heartily endorse. For 87 years, the Massachusetts Society for the Prevention of Cruelty to Animals and the American Humane Education Society, from their headquarters in the Angell Memorial Hospital in the City of Boston, have spread to the far corners of the earth the message of kindness and compassion to all living things.

In our own state and city there remains little, if any, of the cruelty toward animals that once existed. A constantly-growing respect for the rights of all living things, coupled with strong public opinion and strict enforcement of our splendid humane laws, has brought about this happy condition.

Humane education is the safeguard of these advances, and I especially urge the teachers in our schools and all our citizens to continue to impress kindness upon the minds of the school children, for the twofold benefit of developing their own good character and for the protection of our animal friends.

JOHN B. HYNES,
Mayor.

MAYOR HYNES ASKS LEGISLATIVE STUDY OF BOSTON'S NEED OF INCINERATORS.

(*Continued from page 577.*)

STUDY RESTRICTED.

His study was restricted, in general, to the furnishing of answers to the following questions:

1. What is the present annual cost of collecting and disposing of garbage and rubbish?
2. What would the total annual cost be if the Calf Pasture and Hallet Street dumps were closed, necessitating the hauling to Spectacle Island and other locations of the refuse now dumped at the above-named two mainland dumps?
3. What would the total annual cost be if the Spectacle Island, Calf Pasture, and Hallet Street dumps were closed, and if the refuse now hauled to those locations were disposed of at two modern, sanitary incinerators that the City of Boston would build in the South Bay area and in the Dorchester section?
4. What would the total annual cost be if the city disposed of all refuse material at the harbor islands, assuming

that we were prevented from operating any mainland dumps or incinerators?

* * *

QUESTION 1. *What is the present annual cost of collecting and disposing of garbage and rubbish?*

The cost of refuse collection and disposal for the period April 1, 1955, to March 31, 1956, is estimated to be $2,527,000*. This amount comprises the following items: the collection contracts for the entire city, $2,087,100; the disposal contract with dumping at Spectacle Island and the Calf Pasture, $417,000; the contract for the use of the Saugus dump, $10,800; and the cost of operating the Gardner Street dump, $12,000. The cost of operating the Hallet Street dump is included in the refuse collection contracts for the Dorchester districts.

* The cost for the calendar year of 1950 was $2,738,019, which indicates progress in effecting economies while improving the standard of service.

The above costs are minimal and will undoubtedly increase in the future by an appreciable amount. All the excess profits have been taken out of the collection contracts, and the cost of labor for this work is increasing at the rate of about 10 cents per hour each year.

TOTAL COST ESTIMATED.

QUESTION 2. *What would the total annual cost be if the Calf Pasture and Hallet Street dumps were closed necessitating the hauling to Spectacle Island and other locations of the refuse now dumped at the above-named two mainland dumps?*

Assuming the loss of the Calf Pasture and Hallet Street dumps, and that no incinerators are provided to handle the refuse now delivered to those dumps and to Spectacle Island, then the following provisions would have to be made:

The refuse from Brighton would be delivered to the Gardner Street, West Roxbury, dump. The refuse from Charlestown and the North and West Ends would be sent to the Saugus dump. Refuse from the remainder of the City Proper, along with the refuse from Roxbury and South Boston, would be delivered to the Fort Hill wharf, located at Atlantic avenue, opposite Oliver street. The refuse from the Dorchester and Elm Hill Districts would be delivered to the reactivated Victory Road wharf, located at Commercial Point, Dorchester. The refuse delivered to the Fort Hill and Victory Road wharves would be towed to and dumped on Spectacle Island. This quantity amounts to over twice the quantity of rubbish now being dumped on Spectacle Island.

Mr. Flaherty estimates that the current cost will be increased a minimum of $709,400 a year because of the new arrangements that would have to be made if the above-referenced assumptions become realities. It should be kept in mind that Spectacle Island will not last indefinitely as a dump, as it has been in use continuously since 1912, and it is limited as to the volume of material that can be hauled to it.

TWO INCINERATORS PROPOSED.

QUESTION 3. *What would the total annual cost be if the Spectacle Island, Calf Pasture, and Hallet Street dumps were closed, and if the refuse now hauled to those locations were disposed of at two modern, sanitary incinerators that the City of Boston would build in the South Bay area and in the Dorchester section?*

It is proposed to construct two incinerators — one 900-ton unit in the South Bay area, at an estimated cost of $3,600,000; and the other in Dorchester, near the Neponset River, at an estimated cost of $1,400,000 for a 400-ton unit. The annual cost of operating both incinerators, including amortization of the capital investment, is estimated at $756,500 per year. However, this amount will be lowered by an estimated $120,000 that will be received annually for the disposal of rubbish from private collectors, and an additional $50,000 saving in the cost of oil at the Boston City Hospital, due to the utilization of the waste heat that will be developed at the South Bay incinerator. A further savings of $48,000 a year will result from the elimination of the present Hallet Street dump, making a total credit of $218,000 a year against the cost of operating the incinerator. Therefore, the gross operating cost will be reduced to a net cost of $538,500 per year for both units.

Mr. Flaherty estimates that it will cost the city $121,300 more per year than the current cost if the above-referenced system of incineration is adopted in place of the current antiquated and inadequate method of disposal now in effect in the city. The increased cost is due principally to the amortizing of the initial capital expenditure of $5,000,000 for the construction of the two incinerators, and would be substantially higher, except for the fact that the construction of incinerators will permit the city to abandon the present excessively costly contract which provides for the hauling of a great volume of refuse material daily to Spectacle Island. The construction of the two proposed incinerators will furnish the city with an adequate and satisfactory means of refuse disposal, without any major changes for at least the next twenty-five years. As you well know, the mainland dumps are being exhausted at an increasingly fast rate, and the Spectacle Island operation cannot be considered from a long-range point of view because of the inadequacy of the available dumping area.

QUESTION 4. *What would the total annual cost be if the city disposed of all refuse material at the harbor islands, assuming that we were prevented from operating any mainland dumps or incinerators?*

It may be an extreme case, but it is possible that the inability to obtain incinerator locations, and the exhaustion or prohibition of open dumps on the mainland, would require us to dispose of all the refuse produced in the city at islands in Boston Harbor. The only two islands that appear suitable for this function are Spectacle Island and Rainsford Island. Dumping of refuse on Spectacle Island has been continuous since 1912, and the height of the refuse dump on this island is approaching its limit. Therefore, in the very near future, continuation of dumping at this site will require extending the dump into open water. Obtaining the permission of governmental authorities having jurisdiction over these tidal waters will be difficult, if not impossible to obtain, as Spectacle Island is located in close proximity to President Roads, the main channel to Boston inner harbor. When Spectacle Island is filled to its capacity, it will be necessary to develop Rainsford Island for this function. Rainsford Island, while not located near the main ship channel, is adjacent to an anchorage for explosives and is considerably farther down the harbor than Spectacle Island, thereby requiring much longer towing distance for the refuse scows.

The present Albany Street wharf will have to be abandoned within the next year, due to the construction of the John F. Fitzgerald Expressway in Fort Point Channel and the closing of the latter waterway to navigation. The two remaining wharves, Fort Hill and Victory Road, have insufficient capacity for handling all the refuse to be towed to the islands under this scheme and, therefore, a new facility would have to be constructed of a size comparable to the Fort Hill wharf.

COST $3,907,500 YEARLY.

Mr. Flaherty estimates that it would cost the City of Boston $3,907,500 per year if we were required to haul all refuse material to Spectacle Island or to some other island in Boston Harbor. The cost under such a method would, therefore, be $1,380,500 per year more than the total yearly cost under the present method, and $1,259,200 per year more than the total yearly cost would be if the South Bay and Dorchester incinerators are constructed.

GENERAL COMMENTS.

The hauling of all refuse material to the harbor islands is of no benefit whatsoever, from the standpoint of economics, sanitation, aesthetics, or adequacy. It has been shown by this study that it is the most expensive means of refuse disposal. While the point of final disposal is remote from the city — being on harbor islands — it does not do away with the maintenance and operation of three water-front wharves as required under this scheme.

These wharf dumping stations are more of a potential nuisance than any incinerator receiving bin could ever be. Also, it should be noted that the two islands, Spectacle and Rainsford, flank Long Island, on which is located a hospital for the aged and chronically ill, and it is possible that odors emanating from the open dumps on the harbor islands could be a source of nuisance to the patients at Long Island.

From an aesthetic standpoint, the appearance of a modern incinerator building is much to be preferred to the unsightly view that would be presented by the operation of open dumps in tide water along the harbor entrance. This method is not the final solution to the problem of refuse disposal. As stated previously, the land area on the harbor islands is very limited, and the increase in the quantity of refuse to be disposed of at these islands being four times the quantity presently being dumped at Spectacle Island, the available area at the islands, both on land and in the tidal waters, would be depleted in a relatively short period of time.

CONCLUSIONS.

The results of this study show, from an economic standpoint, that incineration is the answer to Boston's refuse disposal problem. The following table, showing the comparison of costs of the various methods considered, demonstrates the basis for this conclusion:

Upon varying dates as indicated the Mayor approved contracts with commercial houses, supply houses, and contractors for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

Administrative Services Department.

Purchasing Division.

Boston, March 22, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

This office is in receipt of a requisition from the Water Division of the Public Works Department for an emergency delivery of approximately 7½ tons of pig lead to be used in repairing emergency breaks in water lines. The present amount in the contract with National Lead Company of Massachusetts covering the period from April 1, 1954, to March 31, 1955, has been exhausted.

Inasmuch as this material is urgently

needed for emergency repairs, it is requested that permission be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to the last supplier, National Lead Company of Massachusetts, at the same contract price, namely, $16.15 per hundredweight, net, which is the New York posted price on date of shipment plus $1.15 per hundredweight. Today's posted price is $15 per hundredweight, net.

Approximate total amount of contract will be $2,422.50, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—

BOSTON, April 1, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of the letter approved by your Honor on January 24, 1955, authority is requested to award a contract, without public advertisement, to the following-named company for furnishing perishable foods to the various city departments from April 1, 1955, to March 31, 1956, inclusive:

Columbia Packing Company, 155 Southampton street.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—

BOSTON, April 28, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a Requisition No. 63 from the Fire Alarm Division of the Fire Department for immediate delivery of 6,000 feet 12-3 Simplex S. O. Tyrex rubber cord. Informal requests for prices were solicited from five local distributors and the manufacturer. Marshall & Co., Inc., 288 Congress street, submitted the lowest bid, which was $258 per thousand feet, plus four reels at $25 each, net.

Inasmuch as this wire is urgently needed for rewiring the lighting plants and rescue squad trucks, and since six competitive bids were received, including that of the manufacturer, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Marshall & Co., Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be $1,648, net. This amount includes $100 for four reels at $25 each, which are extra and returnable for full credit in good condition.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—

BOSTON, April 25, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of twenty-seven requisitions from the Parks and Recreation Department for parts for various makes of hand and power mowers to be delivered immediately upon receipt of orders.

Quotations were received from various companies. The lowest bidders were as follows:

R. E. Jarvis Company, $1,668.27; Clapper Company, $220.65; George D. Hanchett & Son, $144.17.

Inasmuch as these parts are needed immediately and since, in my opinion, the most advantageous prices have been obtained, it is requested that permission be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to R. E. Jarvis Company and orders to the other two companies.

Approximate total amounts of awards will be as follows:

R. E. Jarvis Company, $1,668.27—parts for Briggs Stratton, Devere, Wisconsin, Great American, Ideal, Foley, and Spinway machines; Clapper Company, $220.65—parts for Toto machines; George D. Hanchett & Son, $144.17—parts for International machines.

Discounts for R. E. Jarvis Company and George D. Hanchett & Son is 2 per cent, payment within ten days; prices of Clapper Company are net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, April 27, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 25, 1955, your Honor approved a $1,218,221 contract with Rich Brothers Construction Company, providing for the construction of an elementary school in the William E. Russell District. This firm was the lowest responsible eligible bidder for the project following its advertisement in the *City Record*.

The subcontractor selected and included in the aforesaid general contract for the work of waterproofing, dampproofing, and caulking, at a figure of $2,681, failed to execute a subcontract to cover all of that work. Accordingly, and under the applicable provisions of the General Laws, chapter 149, sections 44A through 44E, as amended, the awarding authority and the general contractor have selected another subbidder to perform this phase of the work, viz., Patrick Ross & Co., the next subbidder, at a figure of $4,373, requiring an increase in the contract cost of $1,692.

Therefore, and without added advertising, your approval is respectfully requested to appropriately amend the principal contract documents, conformably with the aforesaid statute, by inserting the name of Patrick Ross & Co. as the subcontractor for waterproofing, dampproofing, and caulking, at a figure of $4,373, and by substituting the sum of $1,219,913 in place of $1,218,221 as the new total contract sum, in order to reflect the $1,692 increase in the cost of construction.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

BOSTON, April 28, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

To formulate a policy of having elevator inspections, tests, minor adjustments, repairs, etc., performed by the elevator manufacturers, I requested estimates based on a specific specification, copy attached, and for this service, consistent with the specifications, including use of two mechanics, I received for the inspection and maintenance of seven Portland Elevator Company elevator installations a proposal in the amount of $1,401.

As the experience of this department has proved conclusively that repairs, maintenance, inspections, etc., should be made by the elevator manufacturer, particularly as relates to replacement parts of elevator machinery and equipment, I deemed it to be in the best interest of the City of Boston to establish such a procedure.

Consequently, I ask that you approve this method of acquiring maintenance, tests, etc., without public advertising, and authorize me to negotiate a contract with the Portland Elevator Company, Inc., 133 Oliver street, for the period April 1, 1955, to March 31, 1956, in an amount not to exceed $1,401.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

DEAR MR. MAYOR:

To formulate a policy of having elevator inspections, tests, minor adjustments, repairs, etc., performed by the elevator manufacturers, I requested estimates based on a specific specification, copy attached, and for this service, consistent with the specifications, including use of two mechanics, I received for the inspection and maintenance of twelve (12) F. S. Payne Company elevator installations a proposal in the amount of $2,011.

As the experience of this department has proved conclusively that repairs, maintenance, inspections, etc., should be made by the elevator manufacturer, particularly as relates to replacement parts of elevator machinery and equipment, I deemed it to be in the best interests of the City of Boston to establish such a procedure.

Consequently, I ask that you approve this method of acquiring maintenance, tests, etc., without public advertising, and authorize me to negotiate a contract with the F. S. HOSPITAL DEPARTMENT.

BOSTON, March 25, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Otis Elevator Company, 130 Clarendon street, Boston, Mass., for maintenance of twenty-one (21) Otis electric passenger elevators, two (2) Otis double-button freight elevators, and two (2) Otis push-button dumb-waiters, located at the Boston City Hospital, for a period from April 1, 1955, to March 31, 1956, inclusive, at a monthly cost of $1,802.67, the

total cost for the contract period not to exceed the sum of $21,632.04.

This firm has performed this very technical service in a most satisfactory and efficient manner for the past four years.

The rates this year represent an increase of $18.23 per month over the rates as stated in the contract which is to expire on March 31, 1955; however, the increase is one that has been determined in accordance with the terms of certain option provisions contained in the contract under which the city could have required the contractor to perform these services at the new rate for the period of the proposed contract, namely, April 1, 1955, to March 31, 1956.

Furthermore, it is the opinion of the Board of Trustees that the interests of the city will best be served by awarding the new contract, without advertising, to Otis Elevator Company, and the Board is further of the view that nothing would be gained by publicly advertising for proposals for this work.

Respectfully yours,

BOARD OF TRUSTEES, HOSPITAL DEPARTMENT AND BOSTON CITY HOSPITAL,
by RICHARD J. CONDON,
President.

—

BOSTON, April 6, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On February 1, 1955, your Honor approved the award of a twelve-month $4,800 contract to Mr. Harvey Burstein, 294 Washington street, Boston, Mass., to provide for his services on behalf of this department as an expert security consultant, during the calendar year of 1955.

For your information, the contract was not executed because of the limitations imposed upon municipal officers by the Acts of 1909, chapter 486, section 3A, relating to the incurring of liabilities, in the absence of appropriation, prior to the effective date of the 1955 municipal budget.

However, under the authority of the foregoing statute and conformably with the Acts of 1890, chapter 418, section 6, as amended, the proposed contractor has been serving this department most satisfactorily during the past two months.

It is now proposed, following the effective date of the municipal budget, that the aforenamed Harvey Burstein be engaged by written contract as a security consultant to cover the period April 1, 1955, to March 31, 1956. The contractor's services are to be used on an average of two days a week during the contract period, for which he is to be paid $50 per diem, the total contract sum not to exceed $4,800, being payable in twelve equal instalments.

Your Honor's authorization is respectfully requested to dispense with public advertising and to award a contract to Harvey Burstein, as security consultant, as outlined above, in the sum of $4,800.

In view of the highly special nature of the services involved, it is not believed that public advertising therefor would be of avail to the City of Boston.

Respectfully yours,

BOARD OF TRUSTEES, HOSPITAL DEPARTMENT AND BOSTON CITY HOSPITAL,
by RICHARD J. CONDON,
President.

PUBLIC WORKS DEPARTMENT.

BOSTON, March 29, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the American Service Company, 253 Adams street, Dorchester, has the contract for the servicing and maintaining of the gas lamps used for street lighting purposes.

Under the terms of the present contract, which will terminate on March 31, the contractor is paid $21.87 per year for each lamp serviced. I have been negotiating with the contractor's representative for the past several weeks concerning a new contract which will start on April 1, and I have been unsuccessful in my efforts to have said contractor agree to accept a new contract on the basis of the current rate of $21.87. Said representative claims that the continued reduction in the number of gas lamps in the city coupled with an increase in the unit cost, prevents him from accepting the same price included in the current contract. He is insistent that he needs a minimum increase of 76 cents per lamp per year, making the new rate $22.63. This is the best arrangement that I can make with said contractor, and, in view of this, I recommend that a new contract, based on this rate, be awarded to the American Service Company for the fiscal year April 1, 1955, to March 31, 1956.

The agreed price of $22.63 is still less than that paid on similar contracts by some of the adjacent municipalities, and I am satisfied that no lower price could be obtained if the department publicly advertised for proposals. As a matter of fact, I do not feel that we would obtain proposals from anyone else, as there are very few contractors qualified to undertake a service contract of this type. Incidentally, there are approximately 3,380 gas lights still in service in this city, and I hope to reduce this number substantially in the next twelve-month period.

I respectfully request, therefore, your permission to dispense with advertising, and to award a contract to the American Service Company, 253 Adams street, Dorchester, for the servicing, maintaining, and equipping of the gas lamps located in the streets of this city, for the period from April 1, 1955, to March 31, 1956, at an agreed price of $22.63 per lamp per year. It is estimated that the cost of the above-referenced contract will not exceed $58,000 for the period from April 1 to December 31 of the current year; and it is further estimated that it will not exceed the sum of $19,000 for the first three months of 1956. The contract for the period from January 1, 1956, to March 31, 1956, is awarded under the provisions of chapter 182 of the Acts of 1951, which authorizes, in substance, the awarding of a contract for the first three months of the succeeding year upon like or more favorable terms and conditions than the contract in effect during the last nine months of the then current fiscal year.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUFFOLK COUNTY.

MUNICIPAL COURT, CHARLESTOWN DISTRICT.

BOSTON, April 1, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is hereby requested for the award of a contract for transportation of prisoners, without public advertising, to Daniel A. Wiles, 3 Dexter Row, Charlestown, for the period commencing April 1, 1955, and ending with the last day of March, 1956.

The approximate total amount contemplated for expenditure shall not exceed $1,860.

The above-named individual has performed this essential service for a considerable number of years, and has proven himself highly dependable and efficient. This performance has always been highly satisfactory and his rate is fair and reasonable for the services rendered. I therefore am of the opinion that nothing could be gained by publicly advertising for bids.

Yours very truly,

JOHN F. GILMORE,
Justice.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Hub Building Wrecking Company for demolition of the English High School, from May 11, 1955, to August 31, 1955. This extension was requested because the contractor had met difficult and extraordinary construction and had to endure inclement weather.

—

Approval has been given for an extension of time for the completion of the contract with B. Feneno Company for hurricane emergency roofing work at the Boston Clerical School, from December 31, 1954, to May 14, 1955. This extension was requested due to unforeseen circumstances encountered and the progression of events occurring while work was in progress, also inclement weather conditions.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Charles N. Wood Company, 570 Arsenal street, Watertown, for miscellaneous repair work to Walter snow fighters, from April 30, 1955, to May 31, 1955. This extension was requested because the contractor was delayed while awaiting delivery of parts.

DIAGNOSTIC LABORATORY.

The work of the Boston Diagnostic Laboratory reflects the medical and lay interest in the causes and prevention of tuberculosis, Boston's highest bacterial cause of death and the fourth highest of all causes. With constant and continual immunization for diphtheria, typhoid fever, and whooping cough, and increased use of antibiotics in the treatment of venereal diseases, the annual total examinations for these latter diseases have not increased, while routine sputa examinations for tuberculosis have demanded a major part of the diagnostic services.

MAYOR HYNES ASKS LEGISLATIVE STUDY OF BOSTON'S NEED OF INCINERATORS.

(*Continued from page 580.*)

COMPARISON OF COSTS.

Method of Disposal	Estimated Yearly Cost	Increase Per Year
(1) Current method—mainland dumps and Spectacle Island	$2,527,000	
(2) With increase in dumping at Spectacle Island due to loss of Calf Pasture and Hallet Street dumps	3,236,400	$709,400
(3) With two incinerators supplanting dumps at Calf Pasture, Hallet Street, and Spectacle Island	2,648,300	121,300
(4) With no incinerators or mainland dumps — all dumping at harbor islands.	3,907,500	1,380,500

Incineration is also best from the standpoint of sanitation, aesthetics, and adequacy. The continuation or the increase in disposal on harbor islands does not remove the necessity for maintaining and operating wharves which are far less sanitary than incinerators. With incineration, there is no possibility of contaminating the harbor waters with spilled refuse, and there is no problem of rodent control such as exists at the wharf stations. The mileage required for the collection and hauling of refuse on the city streets is not reduced regardless of the methods of disposal used, with the exception, however, that if through restrictive legislation we are required to abandon all mainland dumps, then the amount of trucking mileage in hauling refuse to the wharf stations—particularly through the Dorchester district—will be increased considerably. Due to architectural treatment, modern incinerators present an appearance more to be preferred than that of wharf stations or open dumps on the harbor islands.

There is one additional factor, not considered in this report, that will affect future disposal costs. That is the necessity for retaining dumping areas on the mainland for incinerator residue. The remaining dumping areas on the mainland should be conserved for this material, which is an appreciable quantity, as approximately 10 per cent of the material delivered to an incinerator must be disposed of as residue. To exhaust all the remaining dumping area before resorting to incineration will increase the cost of final disposal in an amount dependent upon the distance of the residue dump from the incinerators.

INCINERATORS THE ANSWER.

The construction of incinerators is the answer to the refuse disposal problem in Boston, and every report on this subject over the past forty-five years has so agreed. The construction of two incinerators, the South Bay incinerator and the Dorchester Incinerator, will solve the immediate problem and will provide an adequate method of disposal for at least the next twenty-five years.

An objection to the construction of the 900-ton South Bay incinerator has been raised by representatives of the Newmarket development, who contend that the operation of the incinerator would jeopardize the future of said development. In our opinion, the incinerator would prove to be an asset to the area and not a detriment.

The site location—which is approximately 1,800 feet from the market—was given careful consideration when it was selected in 1951, and we obtained the approval, at that time, of a representative of the State Department of Public Health and the United States Department of Agriculture. I enclose photostatic copies of said approvals, as well as copies of other correspondence, that relate to the proposed South Bay incinerator.

Respectfully submitted,

GEORGE G. HYLAND,
Commissioner of Public Works.

ASSESSED VALUATIONS CONTINUE TO RISE.

A survey of 43 assessing jurisdictions over 100,000 population, recently completed by the National Association of Assessing Officers, discloses that the latest totals of assessed valuations average 4.3 per cent higher than those for last year. Last year's survey of 46 jurisdictions showed an increase for the preceding period of 6.35 per cent. Duval County (Jacksonville), Florida, reported a 19.7 per cent increase, the highest of any jurisdiction. Other jurisdictions reporting high percentage increases in valuations were Dade County (Miami), Florida, 13.3 per cent; Providence, Rhode Island, 10.5 per cent; King County (Seattle), 10.4 per cent; Grand Rapids, Michigan, 9.3 per cent; Richmond, Virginia, 8.8 per cent; Los Angeles County, 8.5 per cent; Minneapolis and San Antonio, 6.9 per cent; and Erie, Pennsylvania, 6.7 per cent.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

(These examinations are for the service of the state, all cities and such towns as are classified under civil service. Persons qualifying in the examinations may have their names placed on the state list for the grade or grades for which they apply, as well as on the list for the city or town in which they have domicile. A separate application must be filed for each examination. A Manual for the Guidance of Applicants for Positions as Civil Engineers, Grades I and II, prepared by the Director of Civil Service, may be obtained from the Public Documents Division, Room 116, State House, Boston, at 10 cents a copy. It is desirable that applicants obtain a copy of this manual and study it carefully.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 25, 1955.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair and all the members present.

The Reverend Francis X. Quinn of St. Joseph's Roman Catholic Church, Boston, was escorted to the rostrum.

INVOCATION BY REV. FRANCIS X. QUINN.

O Lord, the Omniscient Judge of the hearts of men, on this opening of the Council for the transaction of business, we invoke Thy divine guidance and plead with Thee to give us the wisdom and the courage to fulfill the obligations that are a part of our office. Thou knowest that we are planning and building, not only for the present citizens of this, our beloved community, but for several generations to come, and what we do here will affect the lives not only of those we know but the children and even the grandchildren of those we know.

The strength of America is in the home, and perhaps the strength of America is in the local governments.

May we be able to bear the pressures that come to us in our sacred office and may we receive from Thee the light and the guidance to perform faithfully and effectively and successfully the duties we have the honor to bear in the interest of the citizens of our great and beloved city. Amen.

The meeting was opened with the salute to the Flag.

RESURFACING OF CONDOR STREET, EAST BOSTON.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of April 11, 1955, concerning the resurfacing of Condor street in East Boston.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Public Works Department,
April 18, 1955.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of April 11, 1955:

"Ordered, That his Honor the Mayor request the Public Works Commissioner to include the resurfacing of Condor street in East Boston in his 1955 highway program."

The above-referenced street is in poor condition, and I have tried for the past two or three years to include it in our street reconstruction program, but I have deferred action on it due to the cost involved and the necessity of resurfacing other streets in various sections of the city that are more important than Condor street.

However, I do recognize that this street should be resurfaced at some time in the near future, and, if possible, I will include it in this year's highway reconstruction program.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SPOTLIGHTS ON ARTERIAL HIGHWAY.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of April 11, 1955, concerning erection of spotlights on the new arterial highway in the vicinity of the Sumner Tunnel.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Public Works Department,
April 20, 1955.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of April 11:

"Ordered, That the Commissioner of Public Works of the Commonwealth of Massachusetts be requested by his Honor the Mayor to have spotlights erected on the new arterial highway in the vicinity of the Sumner Tunnel to give additional protection to those police officers assigned to traffic duty there in the early evening and at night."

I presume that the police officers referred to above are assigned to traffic duty at the Sumner Tunnel Plaza, North street, Hanover street, and possibly other surface streets in the area. As these streets are all under the jurisdiction of the City of Boston, the State Department of Public Works would not, in my opinion, install spotlights on the arterial highway for the benefit of these officers. Therefore, the erection of any spotlights is under the jurisdiction of the City of Boston, and will have to be installed at its expense.

I suggest that this matter be referred to the Police Commissioner, in order that he may determine the locations at which these lights should be provided, in order to give—as stated in the above order—additional protection to those police officers assigned to traffic duty in the vicinity of the tunnel.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

On motion of Councillor White the message was referred to the Executive Committee.

PAYMENT OF SUM OF MONEY TO CLARKESON ENGINEERING COMPANY, INC.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1955.

To the City Council.
Gentlemen:

In the summer of 1953, the State Department of Public Works contracted with the New York engineering firm of Parsons, Brinckerhoff, Hall & MacDonald for an independent judgment as to the most suitable route for the John F. Fitzgerald Expressway, from Fort Hill square to the vicinity of Broadway, near Albany street. To insure that these consultants would confer with city officials and would take into account factors of importance to the city, the city defrayed part of the cost. When the Parsons firm submitted its report to the state and city on September 15, 1953, it was found to contain unexpected findings ostensibly detrimental to the city. The State Department of Public Works seemed bent upon proceeding forthwith in accordance with the report unless competent engineers advised otherwise. Believing the situation to be one of extreme emergency involving the health or safety of the people or their property, the City Planning Board, without the formalities of an appropriation or a written contract, engaged Clarkeson Engineering Company, Inc., to study and comment upon the Parsons report and suggest any alternate route felt to be superior. After the submission by Clarkeson Engineering Company, Inc., of its report on October 19, 1953, its bill for $2,375.42 was forwarded by the City Planning Board to the City Auditor for payment. If the situation legally qualified as a case of "extreme emergency involving the health or safety of the people or their property," an appropriation would have been unnecessary under St. 1909, c. 486, s. 16, and the lack of a written contract would not have been of vital significance under an opinion rendered on March 19, 1940, by then Corporation Counsel Henry Parkman, Jr. The City Auditor, after consultation with the present Corporation Counsel, felt constrained to disapprove payment of the $2,375.42, however, because of substantial doubt as to whether the situation legally qualified as such an extreme emergency. A member of the House of Representatives has filed a bill to clarify the city's power to pay this obligation. Under the provisions of Joint Rule 7B of the Legislature, such a measure cannot be admitted for consideration unless approved by the Mayor and City Council. Submitted herewith is a resolve to meet this requirement. I respectfully urge its adoption by your Honorable Body so that the city will not break faith on its moral obligation.

Respectfully,
J. B. HYNES, Mayor.

—

Resolved, That the City Council of Boston favors the consideration by the Legislature of the petition of Representative John E. Yerxa, now held under Joint Rule 7B, relative to authorizing the City of Boston to pay a sum of money to Clarkeson Engineering Company, Inc.; provided that any such legislation enacted includes a referendum to the Mayor and City Council.

Referred to the Executive Committee.

EXEMPTION OF CERTAIN CONTRACTS FROM REQUIREMENTS OF ADVERTISING.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1955.

To the City Council.
Gentlemen:

I submit herewith an order providing for acceptance of chapter 60 of the Acts of 1955. This legislation establishes $2,000 as the amount of expenditure at which advertising for bids in the "City Record" and the execution of written contracts is required.

At present, the corresponding amount is $1,000 and, as you are aware, this figure has been in effect for many years. The change proposed reflects the depreciation in dollar value which has occurred in the last two decades. Since commodity prices and cost of services have practically doubled in this period, it may be said that the amount proposed under chapter 60 is the current monetary equivalent of the value present in the existing figure when it was originally established.

It is my intention to require city and county departments to secure invitation proposals for all expenditures between the former and proposed figures and to base awards on the lowest bid received. In this manner the city will not lose the advantage of competition on purchases below the proposed amount. While retaining this desirable element in our purchasing procedure, departments will be relieved of a vast amount of clerical effort and legal research now required in the processing of the large number of contracts made necessary by the existing limit. I consider, therefore, the provisions of chapter 60 of the Acts of 1955 as being beneficial to the city and respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

—

Ordered, That chapter 60 of the Acts of 1955, entitled, "An Act Concerning Certain Contracts Entered Into on Behalf of the City of Boston and the County of Suffolk" be, and hereby is, accepted.

Referred to the Committee on Ordinances.

APPROPRIATION FOR SCHOOL PURPOSES.

The following was received:

City of Boston,
Office of the Mayor, April 25, 1955.

To the City Council.
Gentlemen:

Under the appropriation limit provided by law, the School Committee has appropriated for general school purposes the sum of $22,799,007.19. In addition, the committee has requested that additional appropriations totaling $3,421,544.97 be provided for general school purposes under the provisions of chapter 224 of the Acts of 1936.

After a review of the above request, I am of the opinion that additional appropriations totaling $3,279,448.97, or a reduction of $142,096 in the original request of the committee, will suffice for the current year's needs of the School Department. I have communicated this fact to the members of the School Committee and have their acquiescence to this reduction.

Approval of the supplementary amount will mean that 1955 appropriations for general school purposes will exceed by $1,048,066.21 actual expenditures in 1954 for said purposes. The main factors responsible for this increase are indicated in the following table:

1955 cost of increases allowed September 1, 1954		$650,000
Salary adjustments and increases, September 1, 1955		205,000
Expansion in Services:		
Supervisors of attendance	$13,000	
Instruction	100,000	
School nurses	23,700	
		136,700
Increase in number of pensioned veterans		99,000
Additional requirements for transportation of pupils		30,600
Increased fuel, light, and telephone costs		22,000
		$1,143,300
Less reductions in former charges for:		
Tuition	$38,000	
School lunches	29,000	
Trucking	13,600	
Compensation survey	12,500	
		93,100
		$1,050,200

I submit herewith an order providing for the additional appropriations and respectfully recommend its adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

—

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for school purposes in addition to appropriations previously voted by the School Committee; said sums to be raised by taxation on the polls and estates in the City of Boston; and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes, and the interest thereon, apply to the appropriations and taxes herein provided for.

Administration	$143,702 82
Instruction	2,320,792 26
Auxiliary services	123,339 13
Operation of plant	566,751 15
Fixed charges	124,773 61
Total	$3,279,448 97

Referred to the Committee on Appropriations and Finance.

RELOCATION OF MTA TROLLEY AND BUS STOPS.

Coun. HAILER offered the following:

Ordered, That the Traffic Commissioner, through his Honor the Mayor, be requested to make a survey throughout the various shopping areas of the city in conjunction with the representatives of the Metropolitan Transit Authority to consider relocating trolley and bus stops. Some stops are located in positions which cause traffic congestion making it hazardous for pedestrians and operators alike; while others are located immediately in front of business establishments, thereby making it difficult for shoppers and store owners alike.

Passed under suspension of the rules.

SALE OF HOUSING CONSTRUCTED UNDER CHAPTER 372.

Coun. HAILER and FOLEY offered the following:

Whereas, There has been enacted in Chapter 247 of 1955 an unjust and unfair provision concerning the sale of housing constructed under Chapter 372 of the Acts of 1946; and

Whereas, The said Chapter 247 of the Acts of 1955 provides that

(1) A veteran purchasing a housing unit constructed under Chapter 372 must pay real estate taxes in advance before receiving a deed;

(2) That assessment upon which the tax is to be paid is to be the sales price; be it therefore

Resolved, That an immediate attempt be made to repeal those provisions of Chapter 247 of the Acts of 1955 forcing a veteran purchaser of Chapter 372 housing to pay a full year's taxes in advance.

The resolution was adopted under suspension of the rules.

RECESS.

On motion of Councillor Kerrigan the Council voted to take a recess at 2.50 P.M., subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President HURLEY at 3.40 P.M.

EXECUTIVE COMMITTEE REPORTS.

Coun. WHITE, for the Executive Committee, submitted the following:

1. Report on message of the Mayor (referred today) concerning erection of spotlights on the new arterial highway in the vicinity of the Sumner Tunnel — recommending that same be placed on file.

The report was accepted and the message was placed on file.

2. Report on message of the Mayor and resolution (referred today) that Council favors consideration by the Legislature of the petition authorizing the City of Boston to pay a sum of money to Clarkeson Engineering Company, Inc. — recommending that same ought to pass.

The report was accepted, and the resolution was adopted.

ERECTION OF SPOTLIGHTS IN AREA OF SUMNER TUNNEL.

Coun. HURLEY and WHITE offered the following:

Ordered, That the Police Commissioner of the City of Boston be requested by his Honor the Mayor to study the possibility of, and cause to be erected, spotlights in the area of the Sumner Tunnel, Sumner Tunnel Plaza, North street, and

Hanover street, to give additional protection to those police officers who are assigned to traffic duty there in the early evening and at night.

Passed under suspension of the rules.

LOAN TO HOUSING AUTHORITY FOR URBAN RENEWAL PROGRAM.

Coun. PIEMONTE and KERRIGAN offered the following:

Whereas, Under the Housing Act of 1954 providing for Urban Renewal, one third of the cost is borne by the city or town; and

Whereas, The city may advance moneys to the Housing Authority for the purpose of preparing the necessary plans and program to participate under the renewal program; and

Whereas, Moneys so loaned by the city are credited to the city's share of the proportionate cost; now, therefore, be it

Resolved, That his Honor the Mayor loan to the Housing Authority sufficient sums of money to engage and speedily carry out plans for participation of the City of Boston under the Urban Renewal program.

The resolution was adopted under suspension of the rules.

ANNIVERSARY OF DEATH OF PRESIDENT ROOSEVELT.

Coun. McCORMACK and FOLEY offered the following:

Resolved, That the Boston City Council notes with sorrow the tenth anniversary of the death of one of the handful of great men our century has produced, President Franklin D. Roosevelt.

The resolution was adopted under suspension of the rules.

Adjourned at 3.49 P.M., on motion of Councillor McCormack, to meet on Monday, May 2, 1955, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, the following street is one way in the direction indicated, effective April 27, 1955:

A Street, South Boston.

From Congress street to Melcher street.

FIRE DEPARTMENT ORDERS.

General Order No. 26.

Annual Communion Sunday.

The twelfth annual Communion Sunday for Catholic members of the Boston Fire and Protective Departments will be held in St. Vincent's Church, E and West Third streets, South Boston, at 9 A.M., Sunday, May 8, 1955.

The guest speaker for the breakfast will be Most Reverend Richard J. Cushing, D.D., Archbishop of Boston.

The Celebrant of the Mass will be department chaplain, Right Reverend Monsignor Henry J. O'Connell. The Toastmaster will be Fire Commissioner Francis X. Cotter. His Honor, Mayor John B. Hynes, will be present.

Upon completion of the Mass, members will form outside the church and march to Blinstrub's Village, 300 West Broadway, South Boston, where the annual Communion Breakfast will be held.

Regulation uniform with sack coat and white gloves shall be worn on this occasion.

Any member planning to attend the Mass will be excused from duty when relieved by his partner.

Members who desire to participate in the annual Communion Sunday exercises are privileged to exchange time.

Members may have their sons accompany them at the Mass and at the breakfast.

This ceremony has become an established annual rite for the Catholic members of the department. For new members of the department inducted during the past year, it will be an opportunity to meet their spiritual leader and to make new contacts and friendships in the department during the breakfast. The committee earnestly requests that all members off duty make every effort to attend the Mass and the breakfast. It is particularly requested that members possessing uniforms should wear them, although the lack of a uniform should not act as a deterrent for participation in the exercises. An especially fine program has been arranged for those attending.

By order of Fire Commissioner Francis X. Cotter.

John V. Stapleton,
Chief of Department.

General Order No. 27.

I. Changes in Titles of Positions.

The following changes in titles of positions, to become effective immediately, in order to conform to the provisions of chapter 45, of the Acts of 1952, are hereby announced:

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 47 SATURDAY, MAY 14, 1955. NO. 20

DIRECTOR OF SEARS SURGICAL LABORATORY AT CITY HOSPITAL NAMED BY TRUSTEES WITH APPROVAL OF MAYOR HYNES—DR. JOHN ENGELBERT DUNPHY, NOTED SURGEON, CHOSEN FOR PLACE — OUTSTANDING AND RENOWNED IN HIS PROFESSION—PATIENTS AND PUBLIC TO BENEFIT.

The Trustees of the Hospital Department of the City of Boston, with the approval of his Honor the Mayor, have announced the appointment of Dr. John Engelbert Dunphy of Wellesley Hills to be director of the Sears Surgical Laboratory and director of the Fifth (Harvard) Surgical Service at the Boston City Hospital.

Dr. Dunphy was born in 1908 in Northampton, Mass. He attended Holy Cross College, received his A.B. degree in 1929 and graduated from Harvard Medical School in 1933. He received postgraduate surgical training between 1933 and 1940 at the Peter Bent Brigham Hospital. During 1938 he served as George Gorham Peters training fellow at the Lahey Clinic. In 1939 he was appointed Arthur Tracy Cabot fellow in surgery at Harvard Medical School.

REPORT OF MARY K. FITZGERALD, CHAIRMAN, BOSTON SCHOOL COMMITTEE, ON ATTENDANCE AT ANNUAL MEETING OF NATIONAL SCHOOL BOARD ASSOCIATION, INCORPORATED, IN ST. LOUIS, MISSOURI, FEBRUARY 24 TO 26, 1955, INCLUSIVE.

The following is the report on attendance of the School Committee Chairman, Mary K. Fitzgerald, at the National School Board Association Convention, St. Louis, Missouri, on February 24 and 25, 1955:

Upon arrival, and following registration, the writer attended general sessions and conferences on educational matters concerning School Committees over the nation.

During the afternoon of February 25, discussion was held with other members of Massachusetts School Committees concerning a resolution on increased state aid and on federal aid legislation for schools. These matters were further discussed at general sessions of the entire association.

MAYOR JOHN B. HYNES EXTOLS SPIRIT OF FRIENDLY GOOD WILL OF BOSTON'S CITIZENS IN RELATIONSHIPS WITH EACH OTHER — ADDRESSES GATHERING OF MASSACHUSETTS COMMITTEE OF CATHOLICS, PROTESTANTS, AND JEWS AT ANNUAL DINNER AT HOTEL STATLER — BEARS GREETINGS TO ASSEMBLY AND THREE DISTINGUISHED GUESTS, GOVERNOR McKELDEN OF MARYLAND, GENERAL WALTER BEDELL SMITH, AND JACK BENNY, FROM CITIZENS OF BOSTON.

At the annual dinner of the Massachusetts Committee of Catholics, Protestants, and Jews, Mayor John B. Hynes spoke as follows:

Six years ago, when I was an unsophisticated tyro at the job of Mayor, I was privileged to attend this annual dinner of the Massachusetts Committee of Catholics, Protestants, and Jews, and extend the official greetings of the City of Boston.

On that occasion, and on each annual occasion since that time, I was profoundly stirred by the spirit of friendly good will which prevailed at these dinners — and which prevails tonight at this dinner.

I have also been agreeably impressed with the character and color always present at this gathering, which never fails to bring together the most beautiful, the most striking, the most charming ladies — and the most distinguished, the most intelligent, and the most successful gentlemen of our community.

In this vein, I might suggest that this is an opportune moment for me to gingerly, albeit adroitly, express the vagrant thought that it could be my fortune or my fate to come to this dinner in the years immediately ahead, in the same capacity I am here tonight, and join with you in a wonderful evening arranged by a wonderful committee, headed by Oscar Hauserman, Harold Hodgkinson, Ralph Eastman, good old Ben Shapiro, and the dean of all committeemen, Mike Kelleher.

I venture a guess that with such a committee behind him, and a fund-raiser like Mike Kelleher producing the wherewithal, a guy could be elected to anything but the presidency of the Women's Temperance League, and that position I am not fitted to fill — by no stretch of anyone's imagination.

Distinguished Guests.

Tonight I greet, in the name of our city, our three distinguished guests.

To the affable and most capable Governor of Maryland I wish to state that we have long since forgotten that little incident on the streets of Baltimore some ninety-odd years ago when our militia boys were answering the call of Father Abraham. We never mention that incident, Governor, never. Nice to have you in Boston, Governor McKelden.

To one of the outstanding military geniuses of our time patriotic old Boston extends a hearty welcome. From afar we have admired you, General Walter Bedell Smith — not alone because of your military prowess, but also because of your innate modesty, because of your complete lack of pomp and circumstance, because of your devotion to principle. We are honored, General, to have you with us tonight.

And for our third guest of honor we have a special welcome. Like timeless, ageless Boston, Jack Benny is timeless and ageless. May this old city which gave strength and courage to our new republic during its earliest and darkest days always be a citadel of God-fearing, freedom-loving, understanding peoples. May you, Jack Benny — you who have pierced many a gloomy hour with the sunshine of your personality — may you never age, and, like Boston itself, may you be with us always.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MAYOR NAMES DIRECTOR OF SEARS SURGICAL LABORATORY AT CITY HOSPITAL.

(*Continued from page 605.*)

Dr. Dunphy served as instructor in surgery for one year before entering military service in 1950. He left the Army in 1954 with the rank of lieutenant colonel, having served as Chief of Surgical Service and consultant in surgery in the European theatre. Since his return from service Dr. Dunphy has devoted himself to teaching, research and clinical surgery at Harvard Medical School and at Peter Bent Brigham.

He was promoted to the rank of professor at Harvard in 1953. He holds the rank of surgeon at the Brigham. He is Chief Consultant in Surgery to the Veterans Administration for the New England-New York area.

Dr. Dunphy has written and published approximately sixty major articles. He is regarded as one of the nation's outstanding younger surgeons. During the past year he has served as president of the Society of University Surgeons.

Said Mayor Hynes of Dr. Dunphy's appointment: "This good news has been long awaited by those of us who are devoted to further improving the services for patients at the Boston City Hospital. Most serious consideration and careful study has been given to this appointment for several months. I am happy to make this announcement and to offer my congratulations to Dr. Dunphy. I am sure that his outstanding ability will afford splendid leadership to the Sears Laboratory, which was established as a memorial to the late Dr. George G. Sears, former trustee of the hospital, under the will of the late Charles Tyler, Boston attorney. The direct result of this excellent appointment will be a major step forward in the higher standards of care for the patients at the Boston City Hospital and another move in the direction to make this institution the outstanding one of its kind in the country."

REPORT OF MARY K. FITZGERALD, CHAIRMAN, BOSTON SCHOOL COMMITTEE.

(*Continued from page 605.*)

On February 25 the chairman left further reports concerning the National Association Meeting in the hands of School Committee Member Musco, and went to Washington, D. C., to confer on the federal aid to schools bills then in committee, with Congressman John W. McCormack of Massachusetts.

On Saturday, February 26 a conference was held in the office of Congressman McCormack, who referred the School Committee Chairman to Congressman Carl Perkins of Kentucky, who is a member of the House Committee on Education and Labor.

Mr. Perkins informed the chairman that it is most likely that some form of school construction aid will be given by the federal government, but that it is his feeling that the present administration bill does not grant large enough or direct enough aid to meet the problem all over the nation.

The School Committee chairman recommended at a subsequent meeting in Boston, of the Boston School Committee, that this committee go on record as supporting the so-called Hill Bills for federal aid to schools in construction, and for general school purposes.

In all of these bills under consideration stringent provisions for local control of schools are made.

Respectfully submitted,

MARY K. FITZGERALD,
Chairman, Boston School Committee.

REPORT OF MARGUERITE G. SULLIVAN, ASSISTANT SUPERINTENDENT OF SCHOOLS, ON ATTENDANCE AT CONFERENCE OF SUPERVISORS OF ELEMENTARY EDUCATION IN LARGE CITIES, IN WASHINGTON, APRIL 4 TO 7, INCLUSIVE.

The following is the report of Marguerite G. Sullivan, Assistant Superintendent of Schools, on attendance at conference in Washington:

DR. DENNIS C. HALEY,
Superintendent of Boston Public Schools.
DEAR DR. HALEY:

The following is the report of my attendance at the Conference of Supervisors of Elementary Education in Large Cities in Washington, D. C.

The Elementary School Conference of representatives from 55 of the largest cities of the United States was opened at 9.30 A.M., April 4, 1955, by Dr. Helen K. Mackintosh, Acting Chief, Elementary Schools Section of the United States Department of Education.

Dr. Herbert Brownell, United States Commissioner of Education, emphasized the country-wide needs for sufficient classroom accommodations and for adequately prepared teachers. He urged that school systems also turn their attention to a fuller integration of home and school experiences of children and a greater concern that teachers keep themselves up to date and not "historic" in their viewpoints.

He urged fullest teacher participation in international programs, citing the values gained from the Montevideo UNESCO Conference.

Representatives of New York, Philadelphia, Chicago, Los Angeles, Baltimore, Buffalo, and Boston were assigned to one group for work periods for the session. In these work periods the following topics were discussed:

1. Ways of implementing policies—system-wide and within districts.
2. Orientation of new teachers.
3. Entrance age.
4. Effective coordination of special services.
5. Programs for gifted children.
6. Provisions for release of tensions of elementary teachers.
7. Curriculum building.

The greatest satisfaction from the conference came from the recognition of common problems and from the realization that Boston not only has made progress commensurate with that of the rest of the country, but in many areas is actually in the forefront in dealing with these problems. However, we are not keeping pace with the problem of entrance age. (All reading studies point to the desirability of a six-year C.A. for beginning reading.) New York City, among others, has just raised its entrance age from five years, four months, to five years, eight months.

The experience gained from this type of "mutual exchange" conference was invaluable.

Respectfully submitted,

MARGUERITE G. SULLIVAN,
Assistant Superintendent.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Marion Cieri, 88 Endicott street, Boston, in the sum of $495, as compensation for personal injuries caused by a hole in the sidewalk on Endicott street, near Cross street, September 19, 1952.

Pasquale Rao, 98 West Cedar street, Boston, in the sum of $445, as compensation for damage to merchandise stored in basement of above premises caused by the backing up of a sewer, September 18, 1954.

Rita Bowers, 63 Radcliffe street, Dorchester, in the sum of $485, as compensation for personal injuries and damage to property caused by a raised portion of the sidewalk in front of 30 Shafter street, Dorchester, November 15, 1954.

Mary E. Sheehan, 112 Murdock street, Brighton, in the sum of $15, as compensation for damage to automobile caused by a hole in the highway on Brooks street, near Oliva road, Brighton, September 18, 1954.

Charles A. Sullivan, 237 Weld street, West Roxbury, in the sum of $35, as compensation for damage to property during the construction of Weld street by the Public Works Department in 1954.

Mrs. Frances C. Healy, 41 Auckland street, Dorchester, in the sum of $75, as compensation for damage to property in basement of above premises caused by the backing up of a sewer, during the first week of December, 1954.

Selby Auto Supply Company, Inc., 924 Columbus avenue, Roxbury, in the sum of $440, as compensation for damage to property stored in basement of above premises caused by a leak in the service pipe, at the main, February 4, 1955.

Mrs. Thomas Hillery, 39 Dart road, Dorchester, in the sum of $51, as compensation for damage to property in above premises caused by a broken water pipe, February 2, 1952.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

W. H. Ellis & Son Company has been granted an extension of time until June 15, 1955, for the completion of the contract for reconstruction and repairs of pile and timber fences, L Street Bath House, South Boston.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extention of the time of completion of the contract, approved April 7, 1955, with the General Ship & Engine Works, Inc., 336 Border street, East Boston, for welding repairs to drawspan of the Summer Street Bridge over the Reserved Channel and Charlestown Bridge over the Charles River, from May 7, 1955, to May 20, 1955.

This extension was requested because the contractor could not complete necessary welding work due to a long rainy spell.

Men and Women Residents, January 1, 1954, Including Supplementary List.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor and supplies. Communications from heads of the departments interested were as follows:

Administrative Services Department.
Purchasing Division.

Boston, May 6, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

This office is in receipt of a requisition from the Suffolk County Registry of Deeds for one (1) Photostat Photographic Copying Apparatus, Model No. 1-37, Recorder Continuous, No. 781493, complete with bookholder and accessories.

This machine is made only by the Photostat Corporation, which company has submitted a price of $6,300, less trade-in allowance on one (1) Haloid Daylight Duplex machine of $300. The price submitted includes service and replacement of all parts for 1955.

Inasmuch as this equipment will be purchased direct from the manufacturer, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Photostat Corporation, 824 Industrial Bank Building, Providence, Rhode Island, for one (1) Model No. 1-37 Photostat Photographic Copying Apparatus. It is my opinion that, in this way, the best interests of the city will be served.

Approximate net total of contract will be $6,000.

Respectfully yours,

John V. Moran,
Purchasing Agent.

Hospital Department.

Boston, May 2, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

After the serious power plant failure at Boston City Hospital on March 16, 1955, certain emergency work was immediately indicated. Permission to award a contract, without advertising, was requested and granted to install an emergency water feed line to the high pressure steam boilers. This work is nearing completion. No specifications for additional work could be prepared until the problems of this phase were solved.

Two generators in the power plant are in need of immediate and extensive repairs. Funds for this work have been allocated. These two generators represent approximately three quarters of the plant's generating capacity. The repairs must be made during the low-load summer period. Only one of the units can be out of operation at one time.

Repairs to the steam turbine generator will take four weeks. A second generator will need sixteen weeks for repair. Since this requires a combined total of twenty weeks at the least the work must be started promptly to assure adequate power supply when heavy demand arises in the fall.

These repairs cannot safely be started until certain emergency work is done on the high and low pressure mains connected to these generators. The existing emergency exhaust line on the low pressure steam main must be closed off in order to shut down the turbine generator for

repairs. A new emergency exhaust must be installed in this line before this generator can be repaired.

The main shut-off valves and the flanges on the high pressure steam heads to the generators leak. These must be repaired before work can be started on the generators.

In view of the necessity for pushing this work rapidly to completion permission is requested to dispense with advertising in the *City Record* and to award a contract for emergency repairs to certain power plant steam mains to P. J. Riley & Company, 295 Highland avenue, Boston, in an amount not to exceed three thousand dollars ($3,000).

A large amount of additional emergency repair work is necessary in the power plant. This work must be done before the return of cold weather to render the plant secure and to ensure continuous services vital to patient welfare. The additional problems are under intensive study and survey.

The problem isolated for special handling in this request is the most urgent of several problems which remain. Work should be started promptly as the emergency feed line is now ready and no delay should be allowed because of the time required for the necessary generator repairs.

The Trustees of the Hospital Department therefore request your Honor's immediate approval of this emergency request as a matter immediately affecting proper care of patients at Boston City Hospital.

Respectfully yours,

RICHARD J. CONDON,
President, Board of Trustees.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 27, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of August 10, 1954, a contract in the total amount of $55,814.30 was awarded to the Carriere Construction Company of Roslindale, for constructing Joslin road, Ward 4, and eight other public ways located in Wards 8, 12, and 19. The above-referenced contractor submitted the lowest bid of all that were received after publicly advertising for proposals.

Subsequent to the award of the contract, we found that the Deaconess Hospital was going to construct a new addition on Joslin road and, incidentally, the work on said addition is now in progress. Therefore, I have indefinitely postponed the construction of Joslin road until the hospital addition is completed and the proposed construction of said street has been eliminated from the list of streets included in the above-referenced contract.

The estimated cost of constructing Joslin road was in the amount of $8,850. In order to provide for the approximate amount of the contract work involved in said contract, I propose having the contractor construct Abby road, which is a short dead-end street located off Waverly street, in Brighton, and which was ordered laid out and constructed by the Board of Street Commissioners under date of November 16, 1953. It is estimated that it will cost approximately $6,500 to construct Abby road, in accordance with the terms, conditions, and the unit prices that prevail in the subject contract.

I respectfully recommend, therefore, your authority to dispense with advertising and to amend the above-referenced contract so as to include the construction of Abby road, Ward 22, in an amount not to exceed $6,500, in accordance with the terms, conditions, and unit prices of the above-referenced publicly advertised contract, and with the understanding that the construction of Joslin road will be deferred and done under some future contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

—

BOSTON, April 28, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of March 18 of the current year, your Honor approved the awarding of a contract, without publicly advertising for proposals, to the engineering firm of Charles A. Maguire & Associates, for the preparation of contract plans and specifications for the reconstruction of the Charlestown Bridge, and also for the conducting of a study and investigation of the drawspan structure, including a study of the fender system and the operating mechanism.

The work of preparing the contract plans and specifications was to be paid on the basis of a fee equal to 4½ per cent of the construction cost, and the study involving the drawspan structure was to be done on a cost-plus basis, at a maximum fee not in excess of $10,000. In the proposal that was sent to me by the Maguire Company concerning this matter, no amount was specified in said proposal concerning the maximum to be allowed for conducting the study. I felt, however, that $10,000 should be sufficient, and included this amount in the letter of March 15 that I sent to you requesting your approval to the awarding of a contract for the above-referenced consulting services.

The contract has not been executed as yet, and representatives of the Maguire Company state that the maximum of $10,000 for the study is too low, as they feel that they will need approximately $16,500 to conduct a detailed and thorough study of the drawspan structure and the operating mechanism. I am agreeable to the establishing of such a maximum, as I do not, in any way, want to jeopardize the thoroughness of the study to be made. A thorough and complete study of the drawspan and section of the bridge should result in eventual savings to the city when the repair and construction work is in progress, as the governing plans and specifications will be prepared as the result of and on the basis of the report and findings made by the consultants in the course of their study. For that reason, therefore, I do not want to restrict the extent of said study.

I respectfully request, therefore, your authority to dispense with advertising, and to increase from $10,000 to $16,500 the maximum amount that the City of Boston will pay to Charles A. Maguire & Associates, for conducting the study and investigation of the drawspan structure of the Charlestown Bridge, including a study of the fender system and operating mechanism, as referred to in my letter of March 15. This communication, therefore, and your Honor's approval, will serve as an amendment to my original letter of March 15 only to the extent of increasing from $10,000 to $16,500 the maximum amount for the conducting of the above-referenced study.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Park Construction Company, Inc., 40 Court street, for construction of office building and garage, Arborway and Forest Hills street, from May 1, 1955, to June 30, 1955. This extension was requested because the contractor was delayed by inclement weather.

—

Approval has been given for an extension of time for the completion of the contract with J. J. Bonavire, Inc., 209 Washington street, for construction of new garage, Public Works Department yard, City of Boston, 315 Western avenue, Brighton, from May 1, 1955, to July 15, 1955. This extension was requested because the contractor was delayed by inclement weather.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

Rebuild a 10-inch pipe sanitary sewer in Regent street, between Hulbert street and Circuit street, in the Roxbury district, at an estimated cost of $3,900.

A 12-inch pipe surface drain, two catch basins and connections in Fairview avenue, between River street and Alvarado avenue, in the Hyde Park district, at an estimated cost of $2,600.

A 10-inch pipe sanitary sewer in Canterbury street, between existing sewer (800 feet northeast of Walk Hill street) and 700 feet northeasterly, in the West Roxbury district, at an estimated cost of $10,000.

A 10-inch pipe sanitary sewer, 10-inch pipe surface drain in Hazelmere road, between Haviland road and 220 feet easterly, in the West Roxbury district, at an estimated cost of $4,600.

A 30-inch reinforced concrete pipe surface drain in New Haven street, between 250 feet south of Northdale road and 230 feet southerly, in the West Roxbury district, at an estimated cost of $3,900.

A 10-inch pipe sanitary sewer, 10-inch pipe surface drain, five catch basins and connections in Manchester street, between 210 feet east of Cedar street and Idaho street, in the Dorchester district, at an estimated cost of $5,100.

AMENDMENT TO ORIGINAL AWARD OF DAMAGES.

The Public Improvement Commission has voted as follows:

That the amount of $550 be, and the same hereby is, awarded to Reed and Elizabeth H. Freeman for all damages sustained under the order of the Board of Street Commissioners and Mayor of June 8, 1953, for the laying out and construction of Lochland road, Hyde Park district.

—

That the amount of $30 be, and the same hereby is, awarded to Thomas and Helen M. Fitzgerald for all damages sustained under the order of the Board of Street Commissioners and Mayor of January 14, 1952, for the laying out and construction of Austin street, Hyde Park district.

—

That the amount of $103.35 be, and the same hereby is, awarded to J. Wadsworth White for all damages sustained under the order of the Board of Street Commissioners and Mayor of June 5, 1953, for the laying out and construction of Wilton street, Hyde Park district.

POLICE DEPARTMENT ORDERS.

General Order No. 2,039.

Capt. Frank H. Sliney, Division 4, honorably discharged veteran, having arrived at the age of fifty-seven years, having been in service of the Boston Police Department for twenty-eight years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that Capt. Frank H. Sliney be retired from active duty in the Police Department, effective Tuesday, May 3, 1955, at 5.45 o'clock P.M.

FIRE DEPARTMENT ORDERS.

General Order No. 29.

I. PROMOTION.

The following promotion, which became effective at 8 A.M., Wednesday, May 11, 1955, is hereby announced:

Fire Lieut. Vincent A. Bolger, Ladder Company 4, to fire captain.

II. TRANSFERS.

The following transfers, which became effective at 8 A.M., Wednesday, May 11, 1955, are hereby announced:

Fire Capt. John J. F. Fitzgerald, from Engine 2 to Ladder 19.

Fire Capt. Joseph P. McDonough, from Ladder 19 to Engine 47.

Fire Capt. Vincent A. Bolger, from Ladder 4 to Ladder 16.

Fire Lieut. David Goldman, from Ladder 3 to Engine 31.

III. HIGH COMMENDATION.

An alarm was received from Box 6154 at 12.18 A.M., April 11, 1955, for a fire in an apartment house located at 25 Maverick street, East Boston.

Upon arrival of the department at the scene, it was found that the fire was in a third-floor apartment, from which heavy smoke was issuing through the windows. Department members were informed by a citizen that people were trapped in the apartment. Ladders were immediately placed to the windows, over which fire fighters ascended, and at the same time other members of the department entered the hallway and made their way to the third floor. Fire Fighters George E. Gilbrook of Engine Company 9 and William A. Cunningham of Engine Company 40, the first members over the ladder, entered the apartment through the window. They encountered a heavy concentration of smoke, gasses, and intense heat. They groped their way through the rooms and found the unconscious forms of a mother and her young son in the bedroom. They carried the victims from the room to the window and passed them to other members, who brought them down the ladder to the street. Meanwhile, Fire Fighter James A. Gray of Ladder Company 21, who was detailed to Ladder Company 2, had entered the apartment from the hallway by forcing the door. He searched through the smoke- and gas-filled rooms and found the unconscious form of a young boy under the bed. He carried him out of the apartment and down the stairs to the street. The rescued victims were given first aid in the street and then removed to the East Boston Relief Station. The department members who participated in these operations were affected by the presence of pungent smoke and gasses, and Fire Fighter Cunningham was treated at the East Boston Relief Station for smoke and gas inhalation.

Fire Fighters Gilbrook, Cunningham, and Gray effected the rescue of the occupants of the apartment under extremely difficult conditions, and their prompt action undoubtedly resulted in the saving of the occupants' lives.

The Fire Commissioner is pleased to highly commend Fire Fighters Gilbrook, Cunningham, and Gray for their prompt and heroic action, and their cases are referred to the Board of Merit for further consideration.

The Fire Commissioner is pleased to commend all members first arriving at the scene who participated in operations at this fire. Their prompt and efficient action and teamwork resulted in the saving of lives and reflects great credit upon themselves and the Boston Fire Department.

IV. G. A. C. ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the General Alarm Corporation in this department:

Signal 473, Chilton Greetings Company, 76 Atherton street. (Sprinkler.) Apparatus to respond: Engine 42, Ladder 30, District 9. Nearest box is 2276.

By order of Fire Commissioner FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 2, 1955.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair and all the members present.

The Reverend Joseph L. Shea, S. J., Dean of Men at College of Arts and Sciences, Boston College, Chestnut Hill, was escorted to the rostrum.

INVOCATION BY REV. JOSEPH L. SHEA.

Almighty God, in this hour of decision, we beseech Thee to make us fitting instruments of Thy mercy and justice. Heavenly Father, You Who art the eternal lawgiver, grant us penetrating light so that we may see the many needs of our people; the profound knowledge so necessary to know how best to serve them; the unbounded love so required that we may embrace Thee in the interest of all our people.

Divine Master, teach us to be stern in our justice, yet sweet in our mercy, so that in our decisions there may be reflected the image of Thy divine countenance. Amen.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

JITNEY FEEDER SERVICE TO FOREST HILLS AND/OR MATTAPAN STATIONS.

The following was received:

City of Boston,
Office of the Mayor, May 2, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the general manager of the Metropolitan Transit Authority relative to your order of April 11, 1955, concerning the experimenting with a jitney feeder service to the Forest Hills and/or Mattapan Stations in the West Roxbury and/or Hyde Park districts.

Respectfully,
J. B. HYNES, Mayor.

—

Metropolitan Transit Authority,
April 25, 1955.

Mr. Harold B. Flemming,
Chief Clerk, Mayor's Office.
Dear Sir:

The trustees have directed me to reply to the order of April 11 that the operation as outlined therein would be impractical from an operating standpoint and financially imperil the present basis of operations.

Very truly yours,
EDWARD DANA,
General Manager.

SURVEY OF TRAFFIC AND TRUCKING CONDITIONS ON CHESTER AND GARDNER STREETS, BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, May 2, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of March 21, 1955, concerning traffic and trucking conditions on Chester and Gardner streets, Brighton.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
April 25, 1955.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

With reference to the City Council order dated March 21, requesting a survey of traffic and trucking conditions on Chester and Gardner streets, Brighton, with a view to eliminating certain traffic hazards and unnecessary noise, I wish to report that a count was made on April 4 and 5, 1955, and a previous count had been made in March, 1952.

The results of the counts indicate that few heavy trucks pass through these streets, and it was observed that there are many business concerns on Commonwealth avenue whose shipping doors are reached by way of Gardner street. As these trucks would be using Gardner street to reach a specified destination, they could not be legally eliminated under a "Heavy Commercial Vehicle Excluded" ruling.

The traffic conditions found on Chester and Gardner streets are not substantially different from those in the entire neighborhood, and accordingly it appears there are not sufficient warrants existing at the present time to establish a ruling for the exclusion of heavy vehicles from these roadways. The number of trucks five tons or over using Gardner street totaled twenty-four, and in Chester street only eight, in a 10-hour period. This volume is not considered to be excessive, and, while it may be offensive to one or two of the residents, we are obliged to establish our regulations in favor of many rather than the few.

Sincerely yours,
WM. ARTHUR REILLY, Commissioner.

Metropolitan Transit Authority,
April 25, 1955.

Mr. Harold B. Flemming,
Chief Clerk, Mayor's Office.
Dear Sir:

In connection with the order of April 11, the trustees have directed me to thank the Council for its interest, and indicate that the railway expects to use similar types of advertising as occasion arises.

Very truly yours,
EDWARD DANA, General Manager.

ACCEPTANCE OF BRUSH HILL TERRACE, HYDE PARK.

The following was received:

City of Boston,
Office of the Mayor, May 2, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of April 11, 1955, concerning the acceptance of Brush Hill terrace in Hyde Park as a public way.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Public Works Department, April 28, 1955.

Harold B. Flemming,
Chief Clerk, Mayor's Office.
Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of April 11:

"Ordered, That his Honor the Mayor request the Commissioner of Public Works to arrange for an early hearing before the Public Improvement Commission on the acceptance of Brush Hill terrace in Hyde Park as a public way."

Upon investigation, I find that a petition signed by a majority of the property owners of the above-referenced private way was submitted to the Board of Street Commissioners on November 3, 1953, requesting that said street be laid out and constructed as a public highway.

A survey of the street has been completed recently, and a public hearing—as required by law—will be held by the Public Improvement Commission in the near future, before taking final action on this matter.

I trust that it will be adjusted to the satisfaction of all concerned.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, May 2, 1955.

To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Commissioner of Parks and Recreation, requesting the appropriation of $48,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Commissioner of Parks and Recreation, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1955 budget estimates for the personal service requirements of the Park Department included an estimate of the total yearly income from the George F. Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of $48,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Park Department, April 28, 1955.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I respectfully request that you ask the City Council to transfer from the income of the George F. Parkman Fund the sum of $48,000, which is now available, to be expended under the direction of this department for the following purposes:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of $48,000

When making up the budget estimates for the year 1955, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1955, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Parks and Recreation Commission.

Respectfully yours,
FRANK R. KELLEY, Commissioner.

—

Ordered, That the sum of $48,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Commissioner of Parks and Recreation for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of $48,000

APPROPRIATION FOR AUTOMATIC TRAFFIC SIGNALS.

The following was recieved:

City of Boston,
Office of the Mayor, May 2, 1955.

To the City Council.
Gentlemen:

I submit herewith an order for the appropriation of $75,000 from the special appropriation "Sales of City Property" for the installation of traffic signal lights at various locations in the City of Boston.

Attached hereto is a communication received by me last November from the chairman of the Traffic Commission, setting forth ten locations which can be classified as emergency and twenty-two other locations which must be signalized as soon as possible.

The sum herewith requested will permit the Traffic Department to plan for the installation of lights at all of the emergency locations set forth, and for some of the other locations. As more funds become available it will be possible to signalize all locations in the city which need lights.

In view of the fact that there is much normal delay in the installation of lights, I suggest that your Honorable Body give the attached order as prompt action as possible.

Respectfully,
J. B. HYNES, Mayor.

—

Boston Traffic Commission,
November 18, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

I am enclosing a list of locations where traffic signal lights are badly needed. There are many more locations than are contained in this list, but because of heavy volumes of traffic, or heavy accident incidents, or special hazards, these locations are the most important at the present time.

The following might also be placed in the class of being emergencies:

1. Longwood avenue and Riverway.
2. High street and Oliver street.
3. Angell street, Blue Hill avenue, Harvard street, and Talbot avenue.
4. Commonwealth avenue and Lake street.
5. Forest Hills street, Montebello road, and Washington street.
6. Everett street and Western avenue (St. Anthony's Church).
7. Brookline avenue, Fenway, Pilgrim road, and Riverway.
8. Kenmore square (addition to existing signals).
9. Fairmount street, Gallivan Boulevard, and Morton street.
10. Albert street, Centre street, and Lamartine street (Bromley Park Housing Project).

I feel compelled to report these locations and those on the enclosed list in the interests of public safety and in the hope that municipal resources will permit the making of an appropriation for these signal lights at the earliest possible moment.

The sum of $60,000 would be required for the list of nine emergency locations, and the sum of $100,000 would be needed to accomplish those on the supplementary list.

I have not included many locations where an installation of signal lights would be justified but have endeavored to determine, to the best of my ability, those which are most in need of immediate relief.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

SEWERAGE WORKS IN BRIGHTON.

The Public Improvement Commission has ordered that the right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands, not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are shown on a plan marked "City of Boston, Plan No. 1443, Sewerage Works, Guest Street, Brighton, May 3, 1955, James W. Haley, Chief Engineer, Survey Division, Public Works Department," deposited in this office, and said lands are in that part of Boston called Brighton, and are bounded as follows:

A parcel of land, supposed to belong to the Boston & Albany Railroad, being part of the private way known as Guest street, bounded:

Westerly by the public portion of Guest street, ten feet; northerly by a remaining portion of the private way called Guest street, eighty-three and 73-100 feet; southeasterly by land hereinafter described as taken from the Boston & Albany Railroad, twelve and 8-100 feet; and southerly by another portion of the private part of Guest street, seventy-six and 96-100 feet; containing eight hundred three square feet, more or less.

A parcel of land, supposed to belong to the Boston & Albany Railroad, bounded:

Northwesterly by land hereinbefore described as taken from the Boston & Albany Railroad, twelve and 8-100 feet; northerly by other land supposed to belong to said railroad, fifty-four and 48-100 feet; westerly again by other land supposed to belong to said railroad, two hundred fifty-seven and 72-100 feet; northerly again by other land supposed to belong to said railroad, one hundred fifty-nine feet; easterly by land hereinafter described as taken from said railroad, fifteen feet; southerly by other land supposed to belong to said railroad, one hundred forty-nine feet; easterly again by other land supposed to belong to said railroad, two hundred fifty-two and 72-100 feet; and southerly again by other land supposed to belong to said railroad, seventy-one and 25-100 feet; containing five thousand four hundred ninety-one square feet, more or less.

A parcel of land, supposed to belong to the Boston & Albany Railroad, bounded:

Westerly by land hereinbefore described as taken from the Boston & Albany Railroad, fifteen feet; northerly by other land of the Boston & Albany Railroad, five hundred sixty-eight and 39-100 feet; westerly again by other land supposed to belong to the Boston & Albany Railroad, twenty feet; northerly again by other land supposed to belong to said railroad, one hundred four and 37-100 feet; easterly by the westerly line of Everett street, thirty-five and 10-100 feet; and southerly by the northerly line of land supposed to belong to the Arthur C. Harvey Company, six hundred seventy and 9-100 feet; containing twelve thousand one hundred thirty-two square feet, more or less.

It is further ordered that the existing 670 feet of 15-inch sanitary sewer lying within the last above-described parcel be taken for City of Boston sewerage purposes.

There is to be built in the above-described easements 560 linear feet of 12-inch pipe sanitary sewer and 520 linear feet of 30-inch pipe surface drain.

It is also ordered that 650 linear feet of 12-inch pipe sanitary sewer and 190 linear feet of 30-inch pipe surface drain be constructed in the public portion of Guest street as an extension of the above-described sewer. Total estimated cost is $19,500.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this commission estimates that the abutting parcels of land situated on both sides of Guest street, and designated as assessment parcels 1, 2, 3, 4, 5, on the plan hereinbefore referred to and on file in the office of this department, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the aforesaid plan.

Parcel.		Amount.
1.	Boston & Albany Railroad	$2,000

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

(These examinations are for the service of the state, all cities and such towns as are classified under civil service. Persons qualifying in the examinations may have their names placed on the state list for the grade or grades for which they apply, as well as on the list for the city or town in which they have domicile. A separate application must be filed for each examination. A Manual for the Guidance of Applicants for Positions as Civil Engineers, Grades I and II, prepared by the Director of Civil Service, may be obtained from the Public Documents Division, Room 116, State House, Boston, at 10 cents a copy. It is desirable that applicants obtain a copy of this manual and study it carefully.

CIVIL ENGINEER, GRADE I, JUNIOR ENGINEERING AID, JUNE 4, 1955.

Last date for filing applications, Monday, May 16, 1955.

Salary: For the state service, the minimum salary is $2,880 a year, and the maximum salary is $3,600 a year. In cities and towns, the salaries vary.

Vacancies: From time to time.

Duties: Under immediate supervision, to assist on engineering work involving the least technical skill and responsibility, in the field, office or laboratory; and to perform related work as required.

Examples of Duties: Holding a rod; sharpening and driving stakes; cutting away brush to clear lines; occasionally running an instrument; making minor computations and calculations; plotting level notes; assisting on estimates; using a planimeter to calculate areas; making simple drawings and tracings; filing plans, profiles and survey books; inspecting minor details of construction as directed.

Entrance Requirements: Applicants must have at least one year of full-time paid experience in civil engineering or in general construction work. *Substitution:* High school or equivalent education may be substituted for the required experience on the basis of one year of education for three months of experience.

CIVIL ENGINEER, GRADE II, SENIOR ENGINEERING AID, JUNE 4, 1955.

Last date for filing applications, Monday, May 16, 1955.

Salary: For the state service, the minimum salary is $3,480 a year, and the maximum salary is $4,200 a year. In cities and towns, the salaries vary.

Vacancies: From time to time.

Duties: Under supervision, to assist on engineering work by performing assigned tasks in the field or office, involving some knowledge or training in civil engineering practice, but not of full professional rank or responsibility; and to perform related work as required.

Examples of Duties: Running a transit or level on preliminary and final surveys and in giving lines on construction work; having charge of a field party on small work; acting as an assistant to the resident engineer on construction work, in establishing lines and grades for the contractor and inspecting his work; making preliminary estimates for construction; taking field notes; drafting plans and sections from survey notes; keeping graphic records of length, kind of surface and other detail of highway routes.

Entrance Requirements: Applicants must have at least two years of full-time paid experience in civil engineering or in general construction work. *Substitutions:* (*a*) High school graduation or equivalent education may be substituted for one-half year of the required experience. (*b*) Engineering training in a recognized university or engineering school granting the bachelor's or equivalent degree may be substituted for the required experience on the basis of one successfully completed year of such education for one year of experience, provided that if more than one year is so offered, at least one year shall have been in civil engineering. WOOING FRINGE LOT PARKING PATRONS NOT EASY.

Enticing motoring commuters into fringe parking lots can be a difficult courtship. Recent experience in Washington, Baltimore, Cleveland, and St. Louis indicates that success cannot be achieved unless there is provided an attractive parking-transit fee, frequent bus service between the lot and central business district, and easy approaches to the lot. St. Louis offers a 5 to 7½ minute bus service, no parking fee, and a special 35-cent round-trip fare. Patronage of the 600-car lot is increasing, but a profitable operation has not yet been achieved. However, a survey of 500 of the lot's patrons showed 72 per cent rate the service as "excellent." Three out of four said they arrived closer to their downtown destinations than when they drove in. Private lots in downtown Cleveland are now getting short-term parkers—which produces more revenue for the operator than all-day parkers. In Baltimore the consensus is that fringe parking now "does not work".

Another necessity for cities planning fringe parking lots is the provision of convenient shelters to protect patrons from inclement weather. — *American Municipal Association Report.*

IMPORTANCE OF FOOD-BORNE DISEASE.

The relationship of food to disease continues to be an important public health program. The United States Public Health Service reported 327 outbreaks of food-borne disease in the United States in 1948, which resulted in 9,962 cases and 17 deaths. As only one out of ten cases of food-borne disease is ever reported, the resulting situation is far more important than available statistics would indicate.

The United States Public Health Service reports that there occurred in the United States in 1948, 30 cases and 6 deaths resulting from botulism; 74 cases and 1 death resulting from chemical food poisoning; 120 cases of dysentery; 8,832 cases and 7 deaths resulting from food infection and gastroenteritis; 270 cases of scarlet fever.

X-RAY OF SCHOOL PERSONNEL.

The General Court of Massachusetts passed a law effective July 1, 1951, requiring all school personnel coming in contact with pupils to submit X-ray proof of freedom of tuberculosis in a communicable form—such proof to be filed every three years.

In accordance with the provisions of the law, the Health Department provided free X-ray service for school personnel desiring it. 70 mm. equipment was used where possible and was located in stategic areas to accommodate the large numbers of teachers, nurses, custodians, clerical workers, and others covered by the provisions of the law. The X-ray bus was stationed for an entire month on Boston Common, and 70 mm. equipment was also placed in Boston Teachers College. Four health units having 70 mm. X-ray machines were open daily for a six-week period to provide service for outlying sections of the city. All retakes were made at the South End Health Unit. More than 24,500 X-rays were taken during the program. Provision was also made for new employees of educational institutions to be X-rayed at the usual X-ray locations provided by the Health Department.

CITIES GENERALLY DO NOT CONTROL PRIVATE PARKING RATES.

Review of numerous ordinances and other materials by AMA for a member league shows that cities do not generally exercise any control over rates charged for parking. Supply and demand seems to furnish the regulation needed. Generally, however, applications for a parking lot or garage license require that rates charged be set forth in the application, that rates be posted conspicuously at the entrance to the lot, and that rates cannot be changed without official written notice to the municipality.

Stuart Street, Ward 5, from Arlington Street to Church Street;

— and —

Such Additional Locations, If Any, in Wards 4, 5, and 9, As May Be Designated by the Commissioner of Public Works.

The Commissioner of Public Works of the City of Boston, Room 506 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Arlington street, Ward 5, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 506 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Arlington Street, Ward 5, etc.," and left at Room 506 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, JUNE 2, 1955, with a certified check for THIRTY-THREE HUNDRED (3,300) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 506, City Hall Annex. *There will be a charge of two dollars ($2), NOT REFUNDABLE, for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

TREASURY DEPARTMENT.
OFFICE OF THE COLLECTOR-TREASURER.

CITY HALL, BOSTON, MASS., MAY 2, 1955.

In pursuance of the authority given by orders of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock M., Eastern Daylight Saving Time, Tuesday, May 17, 1955, for the purchase of all but no part of the following-described coupon serial bonds.

Coupon Serial Bonds.

Bidder to name rate of interest in multiples of ¼ of one per cent; no bid to be less than par and accrued interest and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

PUBLIC WAYS, CONSTRUCTION OF, $2,000,000.

Order of City Council of Boston of April 5, 1955, effective April 26, 1955. Payable $200,000 annually, April 1, 1956, to April 1, 1965, inclusive.

BRIDGES, CONSTRUCTION OF, $500,000.

Order of City Council of Boston of June 15, 1954, effective July 6, 1954. Payable $25,000 annually, April 1, 1956, to April 1, 1975, inclusive.

CONSTRUCTION OF SCHOOL BUILDINGS, ACQUISITION OF LAND, ETC., $1,000,000.

Order of City Council of Boston of May 19, 1953, effective June 9, 1953. Payable $50,000 annually, April 1, 1956, to April 1, 1975, inclusive.

SEWERAGE LOAN, $500,000.

Order of City Council of Boston of April 5, 1955, effective April 26, 1955. Payable $25,000 annually, April 1, 1956, to April 1, 1975, inclusive.

All loans will be issued in Coupon Bond Certificates of $1,000 each, and will be paid on the dates specified for each loan, all with interest payable semiannually on the first days of April and October in each year, at the office of the Collector-Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the city. (Total interest for the duration of the loan from April 1, 1955, less the amount of premium bid.)

The bonds will be dated April 1, 1955, and will be ready for delivery on or about June 22, 1955. Delivery of the bonds will be made either in Boston or in New York City at the option of the purchaser. Interest will begin April 1, 1955, and will cease on the dates on which the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the present Federal Income Tax.

Proposals must be sealed and addressed to James E. Gildea, Collector-Treasurer, Boston 8, Mass., endorsed "Proposals for Loans." Each proposal must be accompanied either by a cashier's check or by a certified check in the amount of $40,000, drawn on a Boston or New York City National Bank or Trust Company, the check made payable to the City of Boston, James E. Gildea, Collector-Treasurer. The check of any bidder to whom an award is made will be retained as part payment for the loans awarded. All other checks will be returned.

Accrued interest from April 1, 1955, to date of delivery is to be paid by the purchaser.

All proposals will be opened in the office of the Collector-Treasurer, Tuesday, May 17, 1955, at 12 o'clock M., Eastern Daylight Saving Time. The Collector-Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the city.

Proposals will be received until 12 o'clock noon, Wednesday, June 1, 1955, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed, inclosed in an envelope, sealed and plainly marked with the description of the work to be done. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of $2,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals filed with the Awarding Authority shall be submitted in sealed envelopes, plainly marked with the title of the work; division of the work for which bid is submitted; subcontractor's name; and subcontractor's business address. All such bids shall be in the possession of the Awarding Authority and delivered or mailed to the general contractor no later than 12 o'clock noon, Wednesday, May 25, 1955.

Subbid proposals are *not* to be filed at the office of the City Auditor.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount as specified in the following for the various subbid items of work as listed below, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority:

Chain Link, Iron Fence, and Light Iron	$300
Plumbing	200
Electrical	300

The bid deposit shall be in a separate envelope, plainly marked "Bid Deposit."

Plans and specifications and other contract documents may be obtained at the office of the Awarding Authority upon deposit of a certified check for $25, payable to the City of Boston. The full amount of the deposit will be refunded to each actual bidder upon return of all documents in good condition within fifteen days after the opening of bids.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids on any item or items in accordance with the provisions of sections 44A to 44E, inclusive, of chapter 149 of the General Laws, as amended.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 47 SATURDAY, MAY 21, 1955. NO. 21

SOUTH END REDEVELOPMENT GETS UNDER WAY—MAYOR HYNES AND HOUSING OFFICIALS SIGN CONTRACTS TO ENABLE CITY TO GET $2,800,000 FEDERAL GRANT FOR RECONSTRUCTION OF "NEW YORK STREETS" AREA—TO BE COMPLETED IN THREE YEARS.

Mayor John B. Hynes and officials of the Boston Housing Authority have signed loans and grant contracts that will enable the city to obtain a $2,800,000 federal grant for the redevelopment of the 24-acre tract in the South End, known as the "New York Streets" area.

The contracts, also signed by Daniel Tyler, Jr., and James J. Mahar, chairmen of the State Housing Board and the Boston Housing Authority, respectively, will entitle the city to borrow up to $3,000,000 to cover costs of rebuilding the blighted district into a modern commercial and light manufacturing center.

Two thirds of the cost will be borne by the Federal Housing and Home Finance Agency, the city assuming the remainder of the cost of land acquisition and clearance.

REPORT OF REGINA I. DRISCOLL, ASSISTANT IN CHARGE, CLASSES FOR CONSERVATION OF EYESIGHT, ON ATTENDANCE AT THE PREVENTION OF BLINDNESS CONFERENCE, IN NEW YORK CITY, MARCH 16, 17, AND 18.

The following is the report of attendance at conference of National Society for the Prevention of Blindness, Hotel Statler, New York City, March 16, 17, and 18:

Four hundred medical men, teachers, nurses, and social workers from all sections of the United States and Canada met at the Hotel Statler, New York City, for a three-day conference sponsored by the National Society for the Prevention of Blindness. "Sight for the Whole Family" was the general theme of the conference.

Mason H. Bigelow, president of the society, reported that 27,000 persons became blind last year. The total number of blind in this country is now approximately 319,000. One reason for the increasing number of blind is the lengthening span of human life. In later years,

MAYOR JOHN B. HYNES SUBMITS SUPPLEMENTARY BUDGET RECOMMENDATIONS TOTALING $1,547,558.67—PLANS FOR INCREASES IN PAY FOR POLICE AND FIREMEN TO MEET THEIR REQUESTS—GRANTS TO BE IN THREE INSTALLMENTS—PLANS FOR PLANTS AND STRUCTURAL REPAIRS ALSO—PENSIONS AND ANNUITIES WILL CALL FOR ADDED EXPENDITURES.

On May 16 the Mayor submitted the supplementary budget to the City Council as follows:

To the City Council.

GENTLEMEN:

I submit herewith supplementary budget recommendations for City, County, and Income Departments totaling $1,547,558.67. In the main, the appropriations recommended are to provide for departmental needs and requirements, which have developed since the submission of the 1955 budget estimates.

The main features of the allowances recommended under the three divisions are indicated in the following sections:

CITY DEPARTMENTS.

Supplementary budget estimates submitted by City Departments total $1,549,978.75. Against these requests, appropriations totaling $1,189,031.75 are herewith recommended. The important features of the total recommended are shown in the following table:

Repairs to Plant and Structures	$579,849 00
Salary Adjustments — Police and Fire Departments	230,000 00
Pensions and Annuities	130,000 00
Fire Department Equipment	66,672 00
Gas Company Suit	35,000 00
Establishment of New Police Revolver Range	20,000 00
Removal of Unsafe Buildings	20,000 00

Art Festival	15,000 00
Cleaning of Vacant Lots	12,000 00
Statutory Increases for Licensing Board Members	3,555 51
Special Primary and Election	2,977 25

The following brief comments are offered in explanation of the foregoing items:

Plant and Structural Repairs.

The appropriation recommended under this heading will be allotted as follows:

Hospital Department	$536,049 00
Municipal Buildings	43,800 00

Originally, it was contemplated to include most of the items in this particular appropriation in the request submitted to the Legislature, to permit the city to borrow for major and extraordinary repairs and alterations. During legislative consideration of this request these items were eliminated because of an opinion that they represented ordinary maintenance rather than expenditures of a capital nature. In many instances the

MAYOR HYNES SUBMITS SUPPLEMENTARY BUDGET RECOMMENDATIONS TO CITY COUNCIL.

(*Continued from page 633.*)

work has been long deferred, and it is believed that further postponement will result in serious damage to the structures involved.

In the Hospital Department the items approved include essential and important services for proper care of patients as well as compliance with fire laws, safety, and building requirements. With respect to municipal buildings, the appropriations recommended are concerned primarily with replacement of roofs on several buildings and the rehabilitation of heating plants.

Salary Adjustments — Police and Fire Departments.

When the compensation plan was put into effect, the uniformed forces of the Fire and Police Departments were not included. It is my proposal to initiate a plan which will advance over a two-year period the salaries of firefighters and policemen to the average rate paid in all cities of the United States with a population of 500,000 or over. Because of the present disparity between salary rates in Boston and the national average, to advance the uniformed forces to this latter figure immediately would require the appropriation of a sum greater than the city at the moment can afford. Therefore, it is my purpose to increase the salaries of all uniformed men beginning September 7 of this year by the sum of $150. It is further proposed that next year, beginning the first week in April, the salaries of the uniformed forces be increased another $150. In the following year, 1957, a further increment can be made, so that salaries paid to this group of employees in our city will be comparable to the national average in the larger cities of the country.

It must be kept in mind in considering salary adjustments for the uniformed forces that while salary scales for similar employees in many of the large cities are considerably in excess of the current scales in Boston, nevertheless, the uniformed forces in our city enjoy benefits and privileges which are not available in many of the large cities of the country. However that may be, I do believe that the uniformed forces of our city are presently underpaid, and I therefore propose the plan herein set forth in order to establish the compensation of our uniformed forces at a scale comparable to that of the other large cities in the United States.

Pensions and Annuities.

An examination of the pension rolls of the city for the first four months of the year reveals a continuing upward trend, and it is apparent that the original appropriation provided for this purpose should be increased to the full year's requirements.

Fire Department Equipment.

The allotment made to the Fire Department under the Equipment Loan will be used in great measure for the purchase of new apparatus. It is deemed desirable, therefore, to provide the department with additional funds to permit the purchase of life nets, fire alarm boxes, radio equipment, ladders, masks, and resuscitators.

Gas Company Suit.

Because the Gas Company has appealed the decision handed down last year by the Appellate Tax Board with relation to the assessment of property owned by the company, it will be necessary for the city to employ the services of legal experts and to prepare briefs and arguments that may be necessary in opposing the appeal.

New Police Revolver Range.

The Police Department has been forced to give up the revolver range used for many years, and it is now proposed to establish a new range on land owned by the city in West Roxbury.

Removal of Unsafe Buildings.

Funds available to the Building Department for the removal of unsafe and dilapidated structures are practically exhausted. The department has in view a number of such structures which constitute a menace to public safety, and it is believed desirable to provide funds for the removal of this threat in cases where the owners of the properties cannot be located or refuse to carry out the necessary demolition.

City Planning Activities.

For several years the City Planning Board has been engaged in a rezoning study. Funds which have been provided previously are now exhausted, and, in order to complete the program, an additional appropriation is deemed necessary this time. In addition, an allowance has been made to cover the employment of additional personnel by the Board, whose work load has been materially increased by the Urban Renewal Program activities.

Art Festival.

In your consideration of my original budget estimates, the appropriation of $15,000 included for the Boston Art Festival was eliminated. I have secured from the officers of the festival a detailed list of the proposed expenditures against such an allotment and, therefore, I am resubmitting an appropriation for this purpose.

Cleaning of Vacant Lots.

At the present time the city holds approximately 3,000 vacant lots. Unfortunately these properties are used in large measure as dumping areas for various forms of waste. As a result, many complaints are received by the Real Property Department concerning the condition of these properties. While it is impossible to provide for a continual city-wide cleaning program, nevertheless funds must be provided to take care of the most serious complaints and situations. The amount provided for this purpose in the original budget is practically exausted, and a further appropriation is deemed necessary.

Statutory Increases for Licensing Board Members.

Because of a recent legislative action increasing the salaries of the members of the Licensing Board, it is now necessary to provide the additional funds required for the balance of the year.

Special Primary and Election.

During February and March, because of the death of a duly elected representative, it was necessary for the Election Department to conduct a special primary and election in Ward 9. Because these functions were held after the 1955 budget had been submitted, it is now necessary to provide an appropriation to cover the costs.

COUNTY DEPARTMENTS.

Supplementary budget estimates submitted by County Departments total $290,748.79. Against these requests, allotments have been recommended totaling $146,526.92. The important features included within this total are shown in the following table:

Statutory Increases in Jurors' Fees	$30,000 00
Sea Wall Extension, Deer Island	30,000 00
Plant and Structural Repairs	29,535 00
Pensions and Annuities	15,000 00
Additional Personnel, Juvenile Court	8,546 64
Security Measures, County Jail	4,000 00
Statutory Increases to Judges, Roxbury Court	2,403 32

The following comments are offered in connection with the foregoing items:

Jurors' Fees.

Recently legislation was enacted increasing jurors' fees in regular actions from $8 to $10 per day and for the Grand Jury and capital cases from $10 to $12 per day. It is estimated that this action will increase payments to jurors during the balance of the year by over $30,000.

Sea Wall Extension.

Two years ago a policy was adopted to gradually restore the sea wall on the Winthrop side of Deer Island. Two appropriations of $30,000 have been provided each year, and it is proposed to continue this year with a similar appropriation.

Plant and Structural Repairs.

As previously explained under a similar item in the city's section, it was originally contemplated to carry out a major repair program through the medium of a loan appropriation. A number of items involving county buildings were included in this program but were subsequently eliminated because they were deemed to be maintenance charges. The additional appropriation recommended provides for new roofs on the Dorchester and West Roxbury Court buildings and necessary repairs at the Brighton and Roxbury Court Houses as well as in the Central Court House in Pemberton square.

Pensions and Annuities.

A review of county pension rolls over the first four months indicates that an additional appropriation should be provided to cover full pension requirements during the balance of the year.

Additional Personnel, Juvenile Court.

Under legislation recently enacted, the position of First Assistant Clerk in the Juvenile Court has been established, and an appropriation is provided for this purpose.

For a number of years the court has had the benefit of the services of two probation officers employed by the Citizenship Training Group, Inc., a private organization, which has been maintained by private contributions and donations. The principal benefactor has given notice that further contributions will be materially reduced and eventually terminated. In order to retain the valuable services of the two officers in question, provision has been made to include them as members of the probation staff of the court.

Security Measures, County Jail.

An appropriation has been deemed desirable to permit the construction in the jail yard of a chain link fence to enclose the inmates' exercise area. Also provision has been made for necessary lock work and the centralization of all alarm signals through an enunciator signal system.

Judges' Statutory Increases.

Under the provisions of legislation recently enacted, the salaries of the two full-time justices of the Roxbury Court have been increased, and an appropriation is hereby provided to meet the requirements of the balance of the year.

INCOME DEPARTMENTS.

The supplementary recommendations in this division will provide funds for the laying of new water mains, the extension of water mains for domestic and fire protection in newly developed areas in various sections, and for replacing with new and larger mains old and smaller-sized mains which no longer are adequate. In addition, it has been deemed desirable to increase the funds available for pension requirements, since rolls of this character in this division have shown an upward trend during the first four months.

I respectfully recommend adoption of the appropriation orders herewith submitted in connection with the supplementary budget recommendations.

Respectfully submitted,

J. B. HYNES, *Mayor.*

REPORT OF ARNOLD L. GANLEY, VOCATIONAL INSTRUCTOR, DEPARTMENT OF VOCATIONAL GUIDANCE, ON ATTENDANCE AT 1955 NATIONAL CONVENTION OF AMERICAN PERSONNEL AND GUIDANCE ASSOCIATION, IN CHICAGO, APRIL 3 TO 7.

The following is the report of the 1955 convention of the American Personnel and Guidance Association held in Chicago, April 3 to 7:

The theme of this convention, "Guidance and Personnel Work in a Dynamic Society," provided the keynote for the proceedings of the several organizations of which A.P.G.A. is composed. This report is based specifically on the outcomes of meetings scheduled by two of those organizations, the National Vocational Guidance Association and the American School Counselors Association.

It summarizes the considerations which appeared generally throughout the sessions, the reports of guidance practices at the various levels of the school system, and the discussions of problems in large school systems.

GENERAL CONSIDERATIONS.

Great emphasis was placed on the importance of guidance in a world of rapid change. Guidance workers were urged to keep in close touch with these changing conditions in order to be of greatest service to their counselees. It was pointed out that each community has within it many resources from which information about these changing conditions can be obtained. The need and value of community cooperation in solving guidance problems was stressed.

A second general point which came up for attention several times was the need for the counselor to be the master, not the servant, of his techniques. He should be thoroughly trained in the techniques of the profession, but he should not allow attention to technique to destroy his perspective in dealing with individual cases. The aim of guidance is not the development of techniques in themselves but the counseling of youngsters who are helped to know themselves better, to realize their potentialities, to see their way into the future more clearly.

GUIDANCE PRACTICES.

From the point of view of the administration of guidance, the need for continuity in the guidance program from elementary school through high school was stressed. It was apparent that much guidance work is being carried on at the elementary school level in various communities. While no uniform set of practices has been so widely adopted that general statements can be made regarding the extent or specific content of elementary school guidance, there was unanimity in regard to the necessity for recognizing, studying, and treating the problems of the individual at this level.

The junior high years were recognized as a crucial period in the life of the young adolescent during which adequate guidance services are vitally essential. One large city system reported the development of a cooperative work-study program for those junior high school pupils who are potential early school leavers.

A point which received much attention at the senior high level was the guidance of those about to enter employment. In preparation for this convention much study had been given to the attitudes of the young worker on his first job. Inability to get along with others and failure to assume responsibility were reported as the chief causes of failure. The matter of placement and follow-up were discussed thoroughly. Our own system has developed techniques for this work far in advance of those in use in most of the school systems of the country.

GUIDANCE IN LARGE SCHOOL SYSTEMS.

Group discussions, for the most part unscheduled, were carried on by those concerned with guidance in large city school systems. Some of the matters in regard to which constructive suggestions were developed were the in-service training of counselors, the place of classroom teachers in the overall guidance program, the continuity of the program throughout the system, guidance contributions to the curriculum, and the development of new methods and materials.

It is a pleasure to report that, throughout the convention, in the description of established practice, in the proposals for new methods and materials, in reports of current research, there was only one objective: better tools and better methods to help the individual child.

Respectfully submitted,

ARNOLD L. GANLEY, ED.D.

TRANSFER OF APPROPRIATIONS.

The Mayor has approved the following request for transfer of appropriations:

PUBLIC WORKS DEPARTMENT.

Water Division.

From 260, Repairs and Maintenance of Buildings and Structures, $2,000, to 711, Extension and Improvements of Water Mains, $2,000.

From 260, Repairs and Maintenance of Buildings and Structures, $5,300, to 711, Extensions and Improvements of Water Mains, $5,300.

CHANGE IN CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

W. H. Hughes Electric Service has been ordered to make the following change in the contract for the Philip H. Sheridan School:

Replace conduit between switchboard and cabinet on first floor for the sum of $67, and the amount of $67 will be added therefor, making the account as follows: contract price, $1,400; total additions, $67; amount of contract, $1,467.

CITY TO RECEIVE FEDERAL GRANT FOR REDEVELOPMENT OF SOUTH END.

(*Continued from page 633.*)

Scheduled for completion in three years, the project will contain over $10,000,000 worth of new buildings and is regarded as the first step in Boston's "face-lifting" program.

The Boston Housing Authority Urban Redevelopment Division has made public the salient features of the first urban redevelopment project in Boston with circulation of the following information:

Name: "New York Streets" Project. (So termed because many of the streets in the district have names of New York municipalities.)

Location: Bounded by Albany, Dover, and Washington streets and the New Haven Railroad.

Total Area: About 24 acres, including streets. Approximately 16 acres for disposal and redevelopment after clearance.

Total Assessed Valuation: About $2.4 million, less $260,000 which is tax-exempt. (It has declined 17 per cent in the past ten years, $506,000 since 1941.)

Character of the District: Predominantly residential. Inharmonious commercial and industrial uses.

Its Present Condition: Largely substandard dwellings. Excessive land coverage and population density. Deteriorated property values. Narrow streets. Commonly considered a "blighted district" in which further deterioration is inevitable unless a program of redevelopment is undertaken.

Public Agency in Charge of Project: Urban Redevelopment Division of the Boston Housing Authority. (Owen A. Gallagher, Chairman of the Authority; Kane Simonian, Chief of Urban Redevelopment.)

Federal and State Laws: Federal—Housing Act of 1949 (Public Law 171, 81st Congress). State—Sections 26 JJ-MM, Chapter 121, General Laws.

Purposes of the Project: To redevelop a decadent urban district, to eliminate slums, and to provide maximum opportunity for industrial development.

Net Project Cost: About $4.3 million. (Represents gross cost less $750,000 from resale of land.)

Division of Cost: Federal government will make a capital grant of two thirds, or about $2.9 million. City of Boston will finance the balance, or about $1.4 million. City's share will consist in part of site improvement and provision of public facilities and the balance will be in cash.

Number of Families Affected: About 600. The law requires relocation of these families. All except a few will be accommodated in public housing projects.

Initial Procedure: The Authority will take the property by eminent domain (except for a few industrial properties which will be allowed to remain). It will demolish existing buildings, lay out new street pattern, do the necessary landscaping, and lay out new parcels of land for industrial development.

Disposal of Land: The new parcels, totaling 16 acres in area, will be offered for sale or long-term lease to private individuals or firms at fair value of the land. Purchasers will develop the parcels under restrictions as to use, area, etc., prescribed by the Authority.

There will be no public expenditure for development of the land; it will be entirely in the hands of private enterprise. After ownership of the land passes into private hands, there will be no tax concessions.

Industrial Advantages: Accessibility—the district is close to the heart of the city, within one mile of financial, wool, leather, insurance, retail trade, and garment districts. The Central Artery will run immediately south of the district and connect with it. Rapid transit lines will serve it. Freedom from traffic congestion—there will be wider and better laid out streets and provision for off-street loading and parking. Nearness of labor supply.

Anticipated Results: Creation of an ideal area for light industry. Better living for people now residing in the district. Increased property values that will more than repay city expenditures. More than $4,000,000 in new tax values are anticipated.

Approvals Necessary: Mayor and City Council. State Housing Board. Housing and Home Finance Agency (Federal Agency).

REPORT OF REGINA I. DRISCOLL, ASSISTANT IN CHARGE, CLASSES FOR CONSERVATION OF EYESIGHT.

(*Continued from page 633.*)

Mr. Bigelow said, eye diseases such as glaucoma and cataract take their heaviest toll.

Mrs. Claire Burrell, Acting Director, Bureau for the Education of the Physically Handicapped, New York City, outlined the extent to which that city is caring for visual problems in the schools. There are 85 Sight Saving Classes caring for 1,073 pupils. Of this number 67 classes are for elementary children, 12 for junior high, and 6 for senior high. There are 85 specially trained teachers for this work, and all teachers are expected to cooperate.

Placement of pupils in Sight Saving Classes should be the joint responsibility of ophthalmologists and educators. The total needs of a child should be considered.

"Aids for Children with Subnormal Vision" was the subject of a talk by Dr. Howard F. Haines, Clinical Instructor at Ohio State University. His conclusion was that visual training cannot be preplanned as each case is different.

The morning session of March 17 was devoted to a consideration of the opportunities for nurses to conserve the sight of the whole family. Prenatal care, care for the vision of the preschool child, and visual difficulties of the aged are part of the work of public health nurses. Preschool visual screening was recommended.

Miss Antoinette E. Colasurda, R.N., Supervisor, Prevention of Blindness Service, Commission for the Blind, New York State Department of Social Welfare, referred to the findings of the St. Louis vision testing program. Some of the recommendations were that testing should be done by trained personnel, findings should be interpreted to parents and that there should be adequate follow up.

Industry should maintain an effective eye program, eye hazards should be checked, competent medical services provided, and adequate illumination installed.

The happiest note of the conference was the announcement by Dr. Jonathan T. Lanman, Professor of Pediatrics at the New York Medical Center, that the cause of retrolental fibroplasia, a blinding disease that strikes tiny infants, may possibly be discovered in the use of too much oxygen. Studies made during the past two years at the Bellevue Medical Center show that a very restricted use of oxygen has brought a sharp decrease in the incidence of retrolental fibroplasia. It is now hoped that in time this disease may be eliminated.

D. Irving H. Leopold, Director of Research, Wills Eye Hospital, Philadelphia, spoke of the use of many of the new drugs. He warned that knowledge of the toxic effects of these drugs lags far behind beneficial effects.

Reports given at this conference showed great progress in combating eye diseases has been made through research work.

Respectfully submitted,

REGINA I. DRISCOLL,
Assistant in Charge, Conservation of Eyesight Classes.

GAS MAIN IN COLLINS STREET, HYDE PARK.

The Public Improvement Commission has voted as follows:

That permission be granted to Worcester Gas Light Company, 1176 River street, Hyde Park, to place and maintain an underground structure (4-inch welded steel gas main) in Collins street, Hyde Park, at Clare avenue, and continuing easterly for a distance of approximately 225 feet, terminating at a point near Bradlee street, substantially as shown on a plan marked "Proposed Extension of 225 Feet of 4-Inch Welded Steel Gas Main on Collins Street, Between Clare Avenue and Bradlee Street, Hyde Park, Worcester Gas Light Company, April 26, 1955," and filed in the office of the Commissioner of Public Works.

The Commissioner of Public Works is hereby authorized to issue permits for opening and occupying the street for placing and maintaining said main, under the conditions set forth in the City Ordinances, and such other terms and conditions as the said commissioner may deem proper.

The work of locating said main to be subject to the approval of said Public Works Commissioner, and the street above referred to is to be kept open for both pedestrian and vehicular traffic during the laying and construction of said main.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following street, effective May 6, 1955:

ADMINISTRATIVE SERVICES DEPARTMENT.
Purchasing Division.

BOSTON, May 10, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Boston City Hospital for 450 rolls of Cardiette paper and two containers, to be delivered immediately.

Sanborn Company, 39 Osborne street, Cambridge, is the manufacturer of the above equipment and is the only source of supply. Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Sanborn Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be $1,196.50, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, May 10, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of the letter approved by your Honor on January 24, 1955, authority is requested to award a contract, without public advertisement, to Warren Fitch Company, Inc., for furnishing perishable foods to the various city departments, from May 10, 1955, to March 31, 1956, inclusive.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—

BOSTON, May 13, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Water Division of the Public Works Department for the immediate delivery of twelve (12) reels of $\frac{5}{8}$-inch 3-pound lead pipe. This amount was not included in the original estimate for contract needs for 1955 and therefore cannot be purchased on the present contract.

Inasmuch as the National Lead Company of Massachusetts, who was the only bidder this year on the publicly opened bid of April 4, 1955, and has been the supplier for the past several years, will furnish the lead under the same terms as the present contract, it is my opinion that no advantage would be gained by publicly advertising for prices.

Authority is therefore requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to National Lead Company of Massachusetts, for 12 reels (7,200 pounds) of $\frac{5}{8}$-inch 3-pound lead pipe at $4 per hundredweight over the base price of New York lead, date of shipment, delivered at City Water Yard, Albany street, Boston. Today's market price of lead is $19 per hundredweight.

Approximate total amount of contract will be $1,368, less 1 per cent discount for payment within ten days, plus $90 for twelve (12) reels at $7.50 each, net, extra and returnable.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—

BOSTON, May 17, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Parks and Recreation Department is desirous of obtaining an Oliver tractor, Model 55, with cab and equipped with one (1) hydraulic loader with material bucket and one (1) de luxe Pippin hydraulic digger, Model 114, with special hydraulic pump. This equipment is the type most suited to a specific phase of the operations of the Parks and Recreation Department.

Prices have been obtained from the H. F. Davis Tractor Company, the exclusive distributor for Oliver industrial tractors. Inasmuch as this company is the exclusive distributor for Oliver tractors, it is my opinion that no useful purpose would be served by public advertisement.

Authority is therefore requested that public advertisement for prices be dispensed with and a contract be awarded, without public advertisement, to H. F.

Davis Tractor Company for one (1) Oliver Super "55" tractor with hydraulic loader and hydraulic backhoe at a total price of $5,740, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—

BOSTON, May 17, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Fire Department for the immediate delivery of twelve (12) Mainline, two-door, Ford sedans, 6-cylinder.

In order to expedite delivery of these units, written quotations were solicited from several Ford dealers. Bids were received from Stilphen Motor Company, Hoover Motors, Inc., and Bowers Motor Sales, Inc. Bowers Motor Sales, Inc., 415 Hyde Park avenue, Roslindale, Mass., was the lowest bidder by $432, making a total of $20,640, net, for twelve (12) units.

Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Bowers Motor Sales, Inc., for immediate delivery of twelve (12) Mainline, two-door, 6-cylinder, Ford sedans.

Approximate total amount of contract will be $20,640, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

CITY PLANNING BOARD.

BOSTON, May 11, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Tuesday, May 10, 1955, at a meeting of the City Planning Board the following vote was taken:

"That Adams, Howard & Greeley, City Planning Consultants, 15 Ash street, Cambridge, be engaged by contract covering a period of ten months from June 1, 1955, to March 31, 1956, at a total cost of twelve hundred dollars ($1,200), to provide assistance and guidance to the Board in conducting its master plan work and that the Chairman be authorized to sign the contract."

Therefore, if this meets with your approval it is respectfully requested that your authorization be given for the awarding of the proposed contract, without public advertising, to Adams, Howard & Greeley, City Planning Consultants, to cover the period from June 1, 1955, to March 31, 1956, for furnishing the above-mentioned services, at a cost not to exceed twelve hundred dollars ($1,200).

It is felt in view of the nature of the professional services involved, as well as the fact that this firm has so satisfactorily and efficiently performed a similar service for the Board during the past twelve months, that nothing would be gained by publicly advertising for bids for this work.

Very truly yours,

THOMAS F. McDONOUGH,
Chairman.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, May 10, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Changes in the school system, particularly the reoccupancy of Dorchester High School for Girls, scheduled to become Girls' Latin School as of September, 1955, have necessitated the use of Girls' High School, West Newton street, Boston, abandoned for school purposes, as a storehouse for quantities of valuable materials which will be reused in school buildings as the occasion demands.

Quantities of materials have been moved into the building for storage purposes and we find that the building has been broken into on a number of occasions to the extent that we must prevent ingress by unauthorized persons by boarding up exterior wall openings in the cellar, basement, and first story above basement. To accomplish this I invited competitive estimates, based on identical specifications, and received the estimates recorded below:

John F. Hynes, $1,980; Brendon Sullivan, $2,355; Michael Barr, $2,400; M. Solimando, $2,420; D. Antonellis, $2,620.

As time is an essential factor in protecting the stored materials, and as the estimates received, in my opinion, are equivalent to those that would be submitted if the specifications were placed on the open competitive market, I ask that you waive the formality of public advertising and authorize me to negotiate a contract with John F. Hynes, 1350 Columbus avenue, Roxbury, to provide the necessary labor and materials to board up the openings, at a cost not to exceed $1,980.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

FIRE DEPARTMENT.

BOSTON, May 11, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your Honor's permission is requested to execute a contract, without publicly advertising for bids, with the Quincy Shipbuilding and Repair Corporation, Quincy, Mass., for dry-docking, painting, and repair work on fireboats, Engines 31 and 47, for a sum not to exceed $1,690.

The fireboats have not been painted, and no inspection and repair work has been done on propeller, tail shaft, suction and strainers, and valves, since 1953. However, in order to keep the boats in efficient operating condition, they must be dry-docked in the near future.

For the proper protection of the water front each boat should be out of service for the shortest possible period of time in order to effect the necessary repairs.

Bids were requested on this work from the three companies in and around Boston which have the facilities for making the repairs and dry-docking the boat, and two bids were received as follows:

Quincy Shipbuilding and Repair Corporation, $1,690; James S. Munro, $2,820.

This is emergency work and in my opinion no advantage would be gained by the city in publicly advertising the repair work inasmuch as the price quoted by the Quincy Shipbuilding and Repair Corporation is very reasonable. It is also my opinion that no lower price could be obtained by the Fire Department for doing said work.

Respectfully yours,

FRANCIS X. COTTER,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, May 6, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Remington Rand, Inc., 857 Commonwealth avenue, Boston, Mass., for furnishing all labor and materials necessary for the expansion, correcting of errors, combining and banding of duplicates, verifying sequence, and inserting the necessary guides in Soundex File Sections S, T, U, V, and W, Out-Patient Department, Boston City Hospital, at a cost not to exceed the sum of $2,035.80.

The Remington Rand firm has been selected to perform this work as they evolved and originally installed this system at the hospital, and have performed the same type of services on other sections of this file in 1952, 1953, and 1954.

The above-mentioned firm performs its work with particular efficiency and, furthermore, can carry out these services promptly and without unnecessary disruption of office routine, for as indicated, it is the original designer of the Soundex File System.

The trustees are of the opinion, therefore, that nothing would be gained by publicly advertising for bids for the afore-mentioned special services.

Respectfully yours,

BOARD OF TRUSTEES, HOSPITAL DEPARTMENT, AND BOSTON CITY HOSPITAL,
by RICHARD J. CONDON,
President.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, May 6, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 31, 1955, I received a report of inspection on the No. 2 boiler, 2630, in the power plant at the House of Correction made on March 24, 1955, by Thomas H. Henehan, inspector for the Employers' Group Insurance Companies, who insure the boilers at the institution.

In order to validate the certificate of inspection which must be in our possession the following work had to be done as soon as possible: Make repairs to leaking girth, remove rivets in defective section, repair and fusion weld fire cracks, install new rivets and calk girth joint, replace two defective tubes, repair furnace refractory burner cone and bulged right wall, replace a defective section of pipe and descale the entire boiler.

This work was awarded to the Industrial Welding Company who have done very good work in the past at a reasonable price. When they got into the boiler they discovered that in order to do the required work they would have to practically take the boiler apart around the girth joint and rebuild same after an immense quantity of fusion welding and to install four tubes as well as chip and weld a large number of

rivets. This entailed the use of their compressors and additional manpower.

As this work had to be done and at once in order to keep the plant in operation and as no particular saving could be made by publicly advertising, I respectfully request your permission to award this work to the Industrial Welding Company, of 488 Dorchester avenue, South Boston, at a price not to exceed $481.50.

Respectfully,

EDWARD L. FRIEL,
Commissioner.

POLICE DEPARTMENT ORDERS.

General Order No. 2,044.

Patrolman William M. Clancy, of Division 1, is commended and granted two days' extra vacation for meritorious police work performed on April 7, 1955.

While on a day off and in the vicinity of his home, Patrolman Clancy's attention was attracted by the sound of gunfire. A man had accosted his estranged wife and apparently upon failing to effect a reconciliation had fired five shots at her, two of them taking effect, and then started to run from the scene. Patrolman Clancy immediately gave chase and succeeded in overtaking the culprit and disarming him. He is now being held for the grand jury for assault with intent to murder.

The commissioner is pleased to recognize the prompt and courageous action of Patrolman Clancy in effecting this arrest.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

CONSULATES IN ARREARS ON TAXES.

New York City reports that 12 foreign countries are in arrears a total of $416,985 in real estate taxes on 27 properties, most of them bought within the last 15 years as consulates and headquarters for United Nations delegations.

Nearly all of the defaulting governments claim the right to city realty tax exemption under treaties and international doctrines, but the city has refused to waive its claims. Total assessed valuation is $5,324,000, with $720,000 exempt from tax. Finland, the Netherlands, and Israel have kept their real estate accounts paid up to date.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 9, 1955.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair, and all the members present.

The Reverend John J. Fogarty, St. Mary's Roman Catholic Church, Charlestown, was escorted to the rostrum.

INVOCATION BY REV. JOHN J. FOGARTY.

Direct, we beseech Thee, O Lord, all our actions by Thy holy inspiration, and carry them on by Thy gracious assistance, so that every prayer, work, and act of ours may begin always from Thee and through Thee be happily ended, through Christ our Lord.

We know, O Lord, that Thy will should and must be our will, that the norm and criterion by which we are to judge our every thought, word, and action is to ask ourselves, "Is it, this thought, word, or action, in conformity with the mind of God, the will of God?"—which is for us the Divine Law, the Divine Plan—and so we beseech Thee, O Lord, that every thought, word, and action of each and every member of this Council may be in keeping with Thy will.

And, O God, let these Councillors be not unmindful that Thou art the source of all authority and that whatever authority they have by reason of their office is from Thee. May You, the Divine Lawmaker, be the model for these members here assembled in Council, that whatever they do may be for Thy honor and glory and for the good of the people whom they serve. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the appointment of James J. McArdle, 110 Marion street, East Boston, as weigher of goods for the term ending April 30, 1956.

Referred to the Committee on Confirmations.

SICK LEAVE FOR SCHOOL TEACHERS.

The following was received:

City of Boston,
Office of the Mayor, May 9, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the secretary to the Boston School Committee relative to your resolution of April 11, 1955, concerning the matter of sick leave for the Boston school teachers.

Respectfully,
J. B. HYNES, Mayor.

—

The School Committee of the City of Boston,
April 29, 1955.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

At the conference of the School Committee on April 25, 1955, Miss Mary K. Fitzgerald, chairman, presented for consideration a resolution adopted by the City Council on April 11, 1955, requesting you to investigate the matter of sick leave for Boston school teachers, with a view to giving the teachers of the City of Boston the same rights as all other city employees with respect to sick leave.

I have been directed by the chairman to inform you that the matter of a sick leave plan for Boston public school teachers is still under consideration by the School Committee and is to be given further study.

Very truly yours,
AGNES E. REYNOLDS, Secretary.

Placed on file.

TRANSFER OF EMERSON SCHOOL TO PARKS AND RECREATION DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, May 9, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the secretary to the Boston School Committee relative to your order of April 11, 1955, concerning the transferring of the title of the Emerson School in East Boston to the Parks and Recreation Department, for the purpose of the construction of a wading pool on the property for the children of that area.

Respectfully,
J. B. HYNES, Mayor.

The School Committee of the City of Boston,
May 4, 1955.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

This is to acknowledge receipt of your communication of April 15, 1955, addressed to the chairman of the School Committee, Miss Mary K. Fitzgerald, transmitting Councillor Foley's order passed at the meeting of the City Council April 11, 1955, pertaining to the possibility of transferring title of the site of the former Emerson School in East Boston to the Parks and Recreation Department for the purpose of constructing a wading pool on the property for the children of the area.

At the conference of the School Committee on Monday, May 2, 1955, this matter was presented by the chairman and discussed at length.

In connection therewith the members gave due consideration to a report which was submitted by the Structural Engineer in this department, Mr. Charles B. McMackin.

Mr. McMackin reported that the combined areas of the Emerson and Patrick J. Kennedy sites amount to 54,952 square feet. Of this area, 10,430 square feet are occupied by the Patrick J. Kennedy School. Demolition of the Emerson School was completed in January, 1955.

The present enrollment of the Patrick J. Kennedy School is 389 pupils; the play space available to the pupils when the yard has been resurfaced will be approximately 100 square feet per pupil. This area for play space is what we would like to strive for in all of our school yards. Certainly anything less is not in keeping with current national standards.

As the result of his study of this matter, Mr. McMackin recommended to the School Committee that this property be not transferred to the Parks and Recreation Department, in which the School Committee concurred.

Very truly yours,
AGNES E. REYNOLDS, Secretary.

Placed on file.

RELOCATION OF MTA TROLLEY AND BUS STOPS.

The following was received:

City of Boston,
Office of the Mayor, May 9, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 25, 1955, concerning a survey being made in conjunction with the representatives of the Metropolitan Transit Authority to consider relocating trolley and bus stops.

Respectfully,
J. B. HYNES, Mayor.

—

Boston Traffic Commission,
April 29, 1955.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

With reference to Council order of April 25, 1955, to make a survey throughout the various shopping areas of the city in conjunction with the representatives of the Metropolitan Transit Authority, to consider relocating trolley and bus stops, we will have the study made and will report again concerning the matter.

The scope of the survey is of such proportions, however, that several weeks will be required to complete this survey.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

Placed on file.

NAMING OF INTERSECTIONS IN HONOR OF DECEASED VETERANS.

The following was received:

City of Boston,
Office of the Mayor, May 9, 1955.

To the City Council.
Gentlemen:

I submit herewith six orders for the naming of various intersections in the city in honor of deceased veterans of World War II and the Korean action.

The Committee to Memorialize Veterans, after due consideration, has recommended the naming of various sites as set forth in the accompanying orders.

In view of the fact that each site is to be named in memory of a veteran who sacrificed his life on the altar of liberty, I recommend that your Honorable Body give approval to the accompanying orders.

Respectfully,
J. B. HYNES, Mayor.

—

Norman L. Munson, William G. Peters, Edward J. Rockett, Artbur C. Stanton.

APPOINTMENT OF KEEPER OF THE LOCKUP.

Notice was received from the Police Commissioner of the appointment of Capt. Francis W. Russell to be Keeper of the Lockup for period of one year from May 6, 1955.

Placed on file.

REPORT OF FINANCE COMMISSION RE STRAYER SURVEY OF SCHOOL SYSTEM.

The following was received:

The Finance Commission of the City of Boston,
May 4, 1955.

To the Mayor and City Council.

Ten years have now elapsed since the Finance Commission undertook to make a complete "Survey of the Organization and Administration of the Boston School System," and to produce a manual for improvement in the educational program. The technical director of this survey was Dr. George D. Strayer, who has been for many years an eminent specialist in this field. The so-called Strayer Report was released by the Finance Commission late in 1944.

As in the case of the more recent survey of the departments under the control of the Mayor and City Council, the question is often asked: "What has been accomplished by this survey?" To answer this question fairly and accurately is not an easy matter. The original Strayer Report comprised over 1,100 pages. An intelligent digest of it required 65 pages. Altogether it contains over 1,000 recommendations, more than 100 being of major import. Hence it can be realized that to give a complete answer would require almost another survey of the proportions of the original one made in 1911 by Dr. Strayer.

However, it can be fairly and accurately stated that very substantial progress has been made toward the goals set up in the survey in the areas of organization and administration; and it can also be fairly and accurately stated that the portion of Dr. Strayer's report relating to the educational program has served as a textbook for teacher here and elsewhere.

In 1946, when the Strayer Report was two years old, the Commission reported on the extent to which major recommendations of the report had been adopted to that time. A great many, it was found, remained unadopted; nevertheless, many key recommendations had been followed. One reason advanced for the failure to adopt more of its recommendations was the fact, acknowledged by Dr. Strayer originally, that the process of adoption would, in many cases, be necessarily slow because of peculiar circumstances in the area involved. With the passing of a decade since the publication of this earlier accounting, the Finance Commission feels that a more complete analysis of the situation should now be given.

Admittedly, community changes, unpredictable at the time of the survey, have in the interim invalidated some recommendations; the extensive public housing projects, for example, have affected the validity of school building site recommendations found in the report.

At the time of the issuance of the original report in 1944, the conclusions and recommendations of Dr. Strayer were not too kindly received by the school administrators then in control. That attitude no longer exists. The Finance Commission believes this particular report has special significance because the following data, indicating compliance or noncompliance with the Strayer recommendations, was produced by the present Superintendent of Schools, Dennis C. Haley, at the behest of the Finance Commission. Furthermore, in the instances of noncompliance, there is explanation by Dr. Haley.

In the digest of the Strayer Report referred to hereinbefore, there is a total of 108 recommendations. These might be said to relate to major issues.

In the following section there are listed: (1) the recommendations of Dr. Strayer; (2) the report by the Superintendent on the current status of progress of adoption; and (3), in some instances, comment by the Finance Commission expressing a viewpoint on the matter in question.

RECOMMENDATIONS OF THE STRAYER SURVEY COMMITTEE FROM THE DIGEST.

(The report of the Superintendent is indented under each recommendation. Page numbers refer to the digest of the Strayer Report.)

ADMINISTRATIVE ORGANIZATION AND MANAGEMENT—Page 13.

1. The Superintendent of Schools should be made the chief executive officer of the School Committee and of the school system, with power to nominate his immediate assistants.

Accomplished.

2. The Administrative Boards should be dissolved.

Accomplished.

3. The Board of Superintendents should be continued as an advisory and quasi-judicial board.

Accomplished.

4. The assistant superintendents should be placed on a functional assignment, and relieved of their geographical responsibilities.

Accomplished.

5. The Board of Examiners should be given statutory status to permit independence of action.

Not necessary, since the Board of Examiners has been given adequate authority to prepare lists of eligibles for both original appointment and promotion on the basis of such tests as it may devise.

6. A comprehensive and integrated budget procedure be introduced.

Accomplished.

7. The central organization be moved from 15 Beacon street to 7 Beacon street.

Not accomplished, but new location is desirable.

BUSINESS ADMINISTRATION—Page 14.

8. The Department of School Lunches, the Superintendent of School Buildings, and the Schoolhouse Custodian should, by changes in the bylaws of the School Committee, be made administratively subordinate to the chief business officer of the school system. This business officer should preferably have the title of assistant superintendent and should be directly responsible to the Superintendent of Schools.

Accomplished in part. Schoolhouse Custodian and Business Manager are now responsible administratively to the Superintendent. A similar relationship between the Superintendent of Schools and the Superintendent of Construction is also desirable.

FINANCIAL ADMINISTRATION—Page 15.

9. The adoption of standard classification and procedure in preparing the budget.

Accomplished in appropriation accounting by adoption of national standard under Bulletin 2010 of the United States Department of Health, Education, and Welfare.

10. Simplification and mechanization of accounting.

In process, pending installation of punch card system.

11. (a) Revision of the current auditing procedure and (b) the employment of more helpful and complete auditing service than is now received.

(a) Auditing is now in conformity with accepted accounting principles and procedures.

(b) Every item is now checked in the individual schools.

12. Development of a more effective means of acquainting the School Department and the general public with the financial problems and operations of the school system.

As a more effective means of presenting financial problems and operations of the school system, a new, condensed budget has been prepared in recent years on a functional basis and is accompanied by a detailed letter of transmittal. In addition, the annual report of the Business Manager has been revised and simplified.

PURCHASE AND MANAGEMENT OF SUPPLIES—Page 16.

13. Good values are obtained, but there is not enough competition for school business.

It must be borne in mind that in 1943-44, when the Strayer Survey was in progress, war conditions made it impossible to follow normal procedures in obtaining supplies. The office of the Business Manager is constantly striving to improve purchasing practices and to invite wide competition. To achieve this objective specifications are frequently revised; market conditions and quality controls, etc., are subject of continuing study. Although the law requires competitive bidding and contracts of $1,000 or more, the office of the Business Manager goes beyond the statutory requirements by seeking bids on smaller contracts.

14. (a) Testing and (b) stock control procedures should be improved.

(a) An independent chemical analyst is regularly engaged by the Business Manager to see that specifications and contractual obligations are met. Experience has convinced the Business Manager that this system is both adequate and economical.

(b) Two full-time inspectors are now employed to keep records of physical inventories. When punch-card installations are made, these inventories will be reconciled with machine records for further accuracy.

15. Machines should be installed for supply operations.

Several already in use.

16. Provisions should be made for purchase of postwar surplus materials, especially for cafeterias.

Accomplished.

OPERATION AND MAINTENANCE OF SCHOOL BUILDINGS—Page 17.

17. Manpower needs for custodian services should be calculated.

Surveys were made in 1948 in connection with the establishment of the 40-hour week as a basis for equalizing work load. Square footage and building uses were considered. As a result 127 additional custodians were appointed. The number of assistant schoolhouse custodians has been increased to four since the Strayer Survey to provide more effective supervision and direction of custodial

services and to make recommendations concerning manpower and other needs to maintain highest standards of building maintenance.

Finance Commission Observation: In accordance with Strayer recommendation a study of all phases of the custodian question has recently been completed by the Jacobs Company of Chicago, Public Administration Consultants; the findings and recommendations are now under consideration by the School Committee. Included are: determination of manpower requirements, simplified salary and classification plan, recommendations for improvements in this area.

18. There is need for an organized training program to give custodians needed skills.

Not accomplished as a formal training program. However, custodians are trained by senior custodians in development of skills. Custodians also receive instruction, supervision, and direction from the Schoolhouse Custodian and the four assistant schoolhouse custodians.

19. More women could be employed, especially in girls' schools.

Schoolhouse Custodian sees no need for women. Men are more adaptable for the various types of work required because of the number of small buildings and the many outside occupancies.

OPERATION OF BUILDINGS—Page 18.

20. Schoolhouse Custodian's title should be changed to Supervisor of Plant Operation. He should be not directly under School Committee, but under Assistant Superintendent for Business Affairs and Housing.

Schoolhouse Custodian is now directly responsible to Superintendent. No further change recommended.

21. A small, permanent maintenance crew should be employed to do repair work.

Maintenance work comes under the Department of School Buildings rather than under the School Committee. At present the Department of School Buildings employs small, permanent crews of electricians and furniture refinishers.

Finance Commission Observation: Relatively little maintenance work done by permanent crew of School Buildings Department.

MAINTENANCE OF BUILDINGS—Page 19.

22. Position of Engineer of the School Committee, who is now liaison officer between the Superintendent of Schools and the Board of Commissioners of School Buildings, may be abolished without losing efficiency.

This recommendation is predicated upon the amendment of existing legislation concerning the Department of School Buildings and the transfer of the duties of this department to the School Committee.

23. Improved methods for care of floors should be adopted.

Since the oiling of wooden floors has been prohibited for reasons of safety, every possible kind of preparation has been tried in vain to seal floors adequately. New mopping machines have been acquired to facilitate washing. New buffing machines have improved method of caring for linoleum and tile floors, and all modern methods are being employed to care for floors which are made of material other than wood.

24. Lighting and fire-safety conditions should be subjected to engineer-analysis.

An analysis of lighting conditions has been made by electrical engineers of the Department of School Buildings, but because of large sums allocated to mandatory requirements of public safety laws, progress in correcting poor conditions has been delayed.

Since 1945, when chapter 143, the Public Safety Law, was amended to include Boston, every school building has been surveyed by the Department of Public Safety. To date more than $3,500,000 has been spent for the installation of fire escapes, enclosure of stairways, etc., to meet the rigid requirements of this law. At present this work is 99.9 per cent accomplished.

25. Administrative staff for maintenance of plant may be considerably reduced in size.

Requires legislative action placing Department of School Buildings under the School Committee.

26. Minor repairs should be part of work of custodians.

Custodians always have made some minor repairs.

Finance Commission Observation: Amount of such work done by custodians is negligible.

27. Sanitary facilities should be modernized as far as possible.

Sanitary facilities are being modernized as quickly as funds will permit. Work of this type has been completed in eight schools. To carry out this program in all schools would cost $1,250,000. Handwashing facilities with attendant temperature control equipment and soap and towel dispensers have been installed in approximately 80 schools. Work is progressing as funds are available.

28. Designing of major alterations should be done by private architects and engineers.

This recommendation is related by the Survey Committee to transfer of control of school buildings to the School Committee. However, at the present time designing of major alterations is done almost exclusively by private architects and engineers. In the Public Safety Program each project in major alteration work was grouped with four others and let out to private architects.

29. There should be an orderly comprehensive plan for improvement and repair program.

A long-range plan for modernization of school buildings has been prepared. Painting and improvement of lighting and plumbing facilities are progressing as rapidly as funds will permit.

PLANNING, CONSTRUCTION, AND UTILIZATION OF SCHOOL BUILDINGS—Page 20.

30. Higher standards of safety, sanitation, and educational adaptation be drafted and applied to all future construction, and, as future budgets permit, to the alteration of otherwise satisfactory existing school buildings.

The highest standards of safety, sanitation, and educational adaptation have been provided for in the modernization program mentioned above as well as in the plans for 17 new building projects. Four of these projects have been completed since 1950.

These are as follows:

Addition to the Brighton High School Garage.

Michael J. Perkins School: Addition of 5 classrooms and a kindergarten.

Hemenway School, Henry Grew District, Hyde Park: A new 6-room building with assembly hall and kindergarten.

New Fairmount School, Elihu Greenwood District, Hyde Park: A new 12-room building with an all-purpose room and kindergarten.

The other 13 new building projects are described below.

Martin District, Roxbury—Thomas Dwight site: Elementary school to accommodate 1,010 pupils—24 classrooms, 2 double kindergartens, 1 manual training room, 1 sewing room, 1 assembly hall, 1 playroom, 1 cooking room, and 1 sheet metal shop.

Blackinton-John Cheverus District, East Boston— Blackinton-Curtis Guild site: Addition to Curtis Guild building to accommodate 140 pupils—4 classrooms, 1 manual training room, 1 sewing room, and 1 all-purpose room.

Blackinton-John Cheverus District, East Boston—Orient Heights area: Elementary school to accommodate 340 pupils—9 classrooms and 1 kindergarten.

William E. Russell District, Dorchester—Columbia Point, Calf Pasture area: Elementary school (first building) to accommodate 1,010 pupils—26 classrooms, 2 double kindergartens, 1 manual training room, 1 sewing room, 1 assembly hall, and 1 playroom.

James J. Chittick District, Mattapan: Addition to James J. Chittick building to accommodate 190 pupils—4 classrooms, 1 double kindergarten, 1 all-purpose room, and miscellaneous rooms.

Rice-Franklin District, South End—former English High School site: Elementary school to replace Rice and Bancroft buildings, to accommodate 1,010 pupils—22 classrooms, 2 kindergartens, 1 manual training room, 1 sewing room, 1 assembly hall, 1 cooking room, 1 sheet metal shop, and 1 gymnasium.

Sherwin District, Roxbury—Boston Trade High School: Erection of addition to provide cafeteria and gymnasium; also relocation of woodworking shop.

Solomon Lewenberg Junior High School, Outlook road, Mattapan: Erection of addition to provide gymnasium.

Mary Hemenway District, Dorchester—Elbridge Smith School site: Elementary school to replace the Elbridge Smith building, to accommodate 330 pupils—8 classrooms, 2 kindergartens, 1 sewing room, and 1 all-purpose room.

Elihu Greenwood District, Hyde Park—Needham Road lots, Fairmount area: New elementary school to accommodate 445 pupils—12 classrooms, 1 kindergarten, 1 sewing room, 1 all-purpose room.

Henry Grew District, Hyde Park—Henry Grew site, Gordon avenue: Elementary building to replace the Henry Grew building, to accommodate 305 pupils—8 classrooms, 1 kindergarten, 1 sewing room, 1 all-purpose room.

Dwight District, South End—Dwight-Louisa May Alcott area: Elementary school to replace Dwight and Louisa May Alcott buildings, to accommodate 715 pupils—19 classrooms, 2 kindergartens, 1 manual training room, 1 sewing room, 1 assembly hall, and 1 playroom.

Elihu Greenwood District, Hyde Park—Elihu Greenwood site, Metropolitan avenue: Elementary school to replace the Elihu Greenwood building, to accommodate 470 pupils—12 classrooms, 2 kindergartens, 1 sewing room, 1 manual training room, and 1 all-purpose room.

Yards.

Lewis District, Roxbury Memorial High School yard (Girls' Building): Development of side yard for play space.

Charles Sumner District, Roslindale: Development of lot at corner of Poplar and Dale streets for additional play space for the George H. Conley School, and modernization work in the existing schoolyard.

Bigelow District, South Boston: Purchase of vacant land on Silver street, to supplement play space for pupils, Bigelow School yard.

Dudley District, Roxbury, land adjacent to William Bacon School site: Purchase and development of lot located at corner of Auburn street and Oakburn court, comprising 6,428 square feet.

31. Boston schools should be made safe against fire.

Refer to No. 24.

32. A long-range school housing policy and program should be established.

Since 1951 the Superintendent of Schools has submitted annually to the City Planning Board his long-range capital improvement program, which currently provides for 32 new building projects to cost approximately $40,000,000.

Under this program of the Superintendent of Public Schools two bond issues of $5,000,000 each have been authorized: one in 1953, and the other in 1954. This total of $10,000,000 has been allocated by the School Committee for the erection of 13 new buildings and 4 additions. Contracts are about to be let on certain of these buildings, and construction is expected to begin in April, 1955. Plans are so well advanced on other buildings that contracts are expected to be let and construction begun by September, 1955. The 13 buildings have been described in No. 31, which also includes descriptions of 4 schoolyards, which are being financed out of annual appropriations.

33. Thirty-five school buildings should be closed.

Thirty of the thirty-five buildings listed in the Strayer Survey have been closed; one more of these buildings will be closed as of June 30, 1955. The remaining four buildings have been kept open for various reasons such as distance, traffic hazards, increased enrollments, new housing developments, etc.

In addition to the thirty buildings mentioned above, a number of other school buildings have been closed in various sections of the city.

34. Board of Commissioners of School Buildings be dissolved and its statutory powers be transferred to the School Committee.

Not accomplished. Requires action by Legislature.

35. Planning and construction be placed under Assistant Superintendent for Business Affairs and Housing.

This recommendation is predicated upon amendment of legislation to transfer duties of Department of School Buildings to School Committee.

FOOD SERVICE IN THE SCHOOLS—Page 24.

36. Responsibility and authority for all school nutrition, except in the vocational schools, should be centered in the Director of School Lunches.

Director of School Lunches is responsible for food preparation and service in 37 schools, and cooperates in purchase of food for 3 schools which prepare and serve food independently (Trade High School for Girls, Girls' High School, and M. Gertrude Godvin). Only 2 schools are served by concessionaire, namely, the Washington Irving Junior High School and the Robert Gould Shaw Junior High School.

Supervisor of Nutrition of the Department of School Hygiene is responsible for inspection of physical surroundings in cafeteria: sanitation, quality, safety, protection of food, and promotion or improvement of the nutritional habits of school children.

37. The general supervision of the food service program, and the management of food service units in schools or groups of schools should be done by persons well qualified in nutrition, quantity food preparation, and business operations.

One year's paid experience in food work now required by Civil Service examination for cafeteria attendants. Cafeteria managers are selected by promotional examination for which cafeteria attendants with one year's service are eligible.

38. The nutrition program should be extended, offering more of the Type A, federally subsidized lunches. In the secondary schools it should include well-planned, nutritionally adequate meals.

Accomplished in all lunchrooms except Lewis and Donald McKay, where physical setup makes this program impossible, and in the High School of Commerce (presently located in the Boston Clerical Building), which is scheduled to close in June, 1955.

Expansion of the recommended nutrition program is indicated by the following comparison:

	1944 35 Cafeterias	1954 33 Cafeterias
Enrollment in Cafeterias.....	44,323	30,500
Total Special Lunches.....	250,184	631,729
Average Daily Special Lunches	1,390	3,748
Average Daily Participation..	3%	12.3%

39. As conditions permit, adequate equipment should be installed for food preparation, preservation, and storage, and for dishwashing.

Long-range plan in effect since 1943 has been only partly accomplished because of limited funds and the need of equipment to carry out policy of preparing food in individual schools rather than in a central kitchen.

40. (a) Jobs should be classified and wages standardized; (b) there should be central volume purchasing of staples, on specifications and competitive bids, for the sake of economy and uniform quality; (c) accounting controls should be established; (d) concessionnaire service should be discontinued.

(a) Now classified as cafeteria managers and cafeteria attendants.
(b) This procedure is in effect.
(c) Accomplished.
(d) Accomplished in all but two schools.

Finance Commission Observation: Classification and Pay Plan for food service recently completed by Jacobs Company and submitted to School Committee.

41. There should be an Advisory Committee, composed of administrators, teachers, parents, and others concerned with the problem of health, to guide the further development of the food service program.

In process.

ELEMENTARY EDUCATION — Page 30.

42. All elementary education should be placed under one assistant superintendent.

Accomplished.

43. Curriculum development, involving the active participation of all members of the instructional staff, should receive immediate and continuing attention. Among the first tasks will be a study (1) of Boston's children and (2) of Boston's resources for education.

In operation.

44. The daily program of the elementary school should not, as at present, be broken up into fifteen or twenty periods, one for each subject or activity. Instead, the program should follow an organization by large divisions, such as the language arts, the social studies, the sciences, and the fine and practical arts.

This recommendation has been incorporated into the tentative outline of the report of the Steering Committee on the Revision of the Elementary Curriculum, in which major areas of learning are organized in seven large divisions with time allotments varying from grade to grade in accordance with the best educational practices. The seven divisions are the following:

I. Before School Activities
II. Character Training
III. Arithmetic
IV. Fine Arts and Crafts
V. Health Education
VI. Language Arts
VII. Social Living

45. Children should have a full day of kindergarten instead of a half day, and for many children entering at the age of four there should be two years of kindergarten, in order that there may be readiness for the work of the first grade at the time of promotion to that grade.

The lengthening of the school day for kindergarten children is considered impractical by Boston school authorities.

The entering age for kindergarten in the Boston Public Schools is four and one-half years and for Grade I five and one-half years as of October 1 of the year of admission. Although authorities hold that six years plus is the optimum age for readiness for the first grade work, the entering age is generally lower in urban communities and large centers of population because of local conditions and parental desires. In the Boston Public Schools a special program is offered in the first grade to achieve readiness socially, emotionally, physically, etc., for the formal work of the grades.

46. Promotion practices should be restudied.
Under constant study.

47. There should be a comprehensive program of testing children for aptitudes, interests, and achievements, and the findings of such tests should be used in planning the further education of the children tested.

We have made great progress in our testing program. Achievement tests are now given in English and arithmetic in September of each year to determine pupils' readiness for work of the grade, their abilities, and their needs. It has been recommended that a testing day be scheduled in the spring to test achievement in year's work to date.

48. Adequate data about each individual child should be recorded on a cumulative record form and made available for use by the teachers responsible for his education.

Under continuous study by elementary principals. A "290 Card," which incorporates the best available features of a practical cumulative record form, is presently in use on a trial basis in several school districts.

SPECIAL EDUCATION — Page 31.

49. A better method of distinguishing mentally retarded pupils for admission to special classes is needed.

Pupils are carefully selected, tested, and studied before placement. Only those with I.Q's between 50 and 60 are admitted to special classes. Since 1947 subspecial classes have been conducted for those pupils with I.Q's under 50.

50. Facilities, methods, and materials for teaching mentally retarded children should be improved.

New materials, specially adapted, have been introduced, and special library corners have been installed in all special classrooms. Atmosphere is homelike, and teachers are all trained in the unit method of teaching. All except one center has been closed, and pupils have been placed in buildings near their homes. Now in operation are 105 special classes and 17 subspecial classes. On the junior high school level 42 special classes are being conducted. A new course of study is in preparation.

51. More audiometer testing should be done in the Horace Mann School.

An otologist now conducts a clinic at the Horace Mann School and makes regular audiological examinations of all pupils.

Audiograms, which become permanent records of the Horace Mann School, have proven useful for out-of-school purposes, such as to assist selective service boards to determine degree of deafness of examinee.

52. Lighting should be improved in the classes for the conservation of eyesight.
Accomplished.

53. A more adequate method should be employed in selection of pupils for speech improvement classes (Page 32).

The testing procedure recommended by the American Speech and Hearing Association is now regularly followed in the selection of children for admission to speech improvement classes.

54. Remedial reading classes, taught by well-qualified teachers, are needed.

Forty remedial reading classes, including every grade level, are now in operation throughout the city. Thirty-four classes are in elementary schools, four in junior high schools, and two in high schools. Appropriation of sufficient funds to establish a remedial reading class in every elementary school district has been recommended in the 1955 budget.

Two committees, which have been studying the problem of remedial reading, are now preparing final reports and recommendations. One committee has worked on the administration of the remedial reading program; the other has studied the clinical approach to remedial reading.

55. Psychological testing, complete physical examination, and analysis of the individual's educational, social, and personality problems should precede the transfer of a boy to the M. Gertrude Godvin School (Page 32).

Testing, examination, and analysis prior to transfer to the Godvin School is not favored. The present procedure meets with great success the physical, mental, educational, emotional, social, and religious needs of the pupils and should not be changed.

Upon arrival at the Godvin School, all boys go through the "Receiving Room," where they receive a thorough physical examination and take I.Q., aptitude, and achievement tests. Immediate care is provided for apparent defects; and extraordinary care is provided if necessary for epileptics, diabetics, stammerers, and boys with nervous disorders, deafness, near blindness, etc. Psychiatric treatment is also provided if needed.

Conferences are held with former principal, parents, probation or parole officers, and agencies interested or needed. A home visit is then made to complete the history of each child. Placement in the school program is then made in terms of needs, interests, capabilities, and limitations. All social and clinical agencies of school and community touching the child are also co-ordinated to contribute most effectively to his rehabilitation.

Although all who come to the school are habitual truants, only 1 to 3 per cent are committed each year to the County Training School. Thus 97 per cent to 99 per cent of the pupils of the Godvin School make satisfactory adjustments as a result of the school training which is related to individual needs as revealed by the present successful procedure of testing, examination, analysis, and placement.

56. A Juvenile Adjustment Clinic should be established as the central agency for the discovery and correction of personal problems among children and youth (Page 33).

A Juvenile Adjustment Clinic, as proposed by the Strayer Survey Committee, envisioned a far more elaborate organization than the Division of Juvenile Adjustment which correlates, confers with proper diagnostic and treatment agencies, and obtains proper therapy or makes proper placement of individual pupil. A recently appointed committee of three assistant superintendents is presently studying the problem of juvenile delinquency and adjustment.

THE EDUCATION OF YOUTH IN BOSTON — Page 34.

57. The problem of drop-outs should be studied.

A continuing study is being conducted under the direction of Assistant Superintendent Daley and a committee from the Head Masters' Association. "Stay in School" pamphlets have been prepared for general distribution to pupils and parents. Another has been prepared for principals and teachers. Class advisers in conjunction with specially assigned teachers are now checking on border-line cases and advise, assist, and encourage such pupils to keep them in school. Regular contacts are maintained between parents and teachers, and appeals are being made constantly through Home and School Associations to strengthen the holding power of the schools.

58. Future courses should provide for a sharing of responsibilities, in order to develop in pupils a greater ability to direct their own learning.

Insofar as it is possible in the orderly process of education, the Boston Public Schools encourage the development of initiative and independence of judgment by pupils in the direction of learning. Particularly is encouragement given in the increasing opportunities offered in student councils, forums, junior achievement, key clubs, junior rotarians, etc. Career Days are also held annually in all high schools to permit pupils to hear and to talk with leaders in professional, industrial, and business life who conduct panels or make individual presentations. These programs are preceded by orientation programs and followed by evaluation sessions.

59. A secondary school graduate should have developed a marketable skill.

A major aim of the school program is the development of marketable skills, and programs are constantly being expanded and adjusted to achieve this end more effectively for every individual pupil. For example, cooperative courses in distributive education are now conducted in four high schools. A course in merchandising is planned for the Roxbury Memorial High School (Boys) for next year. In addition, cooperative industrial courses and trade courses, as well as many of the commercial courses, are given by teachers with broad, practical experience, and offer on-the-job training opportunities or include projects which are carried out in school shops, offices, or classrooms under simulated working conditions. An effort is made to vocationalize every possible phase of education so that every pupil will have a specific skill if he does not continue beyond high school.

60. Boston's secondary schools for both younger and older youth should offer more opportunities for the study and practice of citizenship.

Recent courses of study indicate the continuing interest of the Boston Public Schools in the teaching of citizenship, which will come into every course at all levels in a most practical manner when the course of study in civic education proposed by Miss Fitzgerald on March 18, 1952, becomes operative completely.

This work was inaugurated in the fall of 1952 in cooperation with the State Department of Education and with Dr. John Mahoney and Dr. Holmes of the Civic Education Project.

Two periods weekly were allotted, and 35 pilot teachers were selected and trained in a special course preparatory to choosing and adapting material and methods to the needs and purposes of the various grades. An experienced head of a high school history department was designated as coordinator to supervise and visit classes, furnish current data, and sponsor civic projects such as field trips to historic shrines and active participation in such programs as Student Government Day, Student Exchange Day, etc.

Material has also been supplied to teachers of all subjects and methods suggested to employ every possible opportunity to teach and develop citizenship in all classes. To advance this program a 30-hour institute was presented under the title of "Making Better Citizens." Although attendance was voluntary, nearly 400 teachers participated.

61. The Boston School Committee should establish a secondary school of the technical institute type, to include the thirteenth and fourteenth grades (Page 35).

Not accomplished. The expense would be prohibitive at this time; also there is serious question of the need of such a school with so many private institutions offering this type of training in the city.

There is, however, a great present need for a new, modernized Technical High School to replace the present inadequate building and the colony now housing the student body. Such a replacement — to cost $5,712,000 — is included in the Capital Improvement Program of the Superintendent of Schools.

62. An assistant superintendent should be assigned to the organization and administration of all secondary education, including intermediate, high, Latin, vocational and trade schools, and technical institutes.
Accomplished.

63. An assistant superintendent should be assigned to the field of curriculum development and the improvement of instruction.
Accomplished.

64. A long-term plan for public education in Boston should be prepared.

In process. Curriculum committees are due to make specific reports in the near future. Tentative courses of study have been prepared and are being used by classroom teachers who are making suggestions and recommendations for consideration in the preparation of the final reports of the curriculum committees. To bring about uniformity, both horizontally and vertically; to guarantee ease and efficiency of progression from grade to grade; and to facilitate transfer from school to school; coordinating councils from all levels have worked closely with the curriculum committees.

65. The more than 3,000 youth now attending elementary school units should be placed in intermediate schools.

This recommendation has been followed whenever possible, but its realization has been limited by lack of separate accommodations in specific geographic areas. Junior high school system and school housing accommodations are now under study by special committees.

66. All of the schools for youth should be under the administrative direction of an assistant superintendent.

Accomplished.

INTERMEDIATE SCHOOLS—Page 37.

67. The intermediate schools should offer more exploratory facilities, including a well-defined and comprehensive program of school activities for getting new social experience, a program of individual counseling and guidance for the cultivation of new interests, and libraries where a student may seek intellectual adventure. (The above three ideas are labelled a, b, c.)

(a) Program does so provide. (b) New programs were prepared and printed by special committees on guidance for Grades VII in 1953 and for Grades VIII and IX in 1954. (c) Expense entailed in establishing libraries and obtaining properly qualified persons in charge has prevented the accomplishment of this recommendation, but junior high schools generally have made special book collections available to pupils. Furthermore, the Boston Public Library cooperates most effectively in providing "intellectual adventures" and supplementing the work of the junior high schools. This excellent working arrangement has been brought about through planning conferences between teachers and public school personnel and by the employment of Young Adult workers in all library branches to work closely with the schools and the pupils.

68. There should be only one curriculum in the intermediate school with enough flexibility to provide for the needs of everyone.

There is no uniformity of theory or practice on this subject. Our junior high schools offer four basic curricula: academic, general, fine arts, and mechanic arts for boys or practical arts for girls. Within each curriculum broad opportunities are offered for exploration, with due attention being given to core subjects.

DAY HIGH AND LATIN SCHOOL—Page 38.

69. Local curriculum resources, newspapers and news magazines, and more modern methods should be employed in high schools.

Boston Public Schools make the widest possible use of local curriculum resources, newspapers, and news magazines. School programs and local resources are correlated by visits, essay contests, general and particular cooperation with community agencies and business organizations, etc.

All such resources are included in courses of study at the levels at which they may be used most advantageously in the development of pupils in accordance with accepted educational objectives and practices.

Through the activities of curriculum committees and subject councils and through regular supervision by department heads and other supervisory personnel, the most effective modern methods are introduced into all courses, classrooms, and shops in Boston high schools.

70. The policy of segregation by sex should be given further local study.

There is no general agreement among educators on the subject of segregation by sex in public schools. Boston's traditional policy of conducting both segregated and nonsegregated high schools is in line with that of large school systems generally and in accord with local parental desires.

71. Personnel administration should provide more freely for the retirement of teachers on the basis of disability acquired in service.

Accomplished in part.

VOCATIONAL EDUCATION—Page 40.

72. The trade schools should feature cooperative part-time training.

Part-time cooperative industrial courses, which provide for students to spend alternate weeks in school and in outside employment in the trade after they reach the legal age for employment, are conducted in eight district high schools in agriculture, cabinetmaking, electricity, machine shop, printing, sheet metal, and upholstery.

The Trade High Schools have the authority to conduct somewhat similar courses which provide for actual, part-time work experience in industry. The Boston Trade High School does not presently conduct such courses, since placements are readily obtainable in trades for which students have been prepared under the present plan. The Trade High School for Girls, however, places every senior in employment on a part-time certificate. Every senior divides each school day between school work and regular employment, receives the minimum wage of the trade, and is visited and supervised by the head of her respective department who marks each student on school work and employment record.

Boston has successfully offered those various types of training, and officials are alert to any possible changes which may improve the preparation or the employment possibilities of pupils.

73. A better method should be provided for the selection and classification of industrial students to merit the probabilities of successful schoolroom work.

Conditions which suggested this recommendation have been subject of nation-wide criticism. Yet the problem of selection and classification of industrial pupils is under constant scrutiny, and steady progress is being made in the Boston Public Schools toward a solution, especially through an expanded guidance program and increased parental understanding and cooperation.

More specifically, a new procedure which permits pupils not completing mechanic arts courses in Grade IX to enter Boston Trade High School provides a broader base for selection. Aptitude tests, application blanks, and personal interviews by department heads have contributed greatly to the improvement of the process of selection.

74. A program of vocational education should be revised to make it more interesting and valuable.

This program is being constantly revised. For example, in distributive education, cooperative courses in salesmanship are now offered in six high schools, subject always to the approval and supervision of the State Department of Education by law.

Recently introduced are courses in refrigeration, television, electronics, offset printing, etc. Short unit courses have recently been introduced in the Trade High School for Girls. In general, courses are being made functional as well as vocational in the light of standards commensurate with business demands.

Supplementing course offerings and procedures are such worth-while programs as Career Days, Junior Achievement, etc.

75. The Brandeis Vocational School should be used as an opportunity school offering the young people much-needed short unit courses of instruction.

Brandeis Vocational High School has been closed and sold.

76. A "technical institute" type of school should be established to give vocational training of more than high school but less than full college grade, and to prepare workers for industrial jobs that lie somewhere between the skilled trade worker and the engineer. With certain changes the present Boston Technical High School could be used for this purpose.

Not accomplished. When the new Boston Technical High School is erected and in use the advisability of offering training beyond the high school level to selected school pupils will be carefully considered.

77. The Boston Clerical School and the High School of Commerce should be used to train young men and women at the posthigh school level for subexecutive and semiprofessional positions in commercial lines.

The High School of Commerce will close as of June, 1955. Opportunities to train for subexecutive and semiprofessional positions in commercial lines have been offered and are being offered at Boston Clerical School for young men and young women. Refresher courses are given for adults who may spend the time necessary to regain or acquire business skills.

78. A position of Director of Business Education should be filled in order to raise this important branch of vocational education to a proper standing.

Provision for the employment of a Director of Business Education has been made in the present budget, and a rating for this position is now in process.

79. The administration of all vocational education should be lodged with Assistant Superintendent of Secondary Education.

Accomplished.

80. There should be wider use of citizen-advisory committees for the trades and commercial branches.

Accomplished.

HEALTH EDUCATION, PHYSICAL EDUCATION, AND RECREATION—Page 43.

81. Every pupil should be given a careful physical examination every three years instead of a high-spotted inspection every twelve months.

In effect. Under the authority of section 57, chapter 71, G. L., as amended on July 9, 1951, to take effect in September, 1952, the Department of Public Health has established detailed regulations for the physical examination of school children in Massachusetts. These regulations contain the following provision: "The School Committee or Board of Health shall cause every child in the public schools to be separately and carefully examined by a physician duly registered in Massachusetts within six months before entrance to school or during the first year after entrance and at intervals of either three or four years thereafter."

82. The preparation of teachers of health education, the curriculum, and the method of instruction should be improved.

(a) The teaching of health education has been gradually assigned to teachers of physical education all of which are required to take minor examination in health education as a prerequisite for appointment. The Director of Physical Education and his assistants have major degrees in this field.

(b) Content, methods, and materials in health education are presently subject of study by the Curriculum Committee.

83. An expert and competent person should be placed in charge of health education.

Plans are in progress to improve the program in health education and to meet the highest standards of competence in the person who will be selected as the result of a rating to fill the present vacancy caused by the retirement of the Supervisor of Health Education and Safety Education.

84. Conditions of healthful school living, such as (a) handwashing facilities and (b) length of lunch period, should be improved.

(a) Accomplished. Refer to No. 27.

(b) Not accomplished. However, in the study just completed, elementary principals and teachers have recommended a lunch hour of one hour and an extension of the school day to 2:30 to retain required number of teaching hours. This recommendation has not yet been acted upon.

85. Physical education in the elementary schools is inadequate because of (a) emphasis on posture training and formal exercise, (b) lack of suitable facilities, and (c) time allotments.

(a) Not correct; emphasis in physical education in the elementary schools of Boston is on games, dances, and body mechanics in accordance with approved educational standards.

(b) Facilities have been improved insofar as has been possible under building restrictions.

(c) A new time allotment has been recommended in the tentative report of the Steering Committee on the Revision of the Elementary School Curriculum.

86. Intermediate schools should be properly equipped with gymnasia, lockers, and showers to permit a broader program.

Fifteen of the nineteen junior high schools have regular gymnasia, and one has showers and locker rooms. The Department of Physical Education has recommended yearly that shower and locker facilities be installed, but funds have not been available.

However, since 1945, a much broader junior high school program has been instituted and implemented (1) by the appointment of two assistant directors to supervise junior high school programs; (2) by the appointment of men teachers in physical education; (3) by an increase in time allotment; and (4) by the establishment of intramural and competitive programs in basketball, track, touch football, and baseball.

Military science was abolished in Grade IX in junior high schools in 1953.

87. Military drill should not be viewed as an equivalent substitute for physical education.

Military drill is a subject distinct from physical education and is not viewed as an equivalent.

88. A separate Division of Recreation should be organized, with an associate director who in addition to his other duties would achieve coordination between school and community recreational programs.

An associate director has been appointed in the new Department of Adult Educational and Recreational Activities to coordinate school and community recreational programs.

89. The Department of School Hygiene and Physical Education should be combined into a single unit to be known as "Division of Health and Physical Education."

Not accomplished. Organization of these departments is not uniform throughout the country. It is generally considered inadvisable, however, to combine educational and medical functions in a single department.

GUIDANCE—Page 46.

90. Boston's guidance program should rest more securely on a scientific basis to be accomplished by (a) a broader research and (b) more complete pupil personnel records.

(a) A broad program of research has always been carried on by the Department of Vocational Guidance. Many studies of a continuous

nature, such as the follow-up surveys of graduates and the reports on school leavers, have been exceptionally valuable.

(b) Refer to No. 18.

ADULT EDUCATION—Page 47.

91. The School Committee should establish a policy and a plan for adult education in terms of the needs and desires of the public.

This recommendation has been effected by

(a) Adapting of content and method to the needs and desires of adults.

(b) Permitting freedom of discussion and expression of opinion in all adult classes.

(c) Equipping the trade and vocational schools with machines that compare favorably with machines used by adults in industry.

(d) Combining the evening schools and the evening centers into one department of adult education and recreation under one head.

92. Boston's adult education program should offer universal learning opportunity to its citizens.

This recommendation is too broad in scope since it would require a central building with special equipment and unlimited curriculum with a specialized faculty serving a group of too widely disassociated interests. To be really effective, many buildings of this type would be required if businessmen and others in different sections of the city wanted one hour or so of instruction at noon, morning, or evening. This would make the cost prohibitive. Theoretically, the idea is excellent; practically, the administration and setup of so broad an undertaking is something decidedly different.

However, evening schools have been established for those who lacked certain subjects in day school education for which a present need is felt; who desire to supplement day school education; who received credit for day school work. This credit added to evening school credit has resulted in pupils receiving evening elementary or high school diplomas. This has been made possible by providing

(a) Opportunity day or evening for acquiring citizenship.

(b) Cultural subjects for those desiring to study them.

(c) Social civic opportunities through informal gatherings, discussions, and clubs in school centers.

(d) School centers for recreation under informal supervision.

(e) Trade training courses open to all.

PERSONNEL ADMINISTRATION—Page 50.

93. Personnel administration should be made the full-time responsibility of an assistant superintendent, under the direction of the Superintendent of Schools.

Accomplished.

94. The Board of Examiners should be established by an act of the legislature as a permanent agency.

Not accomplished.

95. The assistant superintendents should be relieved of the duty of rating teachers.

Not accomplished.

96. (a) The Board of Examiners should be given full and unhampered authority to prepare lists of eligibles both for original appointment and promotion on the basis of such tests as it may devise; (b) this process of selection should be followed for all positions below the rank of director.

(a) Authority of Board of Examiners in this regard has been increased.

(b) Rating systems now in effect for all ranks below that of assistant superintendent.

97. Beginning teachers should receive better remuneration to allow them to concentrate on getting off to a good start.

Accomplished.

98. Personnel administration should provide means by which teachers and other workers are helped constantly to move toward greater competence.

In-service training courses, large and active curriculum committees and subject councils, and continual assistance from Department of Practice and Training assist teachers toward greater competence.

99. The Personnel Department when established will administer the intake and release of employees.

Now in operation.

100. The local residence rule should be rescinded.

Accomplished.

101. The study of the salary problem should be the responsibility of the Personnel Department.

An Assistant Superintendent in Charge of Personnel has been appointed since the Strayer Survey. Salary problems have been made his responsibility.

102. Large savings may be effected in the salary budget by establishing the teacher-pupil ratios: elementary—32-33; high school—27; practical arts and vocational schools—23; intermediate schools—27.

In 1953-54 ratios were as follows: elementary schools—30.6; high schools—23.2; practical arts and vocational schools—15; junior high schools—31.2.

103. A basic salary schedule for the regular teaching personnel should be derived. It is only through such a basic schedule that unified policy can be achieved. Essential differentiations can, of course, be made from a basic schedule.

Partly accomplished by adjustments already made in the process of establishing a single salary schedule.

104. The Boston school system should adopt a single salary schedule, based on the educational training and experience of the teaching force, as contrasted with the basing of salaries on position or grade level.

Single salary schedule has been approved by the School Committee.

105. Boston should adopt the principle of equal pay for men and women and then proceed to develop a schedule which recognizes this principle to the greatest extent possible in the light of fiscal limitations. If full recognition of this principle cannot be achieved at once, the School Committee should seek to achieve it by steps, but in terms of a comprehensive plan for doing so.

Accomplished.

106. Salaries for personnel engaged in administrative, supervisory, and special services require a simplification which can stem only from better classification. These salaries should be considered as differentiations from the basic salary schedule. Fewer salary grades for these persons are needed.

Now under consideration.

107. Instructional salary policy ought to be so devised as to cause the large proportion of school money used for personal services to achieve a substantial and observable upgrading in the professional preparation of teachers for their work. This is the most important single outcome of good salary policy.

Provided in single salary policy as enunciated.

Respectfully submitted,
H. W. DWIGHT RUDD, Chairman,
LEO J. DUNN,
EDWARD F. MULLEN,
EDWARD U. LEE,
THE FINANCE COMMISSION.

Wojdakowski in reimbursement for amount of execution issued against him on account of his acts as a member of the Police Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

8. Report on petition of Edwina M. Sullivan (referred October 4, 1954) to be paid an annuity on account of the death of her husband, Frank J. Sullivan, late member of the Fire Department—recommending passage of the accompanying order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws an annuity of fifteen hundred dollars be allowed and paid to Edwina M. Sullivan, widow of Frank J. Sullivan, a member of the Fire Department, who died on August 28, 1954, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department Pensions and Annuities.

9. Report on petition of George F. Scanlon (referred April 25) to be reimbursed as a result of an execution issued against him on account of his acts as an employee of the Sheriff's Office, Suffolk County—recommending passage of the accompanying order:

Ordered, That the sum of three thousand four hundred dollars ($3,400) be allowed and paid to George F. Scanlon in reimbursement for amount of execution issued against him on account of his acts as an employee of the Suffolk County Sheriff's Office, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

The reports were accepted and the orders were severally passed.

COMPENSATION PLAN FOR FIRE FIGHTERS AND POLICEMEN.

Coun. KERRIGAN offered the following:

Ordered, That his Honor the Mayor be requested to give consideration to the adoption of a compensation plan for fire fighters and policemen which will, over a period of time, bring the salaries of these two groups to a point comparable to salaries paid in the larger cities of our country.

Passed under suspension of the rules.

PROCLAMATION OF "HOSPITALIZED VETERANS' DAY."

Coun. McCORMACK offered the following:

Whereas, On Monday, May 23, 1955, there is to be a charity baseball game at Fenway Park, between the Boston Red Sox and the Champions of the World—the New York Giants; and

Whereas, The entire proceeds of this affair are used for the benefit of those veterans who are hospitalized because of injuries or illnesses incurred in the service of their country; and

Whereas, The Boston Red Sox donate the use of Fenway Park and the said Red Sox and Giants provide the services of their baseball players without charge; and

Whereas, This event is staged and sponsored by one of Boston's leading newspapers, the Boston "Record-American" and "Sunday Advertiser," solely to bring comfort and cheer to these hospitalized veterans; and

Whereas, This worthy cause deserves the official cooperation and sanction of the City of Boston and the wholehearted endorsement and support of all the citizens of the City and the Commonwealth; therefore be it

Resolved, That his Honor, the Mayor, proclaim Monday, May 23, 1955, as "Hospitalized Veterans' Day," and take whatever further steps he deems necessary and advisable to insure the financial success of this event.

The resolution was adopted under suspension of the rules.

MANASSAH E. BRADLEY MEMORIAL STADIUM.

Coun. McCORMACK offered the following:

Ordered, That the Commissioner of Parks and Recreation, through his Honor the Mayor, consider the possibility of changing the name of the East Boston Memorial Stadium to the Manassah E. Bradley Memorial Stadium.

Passed under suspension of the rules.

FURTHER DEVELOPMENT OF LITTLE LEAGUE MOVEMENT IN BOSTON.

Coun. FOLEY offered the following:

Whereas, The Little League Movement in Boston is now solidly established in certain areas of the city; and

Whereas, The cooperation between the Little Leagues and the Park Department of the City of Boston has become an outstanding example for cooperation between private groups and the city; be it therefore

Resolved, (1) That a task force be established composed of members of the Boston Advisory Committee of the Little Leagues, with clerical and technical assistance from the Park Department, to contact interested parties (veterans, fraternal, service and social organizations) with a view to establishing Little Leagues in those parts of the city not now serviced by Little Leagues, notably Roxbury, certain parts of Dorchester and Charlestown;

(2) That an article ought to be prepared by the Recreation Division of the Park Department for national publication, if possible, explaining the present excellent system of coordination and cooperation between the Park Department and the private Little Leagues, both for the helpful ideas such article would contain and for the credit which would accrue to the City of Boston, in some measure balancing the harsh criticism to which the city is constantly subjected.

The resolution was adopted under suspension of the rules.

RESURFACE CENTRE STREET, AT BELGRADE AVENUE, WEST ROXBURY.

Coun. HAILER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to immediately restore the surface of Centre street West Roxbury, at the junction of Belgrade avenue, where an opening was made by a public service corporation.

Passed under suspension of the rules.

SEWERAGE FACILITIES ON HALE AND EMMET STREETS, HYDE PARK.

Coun. HAILER offered the following:

Ordered, That the Department of Public Works, through his Honor the Mayor, be requested to install sewerage facilities on Hale and Emmet streets, Hyde Park.

Passed under suspension of the rules.

TELEPHONE INSTRUMENT IN CITY CLERK'S OFFICE.

Upon receiving unanimous consent Councillor Foley made a statement calling attention to the fact that visitors to Boston might be interested to know that in the City Clerk's office is a telephone still in active use which is one of the earliest installed in the City of Boston.

RESURFACING OF BAKER STREET, WEST ROXBURY.

Coun. McCORMACK, WHITE, and HAILER offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface Baker street, between Spring and Centre streets, West Roxbury.

Passed under suspension of the rules.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 47 SATURDAY, MAY 28, 1955. NO. 22

REPORT OF ROBERT C. SCHIMMEL, RADIO CO-ORDINATOR, VISUAL AND RADIO EDUCATION, ON ATTENDANCE AT TWENTY-FIFTH ANNUAL RADIO-TV INSTITUTE, AT OHIO STATE UNIVERSITY, COLUMBUS, OHIO, APRIL 11 TO 15, INCLUSIVE.

The following is the report on attendance at the twenty-fifth anniversary meeting of the Institute for Education by Radio-TV under the auspices of Ohio State University, Columbus, Ohio, April 11-15, by Robert C. Schimmel, Radio Co-ordinator, Boston Public Schools:

The keynote this year was "The Shape of Things to Come." Ordinarily, "catch phrases" can be innocuous or at best mere indications of general trends of conversation, but, strangely enough, the immediate truth of the saying was made manifest when we were told to be prompt (Tuesday, April 12) in leaving the ballroom of the Deshler-Hilton Hotel (5 P.M.), since a conclave of Columbus doctors were moving in to see a closed-circuit telecast, coast to coast, on the techniques for administering the Salk vaccine—the electrifying news of the success of which had just been announced to the world. REPORT OF AGNES K. BRENNAN, DIRECTOR, DEPARTMENT OF DISTRIBUTIVE EDUCATION, ON ATTENDANCE AT CONVENTION OF THE EASTERN BUSINESS TEACHERS ASSOCIATION IN PHILADELPHIA, APRIL 6 TO 9, INCLUSIVE.

The following is the report of Agnes K. Brennan, Director of Distributive Education, on attendance at the Eastern Business Teachers Association Convention at the Bellevue Stratford Hotel, Philadelphia, Pennsylvania, April 6 to 9:

"Today's Business and the 3 R's," the theme of the convention, was developed by speakers at the sectional and general meetings.

On Thursday, the topic of the Administration and Supervision in Business Education Section meeting was "Planning for Proper Attention to the 3 R's in Business Education." Wesley E. Scott, City Director of Commercial and Distributive Education, talked of the Philadelphia program, which closely resembles the Boston program.

REPORT OF DIRECTOR OF DEPARTMENT OF DISTRIBUTIVE EDUCATION.

(*Continued from page 661.*)

The Distributive Education Section meeting presented a panel of store personnel representatives and teacher-coordinators. They developed the theme "How Can Distributive Education Apply the 3 R's to Meet the Needs of Workers in a Metropolitan Area?" The question and discussion period was excellent.

At the general meeting on Saturday morning a stimulating presentation on the "3 R's—Reading, Riting, Rithmetic" made it clear that our high school business education courses have gradually moved away from teaching the fundamentals. The three speakers, experts in their fields, challenged secondary school teachers to adopt procedures for teaching the 3 R's which are successful in elementary education. C. Newton Stokes of Temple University presented statistics which partially explained the fundamental arithmetic weaknesses which constantly plague high school pupils and teachers.

Raymon Kistler gave an excellent keynote address, "Teaching the Business of Living." Bryan Blalock, the banquet speaker, gave an entertaining and inspirational talk, "The 5 in '55."

REPORT OF RADIO COORDINATOR, DEPARTMENT OF VISUAL AND RADIO EDUCATION.

(*Continued from page 661.*)

such a dramatic fashion, therefore, was the fact borne home to all attending the Institute that in television, the medium to be discussed at so many of our meetings, lay the answer to mass education either in emergency or in daily life. The thought-provoking fact was: When in the history of man had there been the chance in time of somewhat national emergency to indoctrinate so many men at one time with the exact procedure necessary for the entire number to work in unison? Indeed, we had been given concrete proof of "The Shape of Things to Come." How this great mass medium could be utilized became the subject for much talk and argument.

Highly interesting to me were specific instances of what some great metropolitan areas are doing to utilize television, now so commonly called "our great educational tool." Mr. Uberto Neely, general manager of Station WCET (all educational TV stations incorporate the letter "E" in their call letters), brought out how his Cincinnati station was cooperating with Mr. Mendal Sherman, Audio-Visual Director of the Cincinnati public schools. Mr. Sherman informed us that in-school viewing was done at all levels (all schools have TV receivers) and included about one hour viewing per day, though not at all levels. Thus, grades two to four might be covered with a special telecast one day, while on another the high schools might be favored. Mr. Sherman mentioned numerous problems, one of which was the fact that out-of-school listening scarcely exists due to the station's being UHF (Ultra High Frequency). (UHF requires special converters to the regular TV set). Cincinnati programs beamed to the schools cover for the most part any

material not readily available to the schools (field trips, museum excursions, and the like).

Mr. James McAndrew, director of the New York schools' broadcasting activities, took up particular problems of the New York system, which (like ours, so far) is compelled to outlet through a commercial station. However, Mr. McAndrew admitted that his schools were in an advantageous position due to the many TV stations in New York, the independents of which have been most anxious from the very beginning to give them time and to experiment. Specifically, he brought out the problems of some of the series he has had on the air and broke down some figures for his "Camera Three" (released over and in conjunction with WCBS-TV). Mr. Robert Herridge, producer of the program, explained how they used professional actors, little scenery, and created the weekly series on a "peanut budget." The many educators were somewhat taken aback when the so-called "peanut budget" turned out to be a sum equal to about $2,000 per week. Mr. McAndrew mollified us (slightly) by telling us that New York's other series, "Living Blackboard," was really a small budget, never amounting to much more than $200 per week and was achieved by the use of teachers and pupils of the New York school system. However, he did say that the series, "Living Blackboard" was highly expensive in time hours of those involved.

From the viewpoint of the college-owned TV station, Mr. William Harley, program manager of the University of Wisconsin's station, gave a fascinating report concerning the case history of his station's production of Euripides' "Medea," an offering which won acclaim from many viewers (Mr. Harley's words). Since his presentation took most of one afternoon session, I'll merely give the high lights here.

1. Size of stage upon which "Medea" was produced: 15 feet by 30 feet (a converted science laboratory that in its meagerness created many camera difficulties).
2. Man power hours: nearly a thousand.
3. Departments of the University of Wisconsin involved:
   a. Speech.
   b. School of Acting.
   c. School of Music.
   d. Literature Department.
   e. Script-Writing Department.
   f. TV and Radio Production Department.
   g. Department of Scenic Design.
   h. Art Department (also covered costuming).
4. Cost of production: Around $250 (substituting as they did time hours and ingenuity for money).

This report was Mr. Harley's answer to Mr. Herridge's that he agreed TV shows could consume many man hours, but need not necessarily consume large amounts of money. Mr. Herridge countered with the assumption that if all the time hours of the professors involved were included, the figure might be startling.

Mr. George Biersack of Dayton University (outletting over a commercial station) said that halfway between "Camera Three" and "Medea" probably lay the happy medium for all of us. General conversation, however, proved that:

1. Producing TV programs, even on a small scale, is expensive.
2. That, since so many "man hours" plus the "know-how" are involved, salary scales for school producers must of necessity be "upped" to attract the caliber of man necessary.
3. That TV cannot be produced with a visual department manned at the radio (AM) production level, nor can it be maintained at the radio budget level.

Dr. David D. Henry, vice chancellor of New York University, and soon to be president of Illinois University, said at the annual dinner that two types of school telecasts now exist and will continue to exist: those aimed at educating within the school and those aimed at reaching the child in his home. This presents a great challenge, since there are now (late 1954 figures) 15,000,000 Americans living within the range of educational television stations. His speech was heartening, because he left us somewhat firmer in the belief that, even in spite of budget problems, man-hour difficulties, and often lack of proper facilities, educational television will forge ahead. Two years ago (his words) what was a dream has now become a reality. Our own Channel 2 here in Boston is an example. But he warned to make haste slowly. Color TV is more impressive, and he told us not to load our schools with sets that may soon become archaic.

Our other distinguished speaker was Mr. George C. McConnaughey, chairman of the Federal Communications Committee, whose keynote speech told us that our very security depends upon our educational system. "We must not store up treasures in warehouses but must develop our minds so that we can stay ahead of others. Any forward step involving the many facets of our educational system should be encouraged, because our entire future stability and existence is only as sound as our educational system. I feel the minimum amount of regulation in your field will provide you with the maximum amount of opportunity." He said educational knowledge could best be given to our children and our people through the media of radio and television.

Dr. Leon Levine, director of radio and TV, Columbia University (and one of our own English High School graduates, I proudly mention), carried the torch during all sessions for AM radio, pointing out that radio has a distinct job and can do that job better than TV. He gave facts and figures for the New York area showing that more than 40,000 people subscribed to courses given by Columbia University —thus proving, he said, that content matter can be given by the voice alone without the aid of seeing the lecturer.

The many sessions were graced by numerous well-known people, including Miss Frieda Hennock, FCC member, and Mr. Paul Walker, former chairman of the FCC. Outstanding Kines (films of telecasts), representing educational systems in various parts of the country, gave us an idea of what actually was being aired throughout the nation.

1. "Inquiry"—KPIX (San Francisco), University of California.
2. "Save Our Soil"—CBC (Canadian Broadcasting Company), Mr. R. Lambert.
3. "Walker in the City"—KETC (St. Louis).
4. "Princeton, '54"—WRCA-TV (New York City).
5. "Farm"—WAVE-TV (Louisville).

The many fruitful sessions and discussions brought me in thought to our Boston problems. I saw what others are doing and have done. What will it be our privilege to do with whatever time is given us on Channel 2? Will we be given time? Time and our budget and our salaries will tell. Meanwhile, we will not abandon radio.

EXTENSION OF CONTRACTS.

CIVIL DEFENSE.

An extension of time for the contract dated September 14, 1954, calling for repair of structural damage caused by the hurricane of August 31, 1954, has been given to the B. Feneno Company, to the date of December 31, 1954, because of the delay in the purchase and delivery of equipment, in addition to the fact that more time than could be foreseen at the date of issuance of the contract has been required at each of the separate 119 locations. Inclement weather conditions further hampered the completion of repairs.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Charles Todesca, 100 Roslindale avenue, Roslindale, for sheet asphalt pavement in Summer street and Washington street and artificial stone sidewalks in Washington street, from May 31, 1955, to July 30, 1955. This extension was requested because the contractor was delayed by inclement weather during the early spring.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

J. D'Amico, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Ansonia road, Bowditch road, Cricket Lane, Highfield road, Ledgewood road, and Searle road, dated October 5, 1954:

In Highfield road, furnish and place approximately 10.5 tons of stone dust in sidewalk area at $3 per ton. Estimated cost of extra work, $31.50.

STREET CONSTRUCTION IN DORCHESTER.

The Public Improvement Commission has ordered that a public improvement be made, consisting of the widening and construction of Dorchester avenue, South Boston district, at the northwesterly corner of Southampton street, and named, bounded and described as follows:

The highway named Dorchester avenue is hereby widened at the northwesterly corner of Southampton street and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees, shrubs or structures standing upon or affixed thereto.

A parcel of land, supposed to belong to Blanchard Mottie Company, Inc., bounded:

Easterly by the westerly line of Dorchester avenue as it existed prior to this order by two measurements, 3.19 feet and 27.94 feet; westerly by the westerly line of Dorchester avenue as widened under this order, 54.24 feet on a curve of 50 feet radius; southeasterly by the northwesterly line of Southampton street, 28.61 feet, containing 149 square feet, more or less.

Trees, shrubs or structures standing upon or affixed to the aforedescribed land, shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Dorchester avenue as hereby widened is bounded:

Easterly by the westerly line of Dorchester avenue by two measurements, 3.19 feet and 27.94 feet; westerly by the westerly line of Dorchester avenue, 54.24 feet on a curve of 50 feet radius; southeasterly by the northwesterly line of Southampton street, 28.61 feet.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this commission determines that the undermentioned estate sustains damages by the making of the public improvement, consisting of the widening and construction of Dorchester avenue, South Boston, at the northwesterly corner of Southampton street, under the order of the commission of May 18, 1955, in the amount hereinafter mentioned, and awards said amount therefor.

Blanchard Moffie Company, Inc., 149 square feet, $1.

POLICE DEPARTMENT ORDERS.

General Order No. 2047.

Acting under provisions of chapter 658, Acts of 1945, section 7, as amended (State-Boston Retirement System), the Boston Retirement Board has approved for retirement on account of accidental disability the following-named police officer, effective at the close of business, Tuesday, May 31, 1955.

In view of this operation of law, after May 31, 1955, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended:

Capt. John D. Ahern, Division 11.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

LAND-TAKING FOR SCHOOL PURPOSES.

The Public Improvement Commission has ordered that due notice be given that this commission is of the opinion that public necessity requires the taking of approximately 8,969 square feet of land, for school purposes, on Mt. Vernon street, Dorchester district, supposed to belong to Boston College High School, substantially as shown on a plan in the office of this commission, that it intends to pass an order for making said taking, and that it appoints 10 o'clock A.M. of March 16, 1955, and the office of this commission, 401 City Hall Annex, as the time and place for a public hearing in the matter.

A true copy of an order passed by said commission on said day.

Attest:

MICHAEL J. CORRAO,
Secretary.

IN PUBLIC IMPROVEMENT COMMISSION,
CITY OF BOSTON, APRIL 27, 1955.

Whereas, The Public Improvement Commission has passed the aforesaid order of notice and has caused a copy of said order to be published March 4, 5, 7, 8, 1955, in the Boston *American* and the Boston *Globe,* and March 5, 1955, in the *City Record,* and has given the public hearing, notice of which was given in said order; and

Whereas, The Department of School Buildings of the City of Boston, with the approval of the Mayor, has selected, designated, and requested the Public Improvement Commission of said city to take for said city for Department of School Buildings purposes the land hereinafter described, in that part of Boston formerly Dorchester; it is

Voted, That the Public Improvement Commission of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for school purposes, the following described parcels of land, including the trees, buildings, and other structures standing upon or affixed thereto.

A parcel of land, supposed to belong to Boston College High School, shown as Parcel 5 on a plan hereinafter referred to, bounded:

PROCEEDINGS OF CITY COUNCIL.

Monday, May 16, 1955.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair, and all the members present.

The Reverend James M. Gibbons, of Our Lady, Comforter of the Afflicted, Roman Catholic Church, Waltham, was escorted to the rostrum.

INVOCATION BY REV. JAMES M. GIBBONS.

I pray Thee, O Lord, to guide these men in their dealings and negotiations for the City of Boston. Please, God, in their personal dealings with one another, may they be guided by charity so that each man will accomplish what he hopes will be best for the City of Boston. May they realize, perhaps, their shortcomings and be charitable in their dealings with one another.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

EXCLUSION OF CERTAIN HOUSING UNITS FROM OPERATION OF CHAPTER 247 OF THE ACTS OF 1955.

The following was received:

City of Boston,
Office of the Mayor, May 16, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Corporation Counsel concerning your order of May 2, 1955, relative to drafting emergency legislation, excluding those units built under chapter 372 of the Acts of 1946 from chapter 247 of the Acts of 1955.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Law Department, May 16, 1955.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

Ten days ago you transmitted to me a copy of the order passed by the City Council on May 2, 1955, reading as follows:

"Ordered, That the Corporation Counsel be directed, through his Honor the Mayor, to draft emergency legislation, excluding those units built under chapter 372 of the Acts of 1946 from chapter 247 of the Acts of 1955."

This is to report that, since there is already pending before the General Court's Committee on Mercantile Affairs House No. 2796, which would appear to cover the matter adequately, no further draft of legislation is necessary.

Respectfully,
WILLIAM L. BAXTER,
Corporation Counsel.

Placed on file.

MANASSAH E. BRADLEY MEMORIAL STADIUM.

The following was received:

City of Boston,
Office of the Mayor, May 16, 1955.

FURTHER DEVELOPMENT OF LITTLE LEAGUE MOVEMENT IN BOSTON.

The following was received:

City of Boston,
Office of the Mayor, May 16, 1955.

To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Parks and Recreation concerning your order of May 9, 1955, relative to the interest of various societies and organizations in the establishment of Little Leagues in other sections of the city.

Respectfully,
J. B. HYNES, Mayor.

—

City of Boston,
Parks and Recreation Department,
May 13, 1955.

Harold B. Flemming,
Chief Clerk, Mayor's Office.
Dear Sir:

This will acknowledge memo from your office with attached order from Councillor Foley, setting forth that there has been splendid cooperation between the Little League officials and the authorities in the Parks and Recreation Department and that both groups should be commended.

The order further states that members of the Little League and the Park Department should endeavor to interest various societies and organizations in establishing their own Little Leagues in sections of the city and that the work between the Park Department and the Little League should be publicized in various sections of the country.

This matter will have our attention.

Very truly yours,
FRANK R. KELLEY, Commissioner.

Placed on file.

REPORT OF ELIZABETH H. GILLIGAN, DIRECTOR, DEPARTMENT OF FINE ARTS, ON ATTENDANCE AT NATIONAL ART EDUCATION ASSOCIATION CONFERENCE IN CLEVELAND, OHIO, APRIL 11 TO 15, INCLUSIVE.

The following is the Art Director's report on her attendance at the National Art Education Association Conference in Cleveland, Ohio, April 11-15:

"Art Education, a Frontier for Freedom" was the theme of the third biennial National Art Education Association Conference held at the Hotel Statler, Cleveland, Ohio, April 11 through 15, 1955.

On Monday and Tuesday I attended the preconvention workshops for directors of art in cities with a population of 200,000 and over. The subdivision of this workshop group with which I worked was concerned with the problems of curriculum development and implementation. From the two days of discussion some of the criteria evolved are as follows: attractive format; clear statement of philosophy; some sort of

PUBLIC IMPROVEMENT COMMISSION PLANNING TO WIDEN AND RELOCATE PART OF CUMMINS HIGHWAY IN VICINITY OF BROCKTON STREET, DORCHESTER, TO IMPROVE TRAFFIC CONDITIONS.

The Public Improvement Commission has made plans for a public improvement consisting of the widening and relocation of Cummins Highway in Dorchester, between Brockton street and the New York, New Haven & Hartford Railroad (Midland Division). The changes will make for an improvement in traffic conditions along the highway. The order of the commission reads as follows:

The Public Improvement Commission has ordered that a public improvement be made, consisting of the widening and relocation of Cummins Highway, Dorchester district, between Brockton street and the New York, New Haven & Hartford Railroad (Midland Division), bounded and described as follows:

The highway named Cummins Highway is hereby widened and relocated between Brockton street and the New York, New Haven & Hartford Railroad (Midland Division).

MAYOR JOHN B. HYNES PLEASED MOTOR PARK, INC., READY TO SIGN FORMAL CONTRACT AND LEASE WITH CITY PROVIDING FOR CONSTRUCTION OF AN UNDERGROUND GARAGE BENEATH BOSTON COMMON—LAWYER NAMED TO DRAFT CONTRACTS AND LEASE—WORK TO START IN NEAR FUTURE BY PRIVATE CONCERN.

The Mayor's statement and the letter from Motor Park, Inc., follow:

I have been formally notified that Motor Park, Inc., is now prepared to sign immediately a formal contract and lease with the city providing for the construction of an underground garage beneath Boston Common.

I have been also notified that work on the construction of the garage will be started within ninety days after the formal contract and lease are signed by the City of Boston and Motor Park, Inc.

This notification was sent to me by Winthrop R. Scudder, vice president of Motor Park, Inc., at 1 Court street, Boston.

Needless to say, I am delighted with this action and with this assurance that work will be started within the near future on the Common garage which would mean so much to the future of Boston.

While a bill is now pending before the State Senate calling for the creation of a public authority to build a Common garage, I would much prefer that the construction of the garage be financed with private capital rather than with public funds and that it be privately operated.

That always has been my position and is still my position. I had the bill filed in the Legislature only so that the garage might be built by a public authority in the event that it were not possible to build it privately.

To Confer on Contract.

I will direct the Corporation Counsel to confer with the attorneys for Motor Park, Inc., so that a formal contract and lease may be signed as expediently as possible.

The start of construction on the Common garage would, in my opinion, be one of the most significant steps, and perhaps the most notable single step, that has been taken during my five and a half years as Mayor.

The Common garage not only would help to meet our critical downtown parking problem, but it should also contribute tremendously to the future prosperity and well-being of our city.

With the Central Artery and the network of highways outside of Boston making it easy for motorists to reach our downtown shopping section, and with the Common garage and other off-street parking facilities providing convenient places for them to leave their cars, I can see far brighter years ahead for the city — years that should bring greater business and increased employment opportunities for our people.

I am certain that everyone in Boston will join in my gratification over the fact that it now appears that this long-awaited improvement is to become a reality.

The notification which I received from Motor Park, Inc., read as follows:

(*Continued on page 683.*)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

REPORT OF DIRECTOR, DEPARTMENT OF FINE ARTS.

(Continued from page 681.)

growth and development chart indicating age level expectancies; flexibility of interpretation. The consensus was that, ideally, curriculum development should be a continual process, and that the process of producing the curriculum was as valuable as the final product. An excellent display of good recent curriculum guides supplemented these discussions.

On Wednesday morning Dr. William Milliken, Director of the Cleveland Museum of Fine Arts, gave an inspiring keynote address, "Art Education, a Frontier for Freedom." Dr. Milliken reminded the group that art is what it it today because of the past, and that art educators and museum people must transmit this past, using appreciation studies "as tools that lay bare the future, not freeze the present in the past." He particularly emphasized the need of keeping an open mind and of willingness to see another point of view, pointing out that, taught in this way, art history can develop tolerant and sympathetic attitudes. In the subsequent panel discussion the following are a few of the timely points made: that art as "the creation of the human spirit" is essentially democratic and cannot flourish under a dictatorship; that there must be order in freedom, however, and education must show where freedom's limitations are overstepped and must help students to develop judgment.

The conference work groups considered the problems of improving art instruction. The discussions I attended were concerned with improving the school art program on the high school level. Some of the subjects touched upon were sources of curriculum material, time allotments, and the general lack of art study opportunities for the academic student.

All of the speakers at the general sessions spoke on different aspects of the convention theme. Opening the second session, author Bradford Smith spoke on the subject of "Culture and Politics," basing his talk on the idea that culture—in its original meaning "tilling"—is concerned not with the froth of civilization, but with the grass roots, and consists of those things we do as men as distinguished from animals. Foremost among these things he places the arts, and he considers creative originality the distinguishing characteristic of the artist from the scientist. American life, he considers, has made two distinct contributions to the arts. First of all, more than in any other country or era, art in our country is the art of the people—from the colonial quilting bees to the present-day community buildings. Our second distinct contribution is that we are all immigrants with contributions from all cultures. The extent to which our country can carry forward this cultural cross-pollination will be the measure of its greatness.

At the third general session Dr. Melvin Tumin of Princeton University, talking on "Art Education and Creative Social Life," also made the point that it is in creative experience that man is most separated from the beast. He spoke of the three levels of social interrelation, namely, all against all, with mutual hostility and antagonism; simple coexistence or mutual exploitation; and the third, creative mutual participation whereby each one is enriched by the experience. This third must be our aim as educators. He warned against overdoing the idea of adjusting. He stressed the need for keeping the spirit of inquiry and for training our students to ask the critical question, "Is it good, valuable, and true?" and to select and relate themselves, even at the price of pain, only to that which is good, true, and beautiful.

At the fourth general session Mr. Edwin Ziegfield, President of INSEA, speaking on "New Frontiers for Art Education," pointed out what art can do as a means of developing needed human values in overscientific and materialistic civilizations and what contribution it can make to international understanding.

At the concluding general session Senator Wayne Morse addressed the convention on the subject of "Freedom and Today's Citizen." His main point was that we must develop the capability as well as the right of freedom of choice.

On both Wednesday and Thursday there were opportunities to view the fine exhibits of the art work of the schools in the Cleveland area and to view and participate in the demonstrations by pupils, teachers, and professionals of the many media possible for school use. I was able to bring back colored slides of the demonstrations and exhibits for further study.

On Friday two other phases of art education were seen during visits to the Cleveland Museum and Karamu House, an interracial community center with a rich program of the arts centered around the theater. A Festival of Arts provided by music and dance groups from the Cleveland schools and national cultural groups presented another colorful phase of the arts.

The National Art Education Association Convention at Cleveland was a great success, with over 2,000 in attendance and with a stimulating, thought-provoking program. I consider it a great privilege to have had the opportunity to attend and to discuss problems and projects with art educators from all over the country.

MOTOR PARK, INC., READY TO SIGN FORMAL CONTRACT AND LEASE FOR UNDERGROUND GARAGE BENEATH BOSTON COMMON.

(Continued from page 681.)

Motor Park, Inc.,
1 Court Street,
Boston, Mass., May 26, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This will formally notify you that Motor Park, Inc., a Massachusetts corporation, in accordance with the terms of an agreement originally dated July 2, 1946, and subsequently extended from time to time, is now prepared to sign immediately a formal contract and lease with the City of Boston providing for the construction of a garage under the surface of Boston Common, pursuant to authority granted by Statutes of 1946, chapter 294.

Within ninety days of signing of such formal contract and lease Motor Park, Inc., will commence the construction of the said garage and will carry out in all respects the terms of the formal contract and lease.

Very truly yours,

MOTOR PARK, INC.,
WINTHROP R. SCUDDER,
Vice President.

PUBLIC IMPROVEMENT COMMISSION TO WIDEN AND RELOCATE PART OF CUMMINS HIGHWAY.

(Continued from page 681.)

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Pietro Camozzi, bounded:

Southerly by the northerly line of Cummins Highway as it existed prior to this order, forty-eight and 66/100 feet; northwesterly by the southeasterly line of Woodhaven street as it existed prior to this order, thirty-five and 00/100 feet; easterly and northeasterly by the easterly and northeasterly line of Cummins Highway as widened and relocated under this order by two measurements, thirty-three and 12/100 feet on a curve of 18.53 feet radius and twenty-one and 83/100 feet on a curve of 258.60 feet radius; containing three hundred ninety-four square feet, more or less.

A parcel of land, supposed to belong to John J. Steele, bounded:

Southeasterly by the northwesterly line of Woodhaven street, as it existed prior to this order, nineteen and 88/100 feet; southerly by the northerly line of Cummins Highway as it existed prior to this order, one hundred thirty-one and 87/100 feet; northwesterly by land hereinafter described as taken from Theresa Melone, four and 61/100 feet; northerly by the northerly line of Cummins Highway as widened and relocated under this order by two measurements, one hundred twenty-nine and 18/100 feet and eleven and 90/100 feet on a curve of 11.09 feet radius; containing one thousand seventy-four square feet, more or less.

A parcel of land, supposed to belong to Theresa Melone, bounded:

Southeasterly by land hereinbefore described as taken from John J. Steele, four and 61/100 feet; southerly by the northerly line of Cummins Highway as it existed prior to this order, sixty-nine and 90/100 feet; northerly by the northerly line of Cummins Highway as widened and relocated under this order, seventy-one and 99/100 feet; containing one hundred forty-six square feet, more or less.

Said Cummins Highway as hereby widened and relocated is bounded:

Northwesterly by another portion of Cummins Highway at the intersection of Brockton street, eighty-eight and 49/100 feet; northerly by the northerly line of Cummins Highway by three measurements, eighty and 00/100 feet, two hundred-one and 17/100 feet, eleven and 90/100 feet on a curve of 11.09 feet radius; again northerly by Woodhaven street, fifty-two and 45/100 feet; easterly and northeasterly by the easterly and northeasterly line of Cummins Highway

by two measurements, thirty-three and 12/100 feet on a curve of 18.53 feet radius and forty-nine and 35/100 feet on a curve of two hundred fifty-eight and 60/100 feet radius; southeasterly by another portion of Cummins Highway, eighty and 00/100 feet; southwesterly and southerly by the southwesterly and southerly line of Cummins Highway by two measurements, seven and 33/100 feet and three hundred ninety-nine and 31/100 feet.

For the making of the aforesaid improvement, easements are hereby taken in the following described land, for the right to slope or bank the filling where required for the grading of said Cummins Highway:

A parcel of land, supposed to belong to John J. Steele, bounded:

Southerly by the northerly line of Cummins Highway as widened and relocated under this order by two measurements, one hundred twenty-nine and 18/100 feet and eleven and 90/100 feet on a curve of 11.09 feet radius; southeasterly by the northwesterly line of Woodhaven street, thirty-seven and 00/100 feet; northerly by other land of said John J. Steele, one hundred forty-six and 31/100 feet; northwesterly by land hereinafter described as taken from Theresa Melone, twenty-three and 16/100 feet; containing three thousand nine hundred sixty-five square feet, more or less.

A parcel of land, supposed to belong to Theresa Melone, bounded:

Southerly by the northerly line of Cummins Highway as widened and relocated under this order, seventy-one and 99/100 feet; southeasterly by land hereinbefore described as taken from John J. Steele, twenty-three and 16/100 feet; northerly by other land of said Theresa Melone, eighty-four and 01/100 feet; and westerly by other land of said Theresa Melone, ten and 00/100 feet; containing one hundred fifty-one square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforedescribed land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this commission, having passed the order of notice relating to the public improvement hereinafter described, and having caused a copy of said order to be published March 18, 19, 21, and 22, 1955, in the Boston *Globe* and the Boston *American*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public necessity and convenience requires, does hereby order that specific repairs be made in Cummins Highway, Dorchester district, between Harvard street and the New York, New Haven & Hartford Railroad (Midland Division), consisting of the installation of a traffic divisional island and the relocation of the existing sidewalks at the intersection of Greenfield road, as shown on a plan marked "City of Boston, Cummins Highway, Dorchester, May 16, 1955, James W. Haley, Chief Engineer, Survey Division, Public Works Department," and on file in the office of said department.

Voted, That this commission determines that the undermentioned persons sustained damages in their estates by the making of the public improvement consisting of the widening and relocation of Cummins Highway, Dorchester district, between Brockton street and the New York, New Haven & Hartford Railroad (Midland Division), and the taking of an easement for sloping purposes, under the order of the commission of May 25, 1955, in the amounts hereinafter mentioned, and awards set amounts therefor.

Pietro Camozzi, 394 square feet, $1.
John J. Steele, 1,074 square feet, $1.
John J. Steele, 3,965 square feet, $1.
Theresa Melone, 146 square feet, $1.

SUMNER TUNNEL TRAFFIC BREAKS RECORD FOR SINGLE DAY, 39,556 VEHICLES USING TUBE.

On May 31, Commissioner George G. Hyland issued the following statement:

On last Friday, May 27, a record-breaking 39,556 vehicles used the Sumner Tunnel in going to and from Boston and East Boston. This establishes a new record for the number of vehicles using the tunnel in a single day, and I believe establishes a record throughout the entire country for the number of vehicles using a similar facility.

Our facility comprises a two-directional, single tube tunnel, whereas tunnels such as the Holland and Lincoln in New York City have single tubes, with traffic going in the same direction.

In 1951, 11,081,000 vehicles used the tunnel, and it is expected that in excess of 11,500,000 vehicles will use it during the current year.

The tunnel has been opened to traffic since June 30, 1934.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.
Purchasing Division.

BOSTON, APRIL 29, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of an estimate of approximately one hundred (100) Royal typewriters, 11 inches to 16 inches, to be purchased as requested with equipment loan funds.

The Royal Typewriter Company, Division of Royal McBee Corporation, has submitted prices on various sizes of typewriters, which prices are subject to change with thirty days' notice. The approximate total amount will be $19,750, less discount of $10 per machine, making a net total of $18,750. This total is exclusive of federal tax, from which the City of Boston is exempt on presentation of an exemption certificate.

Inasmuch as the Royal Typewriter Company, Division of Royal McBee Corporation, is the manufacturer of Royal typewriters, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to this company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be $19,750, less discount of $10 per machine, making a net total of $18,750.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, May 17, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Parks and Recreation Department for four (4) Walter, Model FZM, Specification T-80, positive four-wheel drive combination heavy-duty trucks with equipment as specified. The Parks and Recreation Department has practically standardized on Walter equipment owing to the fact that they have found it to be the best heavy-duty equipment for the type of work which must be performed by them, as stated in the attached copy of a letter received from the commissioner of that department.

Charles H. Wood, doing business as Charles N. Wood Company, is the New England distributor for this equipment. Inasmuch as this company is the direct factory representative in this area, it is my opinion that no advantage would be gained by publicly advertising for bids.

It is therefore requested that permission be granted me to dispense with publicly advertising for bids and award a contract, without public advertisement, to Charles H. Wood, doing business as Charles N. Wood Company, for four (4) Walter, Model FZM, trucks at $11,900 each, less allowance on four (4) used units at $1,200 each.

Approximate total amount of contract will be $47,600, less trade-in allowance on four (4) used units, $4,800, making a net total of $42,800.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—

BOSTON, May 19, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Each year the Boston City Hospital requires various amounts of equipment for use in the Fenwal laboratory for preparing blood plasma and intravenous fluids. The amounts of equipment required cannot be accurately estimated, due to the fluctuation in the number of patients requiring this type of treatment.

Macalaster Bicknell Parenteral Corporation, who is the only distributor and source of supply in New England, has submitted a price list less 10 per cent trade discount, net, thirty days. It is estimated that approximately $13,000 will be expended from June 1, 1955, to March 31, 1956, for Fenwal laboratory equipment.

Inasmuch as Macalaster Bicknell Parenteral Corporation is the only source of supply, it is my opinion that no advantage would be gained by publicly advertising for prices. Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Macalaster Bicknell Parenteral Corporation for furnishing approximately $13,000 worth of Fenwal laboratory equipment to the Boston City Hospital at list prices less 10 per cent, to be delivered as requested, from June 1, 1955, to March 31, 1956.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—

BOSTON, May 24, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of two requisitions from the Boston City Hospital for a total of sixteen (16) gross of Fremont Smith needles to be delivered immediately. These needles are manufactured only by the Randall Faichney Corporation.

Inasmuch as the Randall Faichney Corporation is the only manufacturer of the needles requested, authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to this company. It is my opinion that no advantage would be gained by publicly advertising for bids.

Approximate total amount of contract for sixteen (16) gross Fremont Smith square-type needles at $72 per dozen, less 40 per cent, will be $8,294.40, less 2 per cent discount, time of payment.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON RENT BOARD.

BOSTON, April 26, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On behalf of the Board, I respectfully request your authorization to dispense with a public invitation for proposals in the *City Record* and to enter into a contract, covering the period April 1, 1955, to December 31, 1955, with Dwyer Office Equipment Company, 587 East Broadway, South Boston, Mass., for the rental of various office machines, including typewriters, at a monthly cost of $235, a total cost for the contract period of $2,115.

This firm has furnished these machines for use of our personnel from the very beginning and has cooperated with us in every way. Furthermore, the contractor's adjustment, repair, and replacement services have been carried out promptly and efficiently. In addition, their monthly rates are fair, and con-

sistent with those being charged in this area by others for such machines.

In view of the foregoing, it is not felt that publicly inviting bids would be of avail in the present instance.

Very respectfully yours,

EDWARD W. O'HEARN,
Chairman, Boston Rent Board.

HOSPITAL DEPARTMENT.
Sanatorium Division.

BOSTON, May 16, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

YOUR HONOR:

Your approval is respectfully requested to engage the services of the J. M. McCusker Associates for engineering services in connection with renovations and alterations to the steam heating, plumbing, and electrical wiring systems in various buildings at the Sanatorium Division.

Your approval is also respectfully requested to dispense with advertising because of the professional nature of the services involved.

The estimated cost of this work is $60,000. The J. M. McCusker Associates are to be paid a fee equal to 10 per cent of the actual cost of the above work, subject to the approval of the provisions of the contract for said services.

This matter was approved by the Board of Trustees at a meeting held on May 6, 1955.

Respectfully submitted,

RICHARD J. CONDON,
President, Board of Trustees, Hospital Department, and of Boston City Hospital.

LIBRARY DEPARTMENT.

BOSTON, May 23, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees of the Public Library respectfully request the approval of your Honor for the award of a contract, without public advertising, to the Library Service Division of Bro-Dart Industries, 59 East Alpine street, Newark, New Jersey, for the purchase of rigid back transparent front and spine de luxe binders for reading room periodicals.

Since these binders are patented items and can be obtained only from the Library Service Division of Bro-Dart Industries, no useful purpose would be served in advertising for bids. The trustees have therefore

"*Voted*, That there be awarded, without public advertising, to the Library Service Division of Bro-Dart Industries, 59 East Alpine street, Newark, New Jersey, a contract for the purchase of rigid back transparent front and spine de luxe binders for reading room periodicals, in an amount not to exceed three thousand one hundred and five dollars and thirteen cents ($3,105.13)."

Inasmuch as the total cost for the binders will exceed one thousand dollars ($1,000), there is respectfully requested permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

MILTON E. LORD,
Director.

BOSTON, May 23, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees of the Public Library respectfully request the approval of your Honor for the award of a contract, without public advertising, to the McBee Company, 367 Boylston street, Boston, for the purchase of Keysort book loan cards.

These cards are needed in connection with the new charging system which has been in effect since January, 1952. The cards are proprietory items and can be purchased only from the McBee Company. The trustees have therefore

"*Voted*, That there be entered into, without public advertising, with the McBee Company, 367 Boylston street, Boston, a contract for the purchase of Keysort book loan cards in the amount of two thousand two hundred and forty-two dollars and ninety-one cents ($2,242.91)."

Inasmuch as the total cost for the cards will exceed one thousand dollars ($1,000), there is requested permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

MILTON E. LORD,
Director.

MAYOR'S OFFICE.
Public Celebrations.

BOSTON, May 25, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In connection with the 1955 Boston Art Festival to be held June 4 through the 19th, your authorization is respectfully requested to dispense with public advertising in the *City Record* and to enter into a contract with Martha Graham & Company to provide for the presentation of a concert of the modern dance at the Public Garden on the evenings of June 10 and 11. The cost for the services of this artist will be $2,000.

Martha Graham has long been acclaimed as one of the foremost exponents of the modern dance. She studied in her early years with both Ruth St. Denis and Ted Shawn. Also, later she was a teacher of dancing at the renowned Eastman School of Music in Rochester. Miss Graham has created well over one hundred dances extending from solos to complete modern dance theater compositions. Further, this artist has appeared with the Cleveland and the Philadelphia Symphony orchestras, conducted by Charles Weidman and Leopold Stokowski, respectively.

In view of the highly artistic nature of the services involved, it is my opinion that nothing would be gained by public advertising for these services.

Respectfully yours,

JOHN D. BROWN,
Director of Public Celebrations.

—

BOSTON, May 25, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

It is my purpose, subject to your approval, to dispense with publicly inviting bids and to engage the services of New England Opera Theatre, Inc., 160 Boylston street, Boston, Mass., under the very able direction of Boris Goldofsky, by written contract, to present the world premiere, in English, of the opera "Don Pasquale," by Donizetti, on the evenings of June 4, 5, and 6, at the Public Garden in connection with the 1955 Boston Arts Festival. The cost for the services of the contractor is $2,750.

This opera company which has evolved from the student company of the Berkshire Music Center annually gives several productions in this city as well as giving a performance in five or six other New England cities. All of the company's offerings have been enthusiastically received by critics and the public alike. In 1947 this opera company rendered the first public performance in the United States of Mozart's *Idomeneo*.

In the light of the foregoing, the modest costs involved, and the very special nature of the services to be rendered, it is not felt that public advertising would be of any avail to the City of Boston in the present instance.

Respectfully yours,

JOHN D. BROWN,
Director of Public Celebrations.

—

BOSTON, May 26, 1955.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In conjunction with numerous other activities to take place in this city in public celebration of June 17, Bunker Hill Day, I respectfully request your authorization to dispense with public advertising and to award a contract to Fitzpatrick Brothers, Inc., caterers, 342 Pearl street, Malden, Mass., in an amount not to exceed $1,850, providing for the preparation, furnishing, and delivery on June 17 of ham sandwiches, hot coffee, brick ice cream, cake and macaroons, together with appropriate paper plates, spoons, cups, and napkins, to various organizations and locations as designated and apportioned in the following:

David Cleary Chapter 109, D.A.V., $150.
Charlestown Chapter 71, D.A.V., $150.
Walter W. Lacey Post, Amvets, $150.
Col. Bogan Camp, Spanish War Veterans, $150.
Charlestown Post 544, V.F.W., $150.
Army-Navy Union, Bunker Hill Garrison 1775, $150.
Knights of Columbus, $250.
American Legion, Bunker Hill Post, $250.
Chief Marshal John Lowney, $100.
Daniel J. Foley, committee, $100.
William Flynn, committee, $100.
James Kelly, committee, $150.
Total, $1,850.

This contractor has successfully demonstrated on a number of prior occasions that he has the ability, experience, and all the facilities at hand required to properly and satisfactorily carry out such an assignment. In addition, since the prices for the aforespecified commodities are uniform, it is not considered that advantage would be gained by the city as a result of a public advertisement for bids for these services.

As was the case throughout the course of last year's public celebration of June 17, tickets of admission will not be required.

Respectfully yours,

MARTIN J. RYAN,
Director of Public Celebrations.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Rossano Construction Company, Inc., for modernization of toilet facilities at the Abraham Lincoln School, from May 13, 1955, to June 16, 1955. This extension was requested because of a delay in getting materials.

—

Approval has been given for an extension of time for the completion of the contract with L. J. Banda for modernization of toilet facilities at the Boston Public Latin School, from May 31, 1955, to June 30, 1955. This extension was requested because of a delay in obtaining materials for flooring.

HOSPITAL DEPARTMENT.

Sanatorium Division.

It is agreed that the words "ninety (90) calendar days" appearing in the contract between the City of Boston and Brisk Waterproofing Company, Inc., for pointing and waterproofing work on the nurses' home at the Sanatorium Division of the Boston City Hospital, dated December 29, 1954, be stricken out and the word and figures "June 30, 1955," be substituted in their place.

—

It is agreed that the word and figures "February 15, 1955," appearing in the contract between the City of Boston and John F. Shea Company, Inc., for repairing roofs at the Sanatorium Division of the Boston City Hospital, dated November 10, 1954, as subsequently amended, be stricken out and the word and figures "September 15, 1955," be substituted in their place.

—

It is agreed that the words "sixty (60) calendar days" appearing in the contract between the City of Boston and J. W. Gately Sons for replacing awnings damaged by hurricane at the Sanatorium Division of the Boston City Hospital, dated December 15, 1954, be stricken out and the word and figures "May 31, 1955," be substituted in their place.

PARKS AND RECREATION DEPARTMENT.

John McCourt Company has been granted an extension of time until July 1, 1955, for the completion of the contract for constructing bituminous concrete walks in the Public Garden.

John M. Gray has been granted an extension of time until June 15, 1955, for the completion of Article 13, of the contract, for architectural services for constructing a new laundry building and to alter the bathhouse, Dover street, Boston.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with the General Ship and Engine Works, Inc., 336 Border street, East Boston, for welding repairs to draw span of the Summer Street Bridge, over Reserved Channel, and Charlestown Bridge, over Charles River, from May 20, 1955, to June 1, 1955. This extension was requested because it was necessary to have the contractor make repairs not originally anticipated.

—

Approval has been given for an extension of time for the completion of the contract with Joseph Amara & Son, 706 Hyde Park avenue, Roslindale, for sheet asphalt pavement in Falmouth street, Norway street, and St. Paul street, from May 21, 1955, to June 30, 1955. This extension was requested because the contractor was delayed by inclement weather during the period between the signing of the contract and the original specified completion date.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, occasioned by roadway construction in Cummins Highway, for a period estimated to be two (2) weeks, vehicles are excluded from the following street, effective May 27, 1955:

Canterbury Street, West Roxbury.
From Clare avenue to Cummins Highway.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Nicholas Karaglanes, 46 Princeton street, East Boston, in the sum of $363, as compensation for personal injuries caused by a broken piece of curbstone on Marion street, corner of Saratoga street, January 12, 1953.

Thomas F. Keating, Jr., 11 Phillips street, Boston, in the sum of $31, as compensation for damage to automobile caused by a hole in the highway opposite 52 Boylston street, Jamaica Plain, December 24, 1954.

George M. Karp, 59 Beaumont street, Dorchester, in the sum of $315, as compensation for damage to property in basement of above premises caused by the backing up of a sewer during the month of November, 1954.

Gladys Meehan, 70 Crest street, West Roxbury, in the sum of $125, as compensation for damage to property stored in cellar of above premises caused by the backing up of a sewer, June 24, 1954.

Francis J. Doyle, 15 Olmstead street, Jamaica Plain, to be reimbursed in the sum of $460, as expense incurred in hiring a contractor to excavate on his premises in order to locate the source of water which was entering a building owned by him at 12 Pond street, Jamaica Plain, the leak later being found outside the sidewalk on city property, June 15, 1954.

CIVIL SERVICE EXAMINATIONS.

AMENDMENT OF NOTICE.

MEDICAL SOCIAL WORKER, JUNE 29, 1955.

Last date for filing applications, Wednesday, June 8, 1955.

This examination is held to establish eligible lists for the classification of medical social worker for local welfare departments in the larger municipalities of the Commonwealth. Certification will be made first from the eligible list of persons with domicile in the municipality. If no such list exists, certification will be made from the eligible list of persons with domicile in the Public Assistance District in which the municipality is located.

AMENDMENT.

The following information is in addition to that given in the original examination announcement, which was issued on May 11, 1955:

POLICE DEPARTMENT ORDERS.

General Order No. 2,050.

Acting under provisions of chapter 521, Acts of 1922, as amended, and in conformity with General Laws, chapter 32, section 94 (Heart Bill), the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officer, effective at the close of business, Tuesday, May 31, 1955.

In view of this operation of law, after May 31, 1955, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Francis J. Kelly, Division 6.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 2,051.

The resignation of Patrolman James J. Baggett of Division 14 having been presented, it is hereby accepted, to take effect on Wednesday, June 1, 1955, at 7.45 o'clock A.M., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 2,052.

The resignation of Patrolman Francis M. Hoey of Division 16 having been presented, it is hereby accepted, to take effect on Tuesday, May 31, 1955, at 5.45 o'clock P.M., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

Special Order No. 37.

May 27, 1955.

From: The Chief of Department.
To: Deputy Fire Chiefs, Divisions 1, 2.

I. SUBJECT: NEW REQUIREMENTS ON RANGE AND/OR SPACE HEATERS.

Circulars are being distributed to all districts relative to the requirement of an antiflooding device on new range and/or space heaters installed on or after June 1, 1955.

At the present time, two valves have been approved for use, *i.e.*, the Glidden Safe-T-Flow Valve, manufactured by Worcester Taper Pin Company, and the A-P Controls Valve, Model 255A, manufactured by the A-P Controls Corporation, Milwaukee, Wisconsin.

It is expected that other valves will be available in the near future. When they are, the department will be notified.

Copies of the notice to installers are available on request to Oil Burner Inspector James McPherson, Fire Prevention Division. The effective date should read June 1, 1955, instead of March 1, 1955.

II. SUBJECT: MEMORIAL DAY.

The Band and Color Guard will take part in Memorial Day exercises on Monday, May 30, 1955. Members shall report to Acting Band Manager Joseph Schein in Hyde square, Jamaica Plain, at 9 A.M. Members on the previous night tour of duty will be excused at 6 A.M., members will be excused from the day tour of duty on the 30th.

III. SUBJECT: IN-SERVICE INSPECTION NOTICES.

Accompanying this order, small printed notification slips are being furnished to the department today. These slips are self-explanatory. They are to be left at dwellings where occupants fail to answer the door bell, and it is not possible to enter and inspect.

A record shall be kept by the company officer of all dwellings where notification slips are left, and an effort should be made to inspect such dwellings at a later date.

Deputy Fire Chiefs shall distribute the slips to the various districts in their divisions.

IV. SUBJECT: ANNUAL SUPPLY OF HOUSE JOURNALS.

The annual supply of house journals will be delivered to the various houses of the department during the week of May 30, 1955.

The officer in charge of each house at the time of delivery is requested to sign the receipt given him by the messenger, acknowledging receipt of the journals.

By order of JOHN V. STAPLETON,
Chief of Department.

NO AMENDMENTS TO COMPENSATION PLAN FOR SUFFOLK COUNTY EMPLOYEES UNTIL SURVEY NOW IN PROGRESS IS COMPLETED—MAYOR HYNES SENDS INFORMATION ON MATTER TO CITY COUNCIL.

The following correspondence has gone forward from the office of the Mayor:

To the City Council.

GENTLEMEN:

In response to the City Council order dated May 23, 1955, concerning the proposed amendment for the officers of Suffolk County Jail, I send you herewith a communication from the Supervisor of Personnel in which it is stated that no amendments to the Compensation Plan should be made until a complete survey is made of the county employees' situation.

Respectfully,

J. B. HYNES, *Mayor.*

—

DEAR SIR:

Council order dated May 23, 1955, requesting the Mayor to take immediate steps to amend the Compensation Plan for officers of Suffolk County Jail by

MAYOR JOHN B. HYNES PAYS HIGH AND REVERENT TRIBUTE TO VETERANS OF FOREIGN WARS—DELIVERS MEMORIAL DAY ADDRESS AT CEDAR GROVE CEMETERY DURING EXERCISES UNDER AUSPICES OF LOWER MILLS POST 8699.

The following are the remarks of his Honor the Mayor, John B. Hynes, at the Memorial Day exercises, May 29, 1955, before the Lower Mills Post 8699, V.F.W., at Cedar Grove Cemetery:

It is a great honor to participate in the memorial exercises under the auspices of the Dorchester Lower Mills Post of the Veterans of Foreign Wars.

Today we re-enact a scene which has been traditional for almost one hundred years in our land, and today, in thousands of resting places throughout our country, we fittingly pay reverent homage to all those who marched beneath the emblem of the free — and who now, please God, are happy in the Valhalla of the brave.

Memorial Day is a day of recollection and recapitulation; a day when the stark realities of life — and death — stand out boldly and clearly; a day when we bridge the chasm between the past and the present and set our sights on the future.

It is a day when the lessons we have learned at the cost of suffering and sacrifice and bloodshed should be re-examined. To do this in a few brief minutes is obviously impossible. Let it suffice for me to state that, even though we have taken up arms on seven occasions, we are not a warlike people or nation.

Never Fought for Material Gain.

Never once have we borne arms for material gain — never once have we sought to dominate, subjugate, or enslave any other nation.

On each occasion when we have taken up arms we have fought to protect and to preserve the God-given rights of man. By every rule of good behavior among nations, by every rule of international law, we should be recognized for what we are — a nation of peaceful-minded people, with no lurking ambition to deprive other people of their substance, with no thought of inflicting our will upon any other people or any other nation.

We must recognize, however, that there are nations in this world —a world getting ever smaller — which are openly antagonistic to the principles upon which our country is founded, and these nations and their satellites would like nothing better than to see the United States of America fall of its own weight. And this is the threat, the danger, and the remote possibility that faces you and me today.

No Reason to Fear.

We can meet attack by attack. We can meet power with power; and strength with strength. We have no reason to fear the rattling of the sword by any other nation or empire.

(Continued on page 704.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

NO AMENDMENTS TO COMPENSATION PLAN PENDING SURVEY.

(Continued from page 701.)

changing the grade of the officers and officers with specialties by two compensation grades, is returned herewith.

Under dates of November 2, 1954, and November 29, 1954, in response to orders passed by the City Council amending the County Compensation Plan to increase the salary grades of jail officers and correction officers, I submitted reports, in accordance with the provisions of the statutes, to the City Council stating that it was my opinion that a survey should be made of the duties and responsibilities of the officers in question before any recommendations were approved increasing the grade.

The Council, nevertheless, passed these orders and submitted them to the Mayor, who vetoed them, using as his reason practically the same basis as contained in my reports to the City Council. The survey has been completed, and the results indicate that an increase of two compensation grades is not justified. The survey also disclosed other conditions which would indicate that any change in the compensation of these officers would probably disrupt the existing proportion between other positions in the County of Suffolk.

It has been decided, therefore, that a survey should be made of all other positions included in the Classification and Compensation Plans for the Officers and Employees of Suffolk County. It is intended to start this survey immediately, so that it may be completed as soon as possible. In my opinion, therefore, I believe that no amendments should be made to the Compensation Plan for Suffolk County until this survey has been completed.

Very truly yours,

JOHN A. SULLIVAN,
Supervisor of Personnel.

MAYOR HYNES MEMORIAL DAY ADDRESS.

(Continued from page 701.)

We do have reason to be concerned, however, with our own state of mind, and with the growing tendency in our land to avoid armed conflict at any price—even to the extent of attempting to appease those who will never be appeased until and unless we throw up the sponge, and thusly become traitors to our heritage and traitors to those whose memories we revere on this Memorial Day.

There is a plague sweeping the world today—not the kind of plague of olden days, which destroyed the bone and sinew of men and snuffed out their lives. The modern-day plague is more subtle—but far more deadly—for it seeks to destroy the soul of all humanity. It seeks to destroy our ideals, our adherence to principle, our love of individual freedom. It seeks to drive from our hearts any devotion to the God who created man and all things.

This is the pernicious, insidious philosophy of materialism, paganism, atheism. This is the modern-day fifth column, the modern-day Trojan horse, the modern-day plague that can bring America to its knees far more effectively than a frontal attack by armed might.

GREATEST DANGER WITHIN.

And so, my friends, I leave this thought with you on this day of poignant and touching memory. The greatest danger to our land stems from within our land itself. If we are going to join that growing cult whose God is materialism, if we are going to give obeisance and worship to the golden calf; if we are going to be lulled into a state of narcotic stupor because of the false doctrine that happiness through material gains and paganistic pleasures is all that matters—then we are subject to every appeasement wind that blows and, worse still, we are digging a grave for this great civilization of ours which so many who have gone before have died to preserve.

Let us then, and especially on this day of wholesome memory, resolve that we shall not let the powerful, poisonous plague of atheism, with its twin counterparts, materialism and paganism, find root in our hearts, or in the soil of our land.

America the beautiful will always be America the beautiful if we, and those who follow us, will but remember that no nation can long live, and no people can long prosper, when the golden calf takes the place of God Himself in the altars of our hearts.

Since the very birth of our nation we have acknowledged the supremacy of God and we have accepted His precepts and His laws as higher and more binding than man-made laws. If we have the same faith as our forefathers, and if we, too, steer clear of the false philosophies that sap our strength and weaken our national character, we shall be doing our part, in our day and in our generation, to make our country in the days and generations to come the great, lasting home of freedom and liberty and justice, for which the men we pay homage to today were willing to suffer and die.

May God in His infinite justice be merciful to all our departed brothers.
